nature materials **Jan 31 2024**

2024-4-29 nature materials journal covers a range of topics within materials science from materials engineering and structural materials metals alloys ceramics composites to organic and soft

materials an open access journal from mdpi **Dec 30 2023**

materials is an international peer reviewed open access journal on materials science and engineering published semimonthly online by mdpi the portuguese materials society spm spanish materials society sociemat and manufacturing engineering society mes are affiliated with materials and their members receive discounts on the article

home journal of materials science springer **Nov 28 2023**

the journal of materials science is a key publication exploring the intricate relationship between structure properties and uses of various materials publishes high quality research papers and reviews across a broad range of materials including metals ceramics glasses polymers and more

journal of materials chemistry a the royal society of Oct 28 2023

journal of materials chemistry a b c cover high quality studies across all fields of materials chemistry the journals focus on those theoretical or experimental studies that report new understanding applications properties and synthesis of

mechanics of materials journal sciencedirect com by elsevier Sep 26 2023

mechanics of materials a journal in the field of solid mechanics and materials aims to disseminate research work in the broad spectrum of engineering and natural materials

materials science acs publications Aug 26 2023

materials science is a varied and interdisciplinary topic that covers the design and discovery of new solid materials such as metals polymers semiconductors and ceramics work within the field examines the relationships between the structure and properties of a material and how it is made

journal of the society of materials science japan j stage Jul 25 2023

journal of the society of materials science japan published by the society of materials science japan 12 013 registered articles updated on september 23 2022 online issn 1880 7488 print issn 0514 5163 issn l 0514 5163 journalpeer reviewedfree accessscopus journal home all issues about the journal j

frontiers in materials Jun 23 2023

20240517 a multidisciplinary journal that explores the breadth of materials science engineering and mechanics from carbon based materials to smart materials

journal of the society of materials science japan j stage May 23 2023

20240304 a study of molding structure co analysis for automotive h shaped components considering fiber orientation heterogeneity in injection molded composites chikara kawamura yasuhiko morita mitsugi
