convincing him of the sin remitting grace of god it was this revelation that was to spur luther to formulate his theology of salvation by faith alone which was to lead to his break with the catholic church when luther was brought to task by the church authorities for his heretical views it was staupitz who was deputed to remonstrate with him and it was staupitz who sent a copy of his theses on indulgences to the pope despite luther s defection from rome he was to remain on good terms with the orthodox staupitz who was consistently at the forefront of reformation within the catholic church this book sheds light on the spiritual and theological beliefs of staupitz placing him in the midst of the late medieval reform efforts in the augustianian order it argues that as reformer sermonizer
