Politica a 5 stelle 2013-02-20T00:00:00+01:00

il nuovo volto dell'antipolitica l'unica speranza di cambiare l'Italia la boutade di un comico un insieme di persone serie e oneste unite dalla rete cos'è davvero il movimento 5 stelle

***Il perché di una vittoria. Il Movimento 5 Stelle* 2013-02-26**

il movimento 5 stelle il trionfatore delle elezioni del 24 e 25 febbraio 2013 è la prima vera rivoluzione scoppiata in Italia a memoria d'uomo una rivoluzione partita dal basso che ha portato a risultati impensabili senza far uso dei mezzi canonici stampa e televisione ma creando una connessione modernissima tra piazza e internet È questa la storia del movimento 5 stelle dei suoi tanti protagonisti persone presenti alla camera e al senato che magari non abbiamo ancora imparato a conoscere ma che presto saranno centrali per la nostra politica un clamoroso successo basato sul passaparola sulle idee non sui nomi sui programmi elettorali non sulle vecchie logiche di partito sulla voglia di cambiamento non sulla stanca e pigra consuetudine di lasciare sempre le cose come stanno alternando la storia del movimento dei cosiddetti grillini da quando erano semplicemente dei lettori del blog di Beppe Grillo fino a oggi realtà affermata con la quale tutti dobbiamo fare i conti alla cronaca di questo crescendo wagneriano che è stata l'ultima campagna elettorale per scoprire e analizzare una vittoria che è la fotografia di quello che con ogni probabilità sarà tanto l'inizio della terza repubblica quanto l'affermarsi di una repubblica differente

***Gli attivisti del Movimento 5 Stelle. Dal web al territorio* 2015-05-25**

una svolta fondamentale promossa dal movimento 5 stelle è stato il ritorno alla partecipazione attiva degli iscritti a una formazione politica il movimento è riuscito a coinvolgere nella vita politica molte persone utilizzando in modo innovativo sia il

Parma: 5 anni a 5 stelle? 2018-11-28

nel 2012 federico pizzarotti fu eletto sindaco di parma con lui per la prima volta il movimento 5 stelle arrivò al governo di un importante capoluogo di provincia e aprì la strada che l'avrebbe portato ad affermarsi come primo partito nazionale nelle politiche 2013 anche se i rapporti tra pizzarotti e il movimento si sono recentemente rotti l'esperienza di parma resta centrale il volume di morini e lanzone segue l'evoluzione dell'amministrazione pentastellata attraverso l'analisi delle politiche adottate e un'ampia serie di interviste ai portatori di interessi uno studio di caso prezioso per comprendere impatto e peculiarità di un'esperienza amministrativa che almeno mediaticamente ha fatto da spartiacque nella vita politica italiana dalla quarta di copertina con l'elezione di pizzarotti parma diventò il primo capoluogo amministrato dal m5s grillo la definì stalingrado d'italia salvo poi rompere i rapporti col sindaco ciò nonostante l'esperienza parmigiana resta centrale per capire l'evoluzione del movimento morini e lanzone ripercorrono la rivoluzione normale attraverso l'analisi delle politiche adottate e un'ampia serie di interviste ai principali protagonisti

Movement Parties Against Austerity 2017-04-21

the ascendance of austerity policies and the protests they have generated have had a deep impact on the shape of contemporary politics the stunning electoral successes of syriza in greece podemos in spain and the movimento 5 stelle m5s in italy alongside the quest for a more radical left in countries such as the uk and the us bear witness to a new wave of parties that draws inspiration and strength from social movements the rise of movement parties challenges simplistic expectations of a growing separation between institutional and contentious politics and the decline of the left their return demands attention as a way of understanding both contemporary socio political dynamics and the fundamentals of political parties and representation bridging social movement and party politics studies within a broad concern with democratic theories this volume presents new empirical evidence and conceptual insight into these topical socio political phenomena within a cross national comparative perspective

