How I Went from a Mobile Home to Where Moguls Roam

2023-08-28

anthony von mickle has been the absolute envy of many of his friends and colleagues for years as he travels to exotic locations lives in fabulous communities and enjoys the good life while they perpetually tell him i m trying to live vicariously through you these are by and large very capable degreed professionals with good jobs yet they still seem to fall short of where they ultimately want to be in life on the surface they easily point to a lack of money but von argues that while limited financial resources may be only part of the problem the bigger problem is limited insight and motivation coupled with a lack of belief that something out of this world can actually happen for them from the mobile home to where moguls is filled with examples of how the average ordinary person with no special training or fancy job title yet who has huge dreams can get going and make tremendous progress towards some right outlandish desires regardless of whether you grew up in a mobile home or you ve had the good fortune to be raised with all your basic needs and wants this book will make you reconsider how some things that seem far away may be a lot closer than you might otherwise think

When God went from Absolute Zero to 98.6

2018-01-15

this book presents my view of god and his relationship to what he created god is totally good and wants all people to turn from evil and live good lives putting their trust in his son jesus but making jesus lord and master of our lives does not provide immunity against what naturally happens in a world that has gone bad the evil one has a strong foothold on planet earth and causes trouble by getting his followers to make bad things happen to good people god s love for us is shown through his comforter who gathers us in his arms and carries us close to his heart god also shows his love by providing a place for us in his kingdom his son jesus will eventually reign over god himself causes some disasters to remind us not to store up treasures on earth we look upon birth defects crippling diseases painful mishaps and torture in concentration camps as god s way to let us see what happens to those cast into outer darkness where there is suffering with no sympathy or relief this book presents god as totally good and ready and willing to provide good things for us

From Headlines to Hard Times - I Went From Presenting The News to Sleeping Rough. This is The True Story of My Rise to the Top, My Demise and My Salvation

2010-11-04

in his heyday as a top television news broadcaster ed mitchell interviewed high profile politicians such as margaret thatcher john major and tony blair he commanded a six figure salary travelled the world and had a seemingly perfect family life but behind the scenes ed was battling the demons of alcohol and debt which led ultimately to his homelessness this is the astonishing true story of the newscaster who became known as the white collar tramp after he was sacked from his job at cnbc his life began to spiral ed s marriage collapsed and he was eventually declared bankrupt with nowhere to live no job and not a penny to his name he was forced

to sleep rough on a bench in brighton ed s story became headline news when a local reporter came across the astonishing tale of his dramatic fall from grace and within days ed was booked into europe s most famous rehab centre the priory in this stunningly candid book ed finally tells his whole true story he recalls hilarious anecdotes from his days as a news reporter and with searing honesty says i don t have any regrets i don t blame and i don t sit around whinging his story gives an honest insight into the kind of problems that affect so many people and ultimately offers hope

When Paris Went Dark

2014-08-05

the spellbinding and revealing chronicle of nazi occupied paris on june 14 1940 german tanks entered a silent and nearly deserted paris eight days later france accepted a humiliating defeat and foreign occupation subsequently an eerie sense of normalcy settled over the city of light many parisians keenly adapted themselves to the situation even allied themselves with their nazi overlords at the same time amidst this darkening gloom of german ruthlessness shortages and curfews a resistance arose parisians of all stripes jews immigrants adolescents communists rightists cultural icons such as colette de beauvoir camus and sartre as well as police officers teachers students and store owners rallied around a little known french military officer charles de gaulle when paris went dark evokes with stunning precision the detail of daily life in a city under occupation and the brave people who fought against the darkness relying on a range of resources memoirs diaries letters archives interviews personal histories flyers and posters fiction photographs film and historical studies rosbottom has forged a groundbreaking book that will forever influence how we understand those dark years in the city of light

The Devil Went Down To Austin

2013-12-03

pi tres navarre is planning on a quiet summer of academic teaching in austin but his peace is broken by the murder of his brother garrett s business partner a tech start up whizz kid whose death leaves garrett as the leading suspect something or rather someone sinister is at work as evil stalks the streets of austin and leads tres to hunt for secrets lurking at the bottom of a beautiful lake but the killer won t go down without a fight oozing with texan mystery the devil went down to austin is the fourth book in the multiple award winning suspense series by the internationally bestselling author of the percy jackson novels

