Calendar of State Papers, Domestic Series, of the Reign of Charles II. 1897

the reign of elizabeth i was marked by change england finally became a protestant nation and england s relations with her neighbours were also changing in part because of religious controversies elizabeth s reign was also significant in terms of changing gender expectations and in terms of attitudes towards those considered different while a woman ruled others often at the bottom of the social scale were condemned as witches levin evaluates elizabeth and the significance of her reign both in the context of her age and our own examining the increasing cultural diversity of elizabethan england and the impact of the reign of an unmarried queen on gender expectations as well as exploring the more traditional themes of religion foreign policy plots and conspiracies levin s fresh perspective will be welcomed by students of this exceptional reign

From the reign of Edward IV. to the reign of Edward VI 1880

The Reign of William Rufus and the Accession of Henry the First 1882

set on a small ohio farm this moving unusual and accomplished multigenerational family saga is a norman rockwell painting gone bad as it explores grief motherhood and coming of age in middle america margaret atwood joan chase s subtle story of three generations of women negotiating lifetimes of joy and ruin deserves its place alongside such achievements as marilynne robinson s housekeeping and alice munro s lives of girls and women the queen of persia is not an exotic figure but a fierce ohio farmwife who presides over a household of daughters and granddaughters the novel tells their stories through the eyes of the youngest members of the family four cousins who spend summers on the farm for them both a life giving eden and the source of terrible discoveries about desire and loss the girls bicker and scrap they whisper secrets at bedtime and above all they observe the kinds of women their mothers are and wonder what kind of women they will become but always present is the family s great trauma the decline and eventual death from cancer of gram s daughter grace a powerful story about family ties and tensions during the reign of the queen of persia is also a book about place charting the transformation of the old hardscrabble midwest into the commercial wilderness of modern america

The Place of the Reign of Edward II in English History 1936

known as the anarchy the reign of stephen 1135 1141 saw england plunged into a civil war that illuminated the fatal flaw in the powerful norman monarchy that without clear rules ordering succession conflict between members of william the conqueror s family were inevitable but there was another problem too stephen himself with the nobility of england and normandy anxious about the prospect of a world without the tough love of the old king henry i stephen styled himself a political panacea promising strength without oppression as external threats and internal resistance to his rule accumulated it was a promise he was unable to keep unable to transcend his flawed claim to the throne and to make the transition from nobleman to king stephen s actions betrayed uneasiness in his role his royal voice never quite ringing true the resulting violence that spread throughout england was not or not only the work of bloodthirsty men on the make as watkins shows in this

resonant new portrait it arose because great men struggled to navigate a new and turbulent kind of politics that arose when the king was in eclipse

The Reign of Terror Historically and Biographically Treated 1846

this is a reproduction of the original artefact generally these books are created from careful scans of the original this allows us to preserve the book accurately and present it in the way the author intended since the original versions are generally quite old there may occasionally be certain imperfections within these reproductions we re happy to make these classics available again for future generations to enjoy

A History of the Reign of Queen Anne 2023-09-16

the reign of philip the fair marks both the culmination of the medieval french monarchy and the beginning of the transition from the medieval to the modern period in this long awaited study of philip s reign joseph r strayer discusses the king s personality his quarrels with the church and with neighboring rulers and his relations with his subjects he also examines developments in the french administrative system in studying the decision making process and the careers of hundreds of royal officials the author determines how increases in royal power and in the effectiveness and complexity of the administration were achieved he also considers how these changes affected the possessing classes and how philip made them acceptable or at least tolerable to the politically conscious segment of the population as professor strayer shows under philip the balance of loyalty swung away from the local authorities and the church universal and toward the secular sovergein state the central administration grew so strong and its efficiency so improved that it became the model for many other european states joseph r strayer retired from princeton university as dayton stockton professor of history in 1973 he is the author of numerous books and articles including on the medieval origins of the modern state and medieval statecraft and the perspectives of history both princeton books originally published in 1980 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

Martel Papers; Or, Life Scenes in the Reign of Terror 1867

the long awaited prequel to chronicles of the revolution covers the first twenty years 1377 97 of richard ii s reign this richly documented period offers exceptional opportunities and challenges to students and the editor has selected material from a wide range of sources well known english chronicles foreign chronicles and legal administrative and financial records these are arranged chronologically to form a coherent narrative of the reign clear and lively commentary and notes enable readers to make the fullest use of each document the introduction describes the complex domestic and international situation which confronted the young king and offers guidance on the strengths and weaknesses of the reign s leading chronicles the dramatic and diverse politics of the reign of richard ii make this the ideal special subject and an accessible affordable student friendly documentary history of richard ii s reign has long been needed this book is designed to fill that gap
