The Power of Faith 2015-10-23 many twenty first century evangelical charismatics in britain are looking for a faith that works they want to experience the miraculous in terms of healings and god sent financial provision many have left the mainstream churches to join independent charismatic churches led by those who are perceived to have special insights into faith and to teach principles that will help believers experience the miraculous but all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith or are too negative this study seeks to discover the origin of the principles that are taught by some charismatic leaders ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the united states the origins of the ideas are traced back to new thought metaphysics and its background philosophies of subjective idealism and american pragmatism these principles were imported into the uk through contact between british leaders and those influenced and trained by american word of faith teachers the author seeks to explain the persuasiveness of such teachers through examining case studies he suggests their miracles may well have social and psychological explanations rather than divine origins

Faith at the Frontiers of Knowledge 2009-10-27 frank schaeffer has a problem with dawkins hitchens harris dennett and the rest of the new atheists the self anointed brights he also has a problem with the rick warrens and tim lahayes of the world the problem is that he doesnt see much of a difference between the two camps as schaeffer puts it they often share the same fallacy truth claims that reek of false certainties i believe that there is an alternative that actually matches the way life is lived rather than how we usually talk about belief sparing no one and nothing including himself and his fiery evangelical past and invoking subtleties too easily ignored by the pontificators schaeffer adds much needed nuance to the conversation my writing has smoked out so many individuals who seem to be thinking about the same questions i hope that this book will provide a meeting place for us the scattered refugees of what i ll call the church of hopeful uncertainty

The Life of Faith 2009-09 it is very significant for believers to know and believe this simple biblical truth nothing works in the kingdom of god without faith the life of a believer revolves around faith for without it nothing gets accomplished faith is the principal key that unlocks the unlimited supernatural ability of god enabling him to change the life of an ordinary individual into a victorious life of testimonies it is the substance that god uses to turn an individual into an unbeatable believer when it comes to handling the conflict of life the force of faith is equivalent to the life sustaining heartbeat of all human beings whenever the heart fails the life of the individual ceases likewise whenever believers fail to exercise their faith their lives become lifeless and colorless the bible says in hebrews 11 32 34 that through faith they subdued kingdoms wrought righteousness obtained promises therefore wisdom demands that each individual accepts the responsibility to develop his or her own faith so it is my earnest desire that as you engage with this book you will intentionally commit to a lifestyle of stirring up your faith to act upon god s word as you do it this you commit him to perform it as he performs it your faith in him increases day by day stature by stature victory by victory till you tangibly begin to subdue kingdoms like the men and women did in hebrews 11 32 34 this is the very purpose for which christ died to build a kingdom of kings and priests enforcing the life and power of god s kingdom in every sphere of human life and activity