We Went West

2023-01-25

about the book we went west civil war soldiers of the yakima valley highlights the life stories of a small portion of the more than two hundred civil war soldiers and their families who traveled west after the war and settled in the yakima valley the soldiers stories briefly touch on their lives prior to and during the war with more detailed information on their lives and accomplishments after settling in central washington the book is of interest to those who are civil war history lovers as well as central washington history it may also captivate those who are unaware of the vast impact that civil war soldiers had on the yakima valley or their accomplishments

the relevant message reminds readers that although the civil war occurred on the other side of the country its post impact and soldiers played a significant role in the historical development settlement and lives of those in the west after the war no other known book shares the soldiers stories and their impact on the area the author s hope is that readers can learn more about the impact of the civil war on its soldiers as well as their accomplishments in central washington after the war about the author ellen allmendinger lives in the yakima valley with her son zakary and their three dogs ellen worked in the civil engineering field for over thirty years after retiring from the field in 2021 she expanded her role in the research and sharing of local history today ellen leads historical tours at various locations in the yakima valley she is also a public speaker and gives various presentations for both public and private functions when she isn t sharing history in person she can often be found conducting research at various archives libraries museums and other locations as an author ellen has written three previous books she has also written several historical articles some of which have been published in the sunnyside sun newspaper and the yakima magazine when she isn t being a mom researching or writing she can be found at the woman s century club of yakima s donald house where she serves as the house historian and an executive board member she is also an active member of peo rosalma and the yakima valley genealogical library where she volunteers as a librarian

The Day That Went Missing

2018-11-06

spellbinding terrifying deeply moving an unflinching portrait of a family s silent grief and the tragic death of a brother not spoken about for forty years joanna rakoff on a family summer holiday in cornwall in 1978 richard and his younger brother nicholas are jumping in the waves suddenly nicholas is out of his depth one moment he s there the next he s gone richard and his other brothers don t attend the funeral and incredibly the family returns immediately to the same cottage to complete the holiday to carry on in the best british tradition they soon stop speaking of the catastrophe their epic act of collective denial writes nicky out of the family memory nearly forty years later richard an acclaimed novelist is haunted by the missing piece of his childhood the unexpressed and unacknowledged grief at his core he doesn t even know the date of his brother s death or the name of the beach where the tragedy occurred so he sets out on a painstaking investigation to rebuild nicky s life and ultimately to recreate the precise events on the day of the accident the day that went missing is a transcendent story of guilt and forgiveness of reckoning with unspeakable loss but above all it is a brother s most tender act of remembrance and a man s brave act of survival winner of the pen ackerley prize 2018

Marx Went Away--But Karl Stayed Behind

1998

an intriguing adult fiction love story about a man who was forced by his father during his childhood to become a professional rugby player like his grandfather and one night he became nudged by a dream that shifted him towards true love and many outnumbered life threatening issues that dragged him closer to the edge of death a wonderful breathtaking novel embellished in a tempting magical way that each page i reached was pulling my strings to continue reading ahead i have never been this attentive for ages but this novel captured my attention and it made me visualize everything in my mind like i was amongst all his amazing characters rawan elsebea kuwait middle east omg when i started reading your novel i didn t want your story to end i couldn t put it down not even a second i was curiously dying to know how the story ended i want to read more about how the main character overcame his struggles i can t wait to read the second session of the story because this story somehow reflects to my current situations aimy miledy new york city

Portrait and Biographical Album of Ogle County, Illinois

1886

ex logger and gas station owner frank white says living to the age of one hundred is not all it s cracked up to be but it has some pluses when he trundles down to the local shopping centre in pender harbour pretty girls hug him and everybody in town seems to be glad he s lived another day but celebrity has its drawbacks when he was only fifty and still had most of his marbles people only wanted to know what was wrong with their car but now that everything is starting to get hazy they re not satisfied unless i can tell them the meaning of life in this second memoir in two years centenarian white sifts through his lengthy adventures trying to live up to those expectations of wisdom before deciding life just is but what a wild ride he takes us on born at the start of the first world war and maturing during the great depression he worked variously as a pioneer freight hauler pioneer truck logger camp owner garment presser boat builder home builder excavating contractor garage mechanic and waterworks operator among other things then in later life he married the sophisticated and well connected new yorker writer edith iglauer and started a totally different way of life consisting of opera celebrity dinners and world travel his ironic observations on the differences between the two worlds make for fascinating and frequently hilarious reading

