## Mayan Civilization

year of the hyenas is a brilliant original and unique murder mystery set  
in ancient egypt at the height of that kingdom's glory and power it is  
at once a strikingly insightful portrait of a mysterious complex and  
sophisticated society reminiscent of norman mailer's ancient evenings in  
its wonderful detail and feel for the past and a fast paced detective  
story that reads like the best of twenty first century thrillers from  
the oldest known court transcripts in history egyptologists have long  
known about the mysterious death of ramses iii involving intrigue  
ambition greed and crimes of passion on a huge though hidden scale in  
year of the hyenas brad geagley takes this event a struggle that nearly  
brought ancient egypt to its knees as the backdrop for a story that is  
every bit as captivating as the distant civilization it resurrects at  
the heart of the novel is semerket the so called clerk of investigations  
and secrets a detective half paralyzed by problems of his own with a  
reputation for heavy drinking and tactless behavior toward the great the  
powerful and the holy a kind of sam spade of the ancient world deeply  
and dangerously addicted to the truth hard bitten deeply flawed he is  
retained by the authorities to investigate what is considered an  
insignificant murder of an elderly insignificant theban priestess they  
fail to inform him however that they don't expect him to solve the case  
in fact they don't want him to but semerket is not so easily fooled and  
this is hardly an insignificant murder as he delves deeper for the  
elusive truth he uncovers a web of corruption so vast that it threatens  
the life of the last great pharaoh ramses iii and the stability of the  
kingdom even worse uncovering the conspiracy means more than just  
putting his own life on the line for unbeknownst to semerket his adored  
ex wife naia has fallen afoul of those who would bring down the reign of  
ramses and he soon finds himself having to choose between saving her and  
saving egypt merging historical fact and speculation with a nail biting  
crime story that could be taking place in the present year of the hyenas  
is a riveting and remarkable achievement