Southern European Challenger Parties against the Mainstream 2023-07-18

this book focuses on the rise of new challenger parties and the magnitude of their impact on political systems and the existing political order in southern europe in the aftermath of the great recession examining podemos spain syriza greece and m5s italy it highlights the differences and commonalities between them and their voters the book reveals whether these parties were effectively able to change the status quo represented by mainstream parties and secondly whether they created novel organizational structures capable of bringing the people in that is of re mobilizing disenfranchised voters and of re inventing the concept of participation within the political party this book

will be of key interest to scholars and students of party politics representation leadership political elites public opinion populism and more broadly to comparative politics european studies and contemporary european history

Cucina a 5 stelle 2005

la movimentista racconta la storia di un gruppo di persone che avevano un sogno e forse ancora ce l'hanno quello di cambiare l'Italia partendo dagli ormai storici meetup che a torino venne chiamato meetup13 fino ad arrivare alla nascita del movimento 5 stelle il libro fa un excursus sulle loro esperienze aspettative e speranze ma affronta anche le sue zone d'ombra e le scorrettezze di alcuni che con il loro comportamento hanno tradito il vero significato della politica dal basso il famoso motto di Beppe Grillo uno vale uno non vale per tutti infatti è stato disatteso e calpestato da alcuni che pur di fare trionfare la loro voglia di carrierismo hanno ordito una trama a danno di altri e però anche la storia di una crescita personale e di che cosa significhi diventare delle persone consapevoli dei loro diritti dei loro doveri delle problematiche territoriali e che il cambiamento deve prima partire da noi stessi

La Movimentista 2014-05-19

this book is an extensive investigation of the complexities ambiguities and shortcomings of contemporary digital activism the author deconstructs the reductionism of the literature on social movements and communication proposing a new conceptual vocabulary based on practices ecologies imaginaries and algorithms to account for the communicative complexity of protest movements drawing on extensive fieldwork on social movements collectives and political parties in Spain Italy and Mexico this book disentangles the hybrid nature of contemporary activism it shows how activists operate merging the physical and the digital the human and the non human the old and the new the internal and the external the corporate and the alternative the author illustrates the ambivalent character of contemporary digital activism demonstrating that media imaginaries can be either used to conceal authoritarianism or to reimagine democracy the book looks at both sides of algorithmic power shedding light on strategies of repression and propaganda and scrutinizing manifestations of algorithms as appropriation and resistance the author analyses the way in which digital activism is not an immediate solution to intricate political problems and argues that it can only be effective when a set of favourable social political and cultural conditions align assessing whether digital activism can generate and sustain long term processes of social and political change this book will be of interest to students and scholars researching radical politics social movements digital activism political participation and current affairs more generally

Hybrid Media Activism 2018-12-07

this book examines the waves of protest that broke out in the 2010s as the collective actions of self organized publics drawing on theories of publics counter publics and developing an analytical framework that allows the comparison of different country cases this volume explores the transformation from spontaneous demonstrations driven by civic outrage against injustice to more institutionalized forms of protest presenting comparative research and case studies on e g the portuguese generation in trouble the arab spring in northern africa or occupy wall street in the usa the authors explore how protest publics emerge and evolve in very different ways from creating many small citizen groups focused on particular projects to more articulated political agendas for both state and society these protest publics have provoked and legitimized concrete socio political changes altering the balance of power in specific political spaces and in some cases generating profound moments of instability that can lead both to revolutions and to peaceful transformations of political institutions the authors argue that this recent wave of protests is driven by a new type of social actor self organized publics in some cases these protest publics can lead to democratic reform and redistributive policies while in others they can produce destabilization ethnic and nationalist populism and authoritarianism this book will help readers to better understand how seemingly spontaneous public events and protests evolve into meaningful well structured collective action and come to shape political processes in diverse regions of the globe

