The Twentieth Century Magazine 1912

the twentieth century world 1914 to the present introduces students to five distinct historical themes in 20th century history politics economics religion technology and the environment each of these themes is set in a social and cultural history framework that emphasizes the commonalities and diversity in human experiences throughout the recent era this is a genuinely global textbook that takes a non nationalistic approach to history and attempts to avoid marginalising the role of non western actors and societies john corbally explores the connections interactions and exploitations of global resources and peoples that were part and parcel of 20th century history economically the book shows how people were connected by the spread of global capitalism and communism it explores the spread of traditional religions and philosophies all over the globe as well as looking at secular challenges it also considers how technology reached further into people s lives ideal for undergraduate level students of 20th century history this is a book that offers a balanced multi perspective approach to recent global history helping the 21st century student understand today s world and interrogate commonly held assumptions about its history

The Twentieth Century 1983-01-01

taking their cue from rosa luxemburg s prediction that this would be the century of socialism or barbarism the contributors to this book address key questions for historians of the 20th century demonstrating that the last 100 years have witnessed an uneasy combination of reaction and reform

World History in the Twentieth Century [by] R.D. Cornwell 1969

from this major author comes a totally unique history of the twentieth century eschewing the traditional model for histories of this kind blow by blow political narratives typically overloaded with detail jeremy black offers us instead a brilliant thematic account of the last 100 years with the environment and the continuing strength of religious belief at its centre looking back to the 1910s and 1920s black begins with the greatest issue of all the natural environment and its destruction and moves to show how our world been transformed by urbanisation and development amazing developments took place across the century men walked on the moon the internet revolutionised communications advances in health and medicine developments in manufacturing and technology economic globalization all have changed the way different parts of the world related to each other how have these revolutionary changes impacted on religion and politics in the final sections of the book black looks at the persistence and growing extremism in religious belief how change creates instability and wars and how power blocs emerged and collapsed in response to all these developments this is

twentieth century world history on a truly global scale the twentieth century world forces us to rethink the way we view the past and offers us a new way to understand the present

Sources of Twentieth-century Global History 2002

reprint of the original first published in 1881
