Privatising Border Control 2022-11-22

in recent years many breaches of immigration law have been criminalised foreign nationals are now routinely identified in court and in prison as subjects for deportation police at the border and within the territory refer foreign suspects to immigration authorities for expulsion within the immigration system new institutions and practices rely on criminal justice logic and methods in these examples it is not the state that controls the national border instead it is often privately contracted companies this collection of essays explores the growing use of the private sector and private actors in border control and its implications for our understanding of state sovereignty and citizenship privatising border control is an important empirical and theoretical contribution to the growing interdisciplinary body of scholarship on border control it also contributes to the academic inquiry into the growing privatisation of policing and punishment these domains once regarded as central to the state's police power and its monopoly on violence are increasingly outsourced to private providers with contributions from scholars across a range of jurisdictions and disciplines including criminology law and political science privatising border control provides a novel and comparative account of contemporary border control policy and practice this is a must read for academics practitioners and policymakers interested in immigration law and the growing use of the private sector and private actors in border control

Preparing Early Childhood Teachers for Managing Emergencies 2022-04-08

the covid 19 pandemic has revealed the reality of life in all aspects of human endeavors the education sector was not spared the school system was uprooted and procedures had to be made quickly for the safety of students and faculty as a result educators struggled with keeping students engaged academically during online learning and the stress of a health crisis on society preparing early childhood teachers for managing emergencies explores international and cross cultural perspectives on teacher effectiveness in handling education and learning in emergency periods as well as preparedness for post covid 19 experiences this book identifies shares and explores the predominant theoretical and conceptual understandings of teacher preparedness toward emergencies and the aftermath covering topics such as first aid measures teacher effectiveness and technology usage this book is an essential resource for global k 12 educators pre service teachers k 12 administrators policymakers researchers and academicians

Blue Economy and Ocean Sustainable Development in a Globalised World: Social, Political, Economic and Environmental Issues 2023-12-05

in the last decade the concept of a blue economy has ignited a deep theoretical debate ranging from the integration of the triple bottom line of sustainability to the optimization of profit from ocean exploitation the meaning of the term blue economy differs considerably between epistemic communities and even more so among national and regional policies there is a general sense of the opportunity to realise enhanced social and economic benefits from the sustainable utilisation of their ocean and coastal resources under the umbrella framework of blue economy blue economy is gaining traction already as a significant component of national policies even in spite of a clear conceptualization of the term many countries are now preparing national policies towards realising their blue economy ambitions utilizing the concept as they see fit likewise multilateral and regional organisations are developing guidelines and providing investment in new research technologies and financing tools that promote blue economy critical challenges abound in particular in less privileged countries these include the gap in research capabilities governments prioritizing social wellbeing and economic profit in contrast to environmental protection the identification of new and emerging areas of ocean economic activity that are both socially and ecologically sustainable and holds viable business models that can attract private investment

Privacy and Criminal Justice 2017-11-24

this book offers a comparison of the differences between the public and private spheres and questions the need for law enforcement to intrude upon both beginning with the origins of the concept of privacy before addressing more current thinking the authors examine the notion of privacy and policing using both direct e.g. stop and search methods and technological interventions e.g. telephone interceptions and automatic number plate recognition cameras privacy in the space of the court looking at what restrictions are placed on press reporting as well as considering whether the open court ensures fair trials particular forms of offending and privacy are also considered anonymity for sexual offence defendants for example or weighing the terrorist's right to privacy against the safety and security of the general public a timely discussion into the right to privacy in prison and during community sentences is also included and marshall and thomas offer convincing analysis on the importance of rehabilitation giving consideration to police registers and the storage and maintenance of criminal records by the police and their possible future use a diverse investigation into the many facets of privacy this volume will hold broad appeal for scholars and students of terrorism security and human rights

Migration and Media 2019-03-07

the socio discursive landscape surrounding the migration debate is characterised by a growing sense of crisis in both personal and collective identities from this viewpoint discourses about immigration are also always attempts at reconstructing the threatened home identity of the respective host society it is such attempts at reasserting identity in crisis due to migration that are the focus of the volume migration and media discourses about identities in crisis this four part book explores the representational strategies used to frame current migration debates as crises of identity collective and individual it features fourteen case studies of varying sets of data including print media texts tv broadcasts online forums politicians speeches legal and administrative texts and oral narratives drawn from discourses in a range of languages croatian english french german greek italian lithuanian polish russian serbian slovenian spanish and ukrainian and it employs different discourse analytical methods such as argumentation and metaphor analysis gendered language studies corpus assisted semantics and pragmatics and proximization theory such a diverse range of sources languages and approaches provides innovative methodological and theoretical analysis on migration and identity which will be of interest to scholars students and policy makers working in the fields of migration studies media studies identity studies and social and public policy as of january 2023 this e book is freely available thanks to the support of libraries working with knowledge unlatched

The Emperor's New Road 2020-09-29

a prominent authority on china's belt and road initiative reveals the global risks lurking within beijing's project of the century china's belt and road initiative is the world's most ambitious and misunderstood geoeconomic vision to carry out president xi jinping's flagship foreign policy effort china promises to spend over one trillion dollars for new ports railways fiber optic cables power plants and other connections the plan touches more than one hundred and thirty countries and has expanded into the arctic cyberspace and even outer space beijing says that it is promoting global development but washington warns that it is charting a path to global dominance taking readers on a journey to china's projects in asia europe and africa jonathan e hillman reveals how this grand vision is unfolding as china pushes beyond its borders and deep into dangerous territory it is repeating the mistakes of the great powers that came before it hillman argues if china succeeds it will remake the world and place itself at the center of everything but xi may be overreaching all roads do not yet lead to beijing

Sexual Crime 2023-05-01

love them or hate them executive remuneration consultants are key players in remuneration committees pay determination processes this book concerns the

professional standards of executive remuneration consultants and their in house counterparts for example human resources director and head of reward in providing remuneration committee advisory services the author is a 25 year veteran executive remuneration consultant having worked around the world in this capacity particularly in the financial services sector this book is based on a qualitative empirical doctoral research exercise involving 53 participants in the uk executive pay scene including regulators institutional shareholder bodies proxy advisors remuneration committees chairs members executive remuneration consultants and in house executive reward specialists the objective was to formulate conclusions that could be used to the benefit of uk practice and contribute to the relevant academic scholarship on executive remuneration consultants the research covered 18 aspects ranging from an examination of the independence of such consultants to whether there might be a specialised accreditation qualification and or licence to practise regime covering their services it provides novel insights into this previously under researched area of corporate governance financial regulation this book will be of interest to those involved in the uk executive remuneration scene whether government regulators or any of the other parties mentioned already plus academics in universities and business schools it is hoped too that overseas remuneration regimes that have respects in common with the uk s will find this book useful