Protest Publics 2019-05-10

recent elections in the advanced western democracies have undermined the basic foundations of political systems that had previously beaten back all challenges from both the left and the right the election of donald trump to the u s presidency only months after the united kingdom voted to leave the european union signaled a dramatic shift in the politics of the rich democracies in anti system politics jonathan hopkin traces the evolution of this shift and argues that it is a long term result of abandoning the post war model of egalitarian capitalism in the 1970s that shift entailed weakening the democratic process in favor of an opaque technocratic form of governance that allows voters little opportunity to influence policy with the financial crisis of the late 2000s these arrangements became unsustainable as incumbent politicians were unable to provide solutions to economic hardship electorates demanded change and it had to come from outside the system using a comparative approach hopkin explains why different kinds of anti system politics emerge in different countries and how political and economic factors impact the degree of electoral instability that emerges finally he discusses the implications of these changes arguing that the only way for mainstream political forces to survive is for them to embrace a more activist role for government in protecting societies from economic turbulence a historically grounded analysis of arguably the most important global political phenomenon at present anti system politics illuminates how and why the world seems upside down

Anti-System Politics 2020-02-28

in 2009 Beppe Grillo, a well-known Italian comedian, established the Five Star Movement with the aim of sending a handful of citizens to municipal councils to act as the watchdog of a professional political class often perceived as corrupt and self-interested. However, in the Italian general elections of February 2013, despite still largely being considered a small protest movement, the party gained the undisputed role of leading political actor, gaining just under 9 million votes and sending 163 deputies and senators to the Italian Parliament. The birth and rapid rise of the Five Star Movement represents an electoral earthquake with no parallels in Italy and the whole of post-1945 Western Europe, and a phenomenon likely to shape the Italian political scene for many years to come. Drawing on an extensive array of data and face-to-face interviews, this volume offers an empirically grounded explanation of the surprising electoral success of the Five Star Movement and presents a realistic picture of this party in its manifold aspects: organisational structure, communication style, linkages with civil society, ideological nature, and positioning in the Italian political system.

Beppe Grillo's Five Star Movement 2016-03-09

This book represents a significant contribution to the discussion on the part played by communication, especially in its mediated forms, in people's lives, dwelling on the nature of the relationship between the notion of power and the media in current Western societies. The media have dramatically increased their capacity to exercise their symbolic force over other fields of cultural production by partly structuring those intrinsic rules, values, and practices that organize, for example, the political system or the academic world. From the inside, on the other hand, the media are intertwined environments subjected to the influence of other cultural, economic, and political forces, which in turn reveal themselves to be capable of framing reality through the media themselves, particularly focusing on the topic of the economic crisis. The various chapters of this edited volume highlight how the relationship between the media and other forces capable of pervasively exercising their power appears to be paradoxically as strict as it is opaque. Social media and smart mobile technologies have increasingly affected the modalities whereby other institutions and organizations reflect on themselves and develop their worldviews. At the same time, however, politics and economics experts and strategists have all learned how to exploit this potential for their own purposes. Detecting the opacity that characterizes this form of exploitation is the first step in the acknowledgment of this phenomenon.

Power and Communication 2015-10-05

Political science research, especially in recent times, has recognized the centrality of party and executive leaders and their individual characteristics. The attention has been mostly directed towards individual leadership; however, one chief leadership is not the only existing

model of party governance and some recent developments seem to have put forms of collective leadership into the spotlight two parties that have recently achieved remarkable electoral results the italian five star movement and the german alliance 90 the greens can be considered examples of alternative models of leadership this book calls for a deep and systematic analysis of cases of parties in which powers and responsibilities appear to be shared among different individuals rather than being concentrated in the hands of just one leader drawing on the literature of organization and management theory the book fills a gap in the literature of political science by developing a theoretical framework that may provide researchers with the tools for proceeding with the analysis of cases of party collective leadership to illustrate their approach the authors have selected three cases the german greens alternative for germany and the five star movement in italy that show significant variation across types of collective leadership the outcome of the empirical analysis contributes to a better knowledge of the nature and functioning of party leadership as well as raises questions that could be further addressed in future research