The Car That Went Abroad: Motoring Through the Golden Age

2017-09-05

this is how i went from sales failure to sales success is an inspiring and insightful book that chronicles the personal journey of the author as they navigate the challenging world of sales and ultimately transform their career from failure to success through a candid and introspective narrative the author shares their experiences lessons learned and the strategies they employed to overcome setbacks and achieve remarkable sales results the book begins by establishing the

importance of sales in businesses emphasizing its role as a driving force behind growth and profitability it delves into the basics of sales exploring fundamental concepts techniques and best practices that lay the foundation for success in the field the author highlights the challenges commonly faced by sales professionals and the significance of adopting a sales mindset to overcome obstacles and achieve desired outcomes drawing from their own personal experiences with initial sales failures the author vividly describes the circumstances and mistakes that led to their setbacks they candidly discuss the emotional toll and repercussions of these failures providing readers with a genuine understanding of the struggles faced by sales professionals through self reflection the author reveals the pivotal moments when they realized the need for change and embarked on a journey of growth and transformation the book further explores the importance of continuous learning and adaptation in the sales field the author shares their research on successful sales strategies including insights gained from interviews with accomplished salespeople they offer practical advice and actionable tips for implementing newfound knowledge overcoming initial challenges and building resilience in the face of adversity this is how i went from sales failure to sales success is a comprehensive and invaluable guide for sales professionals at any stage of their career it combines personal anecdotes practical strategies and expert insights to inspire inform and empower readers on their own path to sales success through this compelling narrative readers will gain the knowledge motivation and tools necessary to overcome challenges build strong customer relationships and achieve outstanding results in the dynamic world of sales

A Man Who Went to the Moon without a Jacket

2014-05

in the heat of the korean war allied forces have a problem the north korean army is using a network of old japanese tunnels to run military operations against the south with near impunity now the u s military will turn to an elite highly trained and fearless group of men to find out where these tunnels lie and destroy them once and for all the hills went boom from korean war veteran hank acker follows this newly formed reconnaissance unit consisting of 11 u s marines and one u s navy corpsman as they prepare to airdrop into hostile territory in three separate and dangerous missions the men couldnt be more different with varied backgrounds interests and skills but in the process theyll learn to rely on each other in ways they never thought possible and form a kind of bond only known to those who have served their country under the most difficult circumstances and with one final and most challenging directive to complete theyll need every bit of support they can muster fast paced frankly realistic and action packed the hills went boom is a unique glimpse into men whose honor determination and sheer guts has one objective to serve their country hoorah

The Life of Samuel Jones Tilden

1895

this is a story of awakening to the realities of spirit and what might happen while racing down the rabbit hole of weirdness called modern metaphysics physics of love how could a person become an energy healing evangelist after being a left brained sophistry drenched atheist it happened to me my friend the awakening arrived in an unexpected instant but what also surprised me were the many bizarre events grace filled miracles and education that followed for almost a decade so heres what happened this book is fantastic i thoroughly enjoyed reading it and feel that it will help many people although our individual journeys in life are completely unique and in fact self designed there are many helpful signposts that you can encounter on the way if you simply ask for them this book can be one of those for you a

captivating and amusing rollicking read highly recommended thanks for the very generous and loving portrayal of the matrix energetics experience richard bartlett dc nd

That Went By Fast

2014-10-25

from the author of why americans hate politics the new york times bestselling and notably fair minded the new york times book review story of the gop s fracturing from the 1964 goldwater takeover to the trump spectacle why the right went wrong offers an up to the moment the christian science monitor historical view of the right since the 1960s its core contention is that american conservatism and the republican party took a wrong turn when they adopted barry goldwater s worldview during and after the 1964 campaign the radicalism of today s conservatism is not the product of the tea party washington post columnist e j dionne writes the tea partiers are the true heirs to goldwater ideology the purity movement did more than drive moderates out of the republican party it beat back alternative definitions of conservatism since 1968 no conservative administration not nixon not reagan not two bushes could live up to the rhetoric rooted in the goldwater movement that began to reshape american politics fifty years ago the collapse of the nixon presidency led to the rise of ronald reagan the defeat of george h w bush to newt gingrich s revolution bush initially undertook a partial modernization preaching compassionate conservatism and a fourth way to clinton s third way conservatives quickly defined him as an advocate of big government and not conservative enough on spending immigration education and medicare a return to the true faith was the only prescription on order the result was the tea party which dionne says was as much a reaction to bush as to obama the state of the republican party controlled by the strictest base is diminished dionne writes it has become white and older in a country that is no longer that it needs to come back to life for its own health and that of the country s and in why the right went wrong dionne expertly delineates where we are and how we got there chicago tribune and how to return

