we have sahasranama stotrams on almost all the gods goddesses these verses are split into 1000 names and archana is performed to the concerned god when anybody hears the word sahasranama immediately sri vishnu sahasranama stotra will only first come to the mind sometimes may also be reminded of sri lalita sahasranama stotra when there are sahasranamam stotrams namavalis on every other god what is the specialty of these two sri vishnu sahasranama stotra is in the midst of an itihasam called mahabharata sri lalita sahasranamam stotra is the core within brahmanda puranam both these itihasam and puranam are written by sri veda vyasa vyāsa rūpāya visņave sri vishnu is in the form of vyasa hence the sahasranama stotras written by him naturally have glory but vyasa himself has written one more sahasranama stotra not so popular it is a part of sri devi bhagavatam sri gayatri sahasranama stotra the purana called sri devi bhagavatam contains 12 skandams in this text in the 12th skanda 7 chapters from 1 to 7 explain about goddess gayatri devi and describe her attributes and glories gayatri kavaca stotram is given in chapter 12 3 and gayatri hrudaya stotram is given in chapter 12 4 chapter 12 6 gives sri gayatri sahasranama stotram a very low profile not so popular sacred text since this sahasranamam is also written by same veda vyasa there is no doubt this is also powerful and has equal glory for proper understanding reading and comprehension it was started to provide meanings for the each of the names of sri gayatri sahasranama stotram but somehow the author was passioned and it ended up as commentary bhashyam of each of the names from the above commentaries it can be concluded that there is no difference between goddess gayatri lalita lord vishnu shiva and all all are equal all are the different forms of brahmam let us comprehend the meanings tattvas etc and get most benefit

this poem of thomas gray titled elegy written in a country churchyard is one of the beautiful poems in english literature the poet sees a country churchyard at sunset which impels him to meditate on the nature of human mortality he considers the fact that in death there is no difference between great and common people he feels that among the lowly people buried in the churchyard there might have been some natural poets like john milton or politicians like oliver cromwell just like some

rarest gems buried in the deep sea and the finest flowers spreading their fragrance in a forest these great people might not have been discovered at all this thought leads him to praise these dead unsophisticated poor villagers for the honest and simple lives that they lived the poem has been presented along with a brief annotation

to believe or not to believe you aren t the first to grapple with the question of belief in god the vast number of different religions already tell us that humans have been grasping at the divine from the very beginning this alone speaks to the existence of god all humans have an innate desire for something an emptiness that longs for fulfillment filling this void with worldly desires like riches power and sensual pleasures might distract you for a little while but it s ultimately unfulfilling it comes down to two choices first you can trust in human s limited knowledge of religions philosophies isms and many others that were made by humans looking for answers but this reasoning can only go so far because it starts with itself and ends with itself the second option is to lean not on your understanding but on god many skeptics equate trust in religion to a rejection of logic or reason but belief in god doesn t mean you aren t using sense seeking god can open your eyes and grant you wisdom psalm 119 18 proverbs 8 while there are many reasons to put your faith in god here are some compelling reasons we must believe god of tactics vs god of ethics focusing on the world s third largest religion followed by a one billion plus population it brings forth stories ideas and philosophies its societal formation culture and the main tenets of hindu philosophies dharma kama karma and moksha the author has not used this book to make a comparative study of other religions but rather focused on sanatan ideas only para brahma tattva god s particle higgs boson truth is found in his various manifestations that have been covered in simple leelas god s stories shiva and sri krishna are the two hindu gods being discussed here this book will help the younger generation across the globe to know their religion and heritage and is highly

recommended for reading by them their parents families and friends to understand space time matter and multiple universes concepts in sanatan dharma you must read this book in this 75th year of india s independence also called amrit kal this is the author s gift to the great nation of india also called bharat why so many gods who is supreme who should we pray to vedas define 33 koti category of gods which sanskrit to english language translations made this koti category to crore and started saying 33 crore devi and devtas it should be 33 categories the 33 categories of gods are calculated as eight vasus eleven rudras different forms of shiva twelve adityas different forms of vishnu one indra and one prajapati brahma this adds up to 33 the prism theory to understand why so many faiths and gods globally to make you understand better the author has formed a theory named the prism theory this is copyright of the author sharad mohan his interpretation of para brahma one god tattva satisfying various distinct manifestations and incarnations is used as an analogy to understand why sanatan dharma loosely referred to as hinduism has so many gods goddesses and how they are all the same eventually para brahma is like a white light falling on the prism puranas and then dividing it into seven distinct lights vibgyor v vishnu krishna i ishwar shiva b brahma g ganesh y youvanaakarayai adi shakti o omkar pranav guru karthikey or even others any deity any faith no faith r ravi surya now within these colors only three are primary colors 1 red rudra arupa solid state sadashiv 2 yellow parvati rupaarupa liquid state adi shakti and 3 blue nilesh swaarupa gaseous state sri krishna vishnu now when the vibgyor is passed through another inverted prism vedas it again becomes a single white light para brahma para brahma is a particle very similar to god s particle and from this hindus believe that their multiple gods manifestations incarnations avatar come from so primarily the same para brahma element but for different names the above theory can also apply to all the existing ism be it atheism rationalism sanatan dharma abrahamic religions or wokeism in addition it can fit into any other views that may come from the 8 4 million living organisms on this planet this is a lovely book for students non hindus sanatanis researchers politicians and business folks to know more about the only ancient living civilization country and its people india the emerging geo political important democracy already 5th largest economy in gdp terms the largest population of 1 45 billion folks and still believes in vasudhaiva kutumbakam meaning the entire world is one big family do read and share with friends and family author sharad mohan usa x sharadauthor