Collective Leadership and Divided Power in West European Parties 2021-06-12

both in greece in 2012 and italy in 2013 it took two elections to form a government a repeat parliamentary contest was required in greece and the unprecedented re election of the outgoing president of the republic in italy before a cabinet could be formed against a background of economic crisis and national austerity both countries experienced protest elections in which the overriding concern for an unusually large proportion of voters was not to choose a government but to express dissent the outcome included record breaking electoral volatility the decline of bipolarism the startling rise of challenger parties and the transformation of national patterns of government formation including experiments with grand coalitions and technocrat led cabinets these developments sent shock waves through europe and beyond suggesting southern europe might be drifting towards ungovernability the volume offers analyses of the key electoral contests at the parliamentary presidential and local government levels complemented by special studies of two key challenger parties beppe grillo s five star movement in italy and golden dawn in greece an introductory comparative overview traces the process of convergence between the political systems of italy and greece which appears to have been triggered by the economic crisis this book was published as a special issue of south european society and politics

Protest Elections and Challenger Parties 2016-04-14

this book provides a comprehensive interpretation of the multiple manifestations of populism using italy the only country amongst consolidated constitutional democracies in which populist political forces have been in government on various occasions since the early 1990s as the starting point and benchmark populism is a complex multi faceted political phenomenon which redefines many of the essential characteristics of democracy participation representation and political conflict this book considers contemporary versions of populism that pose a real challenge to representative and constitutional democracy contributors provide an integrative interpretation of

populism and analyse its principal historical social and politico legal variables to provide a multi dimensional reflection on the concept of populism comprehensive analysis of the populist phenomenon and a theoretical and comparative perspective on the diverse political experiences of populism based on conceptual and interdisciplinary reflections from expert authors this book will be of great interest to scholars and post graduate students of cultural studies european studies political sociology political science comparative politics political philosophy and political theory with an interest in a comparative and interdisciplinary theory of populism and its manifestations

Multiple Populisms 2019-09-17

from the creator of hit podcast the missing cryptoqueen thoughtful and intelligent observer inside the anti political revolt that gave us brexit and trump evening standard fascinating excellent literary review must read a radical odyssey daily mail in the last few years the world has changed in unexpected ways the power of radical ideas and groups is growing what was once considered extreme is now the mainstream but what is life like on the political fringes what is the real power of radicals radicals is an exploration of the individuals groups and movements who are rejecting the way we live now and attempting to find alternatives in it jamie bartlett one of the world s leading thinkers on radical politics and technology takes us inside the strange and exciting worlds of the innovators disruptors idealists and extremists who think society is broken and believe they know how to fix it from dawn raids into open mines to the darkest recesses of the internet radicals introduces us to some of the most secretive and influential movements today techno futurists questing for immortality far right groups seeking to close borders militant environmentalists striving to save the planet s natural reserves by any means possible libertarian movements founding new countries autonomous cooperatives in self sustaining micro societies and psychedelic pioneers attempting to heal society with the help of powerful hallucinogens as well as providing a fascinating glimpse at the people and ideas driving these groups radicals also presents a startling argument radicals are not only the symptoms of a deep unrest within the world today but might also offer the most plausible models for our future

Radicals 2017-05-18

il movimento 5 stelle è pronto a prendersi una grossa fetta del parlamento italiano nato sul blog di un comico è diventato una delle forze politiche più importanti del nostro paese ma come è stato possibile questo successo incredibile e velocissimo grillo e casaleggio richiamano sempre la forza della rete internet per loro è una sorta di divinità alla quale affidarsi per risolvere ogni problema e sostituire la classe politica italiana con un network di cittadini connessi ma davvero la rete ha queste capacità taumaturgiche federico mello spiega come in realtà questa si presta ad abusi e manomissioni e come grillo e casaleggio abbiano usato a piene mani tecniche manipolatorie per creare un movimento che pur rifacendosi alla retorica della democrazia diretta risulta invece chiuso e rigidamente verticale più attento agli interessi egemonici della casaleggio associati che interessato a cambiare in meglio il paese e a dare una possibilità di rappresentanza ai

cittadini questo libro non è solo il racconto di un protagonista della vita pubblica italiana ma anche un case study su progetti politici che proliferano tra le maglie di internet le cui emulazioni nel futuro saranno certamente numerose se il xxi secolo è il secolo della rete è importante cominciare ad attrezzarsi per poterlo affrontare al meglio federico mello leccese classe 1977 è un giornalista tra i maggiori esperti dei rapporti tra internet e politica in italia è nato come blogger poi ha lavorato ad annozero il fatto quotidiano e pubblico questo è il suo quarto libro dopo I italia spiegata a mio nonno mondadori viola aliberti e steve jobs affamati e folli aliberti su twitter è fedemello