Agricultural Conservation Program

1958

vera lights is a former broadway star whose life has taken a new direction now a single mother living in a hotel in midtown manhattan with her two young children henry and loretta vera does her best to protect and nurture them despite her meager resources alone after failed marriages and with seemingly no hope for a career revival she must rely on her inner strength to carry her through her exhausting days while vera works as a waitress in a broadway diner to make ends meet henry and loretta grow up in a dark challenging world in which vagrants pimps and drug dealers own the street corners police turn a blind eye and tourists avoid times square but as life comes full circle and a resurrection of broadway and midtown manhattan begins vera and her children may be able to rise from the depths of despair and breathe life back into their dreams lights is a poignant sweeping story of revival as a broadway actress attempts to restore her hope faith and separate destinies for her family while living in a city marked by hate ignorance and poverty

This is how I went from sales failure to sales success

2023-07-23

something has gone seriously wrong with the american economy the american economy has experienced considerable growth in the last 30 years but virtually none of this growth has trickled down to the average american incomes have been flat since 1985 inequality has grown and social mobility has dropped dramatically equally troubling these policies have been devastating to both american productivity and our long term competitiveness many reasons for these failures have been proposed globalization union greed outsourcing but none of these explanations can address the harsh truth that many countries around the world are dramatically outperforming the u s in delivering broad middle class prosperity and this is despite the fact that these countries are more exposed than america to outsourcing and globalization and have much higher levels of union membership in what went wrong george r tyler a veteran of the world bank and the treasury department takes the reader through an objective and data rich examination of the american experience over the last 30 years he provides a fascinating comparison between the america and the experience of the family capitalism countries australia austria belgium denmark france germany the netherlands and sweden over the last 30 years they have outperformed the u s economy by the only metric that really matters delivering better lives for their citizens the policies adopted by the family capitalist countries aren't socialist or foreign they are the same policies that made the u s economy of the 1950s and 1960s the strongest in the world what went wrong describes exactly what went wrong with the american economy how countries around the world have avoided these problems and what we need to do to get back on the right track

2016-02-26

a remarkably well researched and accomplished book the new york times book review a wrenching riveting book chicago tribune in this deeply moving and myth shattering work ann fessler brings out into the open for the first time the astonishing untold history of the million and a half women who surrendered children for adoption due to enormous family and social pressure in the decades before roe v wade an adoptee who was herself surrendered during those years and recently made contact with her mother ann fessler brilliantly brings to life the voices of more than a hundred women as well as the spirit of those times allowing the women to tell their stories in gripping and intimate detail

What Went Wrong in the Muslim World?: Values vs. Actions

2016-01-19

since 20 december 2001 the date which marked the authorization of the international security assistance force isaf to assist the afghan government hundreds of thousands of coalition soldiers from around 50 different states have physically been and served in afghanistan roughly 20 rotation periods have been experienced billions of us dollars have been spent and almost 3 500 coalition soldiers and 7 400 afghani security personnel have fallen for afghanistan in this badly managed success story the true determiner of both tactical outcomes on the ground and strategic results was always the tribal and rural parts of muslim populated afghanistan although there has emerged a vast literature on counterinsurgency theories and tactics we still lack reliable information about the motivations and aspirations of the residents of tribalised rural muslim environments trmes that make up most of afghanistan the aim of this book is to describe some on the ground problems of counterinsurgency coin efforts in trmes specifically in rural afghanistan and then to propose how these efforts might be improved along the way it will be necessary to challenge many current assumptions about the conduct of counterinsurgency in afghanistan most generally the book will show how counterinsurgency succeeds or fails at the local level at the level of tactical decisions by small unit leaders and that these decisions cannot be successful without understanding the culture and perspective of those who live in trmes although engaging issues of culture the author is not an anthropologist or an academic of any kind he is a muslim who spent his childhood in a trme a remote village in turkey and he offers his observations on the basis of 15 years worth of field experience as a turkish special forces officer serving in rural iraq turkey kazakhstan kyrgyzstan and afghanistan cultures in these areas are not the same but there are sufficient similarities to suggest some overall characteristics of trmes and some general problems of coin efforts in these environments in summary this book not only challenges some of the fundamentals of traditional counterinsurgency wisdom and emphasizes the importance of the tactical level a rarely studied field from the coin perspective but also blends the firsthand field experiences of the author with deep analyses in this sense it is not solely an autobiography but something much more