Movimento 5 Stelle: e ora? 2018

questo libro è adatto per ognuno che già è o che desidera diventare un hotel manager o direttore di successo chiunque opera in un hotel anche se non ha avuto un corso di formazione manageriale nel mondo alberghiero come ad esempio food beverage revenue management room division manager floor supervisor e così via troverà in quest opera non solo aggiornamenti su argomenti importanti che riguardano il suo lavoro ma anche sofisticate strategie su come riempire per 365 giorni l'anno il proprio albergo di ospiti le tecniche descritte in questo libro rivelano al direttore d'albergo come dirigere e gestire la sua azienda ottimamente come divenire la figura di punta responsabile dell'organizzazione della gestione e del coordinamento di tutta la struttura ricettiva per quanto riguarda le risorse economiche i servizi e il personale al direttore dell'hotel viene insegnato tra l'altro come dirigere sovrintendere e coordinare con ampi margini di autonomia operativa tutta l'attività dell'impresa alberghiera definendo e implementando le strategie aziendali e i piani di sviluppo le politiche finanziarie quelle commerciali e tariffarie inoltre come occuparsi dell'attività di comunicazione e marketing della struttura organizzare controllare e supervisionare il lavoro del personale assicurando l'erogazione del servizio tutto ciò nel rispetto degli standard di un'alta qualità oltre a ciò come gestire l'azienda alberghiera verificando costantemente il budget la contabilità e i risultati economici raggiunti applicando criteri di efficacia efficienza ed economicità e tanti altri trucchi per avere un hotel sempre sold out

Il lato oscuro delle stelle 2013-09-02

the objective of this edited volume is to provide an answer by examining the many faces of populism the unifying element across the different explorations of the phenomenon of populism is that there is a shared genus that allows for a typology of the different faces of populism and a demarcation of what is not a form of populism

HOTEL DA 1 A 7 STELLE - Professione direttore di successo 2016-10-20

in 2009 after seismic tremors struck the italian mountain town of l'aquila survivors were subjected to a second earthquake invasive media attention and a relief effort that left them in a state of suspended citizenship as they were forcibly resettled and had to envision a new

future in citizens without a city jan jonathan bock reveals how a disproportionate government response exacerbated survivors sense of crisis divided the local population and induced new types of political action italy s disenfranchising emergency reaction relocated citizens to camps and sites across a ruined townscape without a plan for restoration or return through grassroots politics arts and culture commemoration rituals architectural projects and legal avenues local people now sought to shape their hometown s recovery bock combines an analysis of the catastrophe s impact with insights into post disaster civic life urban heritage the politics of mourning and community fragmentation a fascinating read for anyone interested in urban culture disaster and politics citizens without a city illustrates how survivors battled to retain a sense of purpose and community after the I aquila earthquake

Many Faces of Populism 2014-09-04

febbraio 2013 elezioni il movimento 5 stelle irrompe nel parlamento la partitocrazia sembra finalmente cedere il cancro dei partiti però è duro a morire il presidente della repubblica dopo una rielezione tra la tragedia e la farsa impone l accordo tra berlusconi e la sinistra mentre un attacco mediatico senza precedenti nella storia del paese colpisce il movimento nasce il governo delle cosiddette larghe intese escludendo dall esecutivo la prima forza politica emersa dalle elezioni e il colpo di stato permanente a cui si aggiunge l attacco aperto alla costituzione quanto ancora reggerà il vecchio sistema dei partiti non lo sappiamo sappiamo solo che sono senza futuro e il m5s non darà tregua sia dentro che fuori il parlamento delle loro gesta si nutrono i figli delle stelle essi vivono della vittoria nello spirito si ricreano e la loro forza è la loro gioia
