a prospective field physician or medical consultant needs to prepare for when beginning an expedition divided into three parts expedition planning expeditions in unique environments and illness and injuries on expeditions this unique book covers everything that the expedition physician needs to know book jacket from 1539 to 1542 hernando de soto and several hundred armed men cut a path of destruction and disease across the southeast from florida to the mississippi river the eighteen contributors to this volume anthropologists ethnohistorians and literary critics investigate broad cultural and literary aspects of the resulting social and demographic collapse or radical transformation of many native societies and the gradual opening of the southeast to european colonization confederate general joseph o shelby and his legendary iron brigade refused to acknowledge the end of the civil war instead they fought their way to mexico in search of a place where they could continue to defy the u s government these veteran missouri cavalrymen clawed their way for fifteen hundred miles fighting juaristas indians desperados and disgruntled gringos they disbanded only after they had offered their services to emperor maximilian and were turned down shelby s adjutant journalist john n edwards first published his story of the exploits of this superb mounted brigade and its quixotic final march in 1872 conger beasley provides a lively introduction that includes the first biographical sketch of the author the 1969 movie the undefeated starring john wayne and rock hudson was based upon shelby s expedition as a transnational history of science japan s empire of birds aristocrats anglo americans and transwar ornithology focuses on the political aspects of highly mobile japanese explorer scientists or cosmopolitan gentlemen of science circulating between japanese and british american spaces in the transwar period from the 1920s to 1950s annika a culver examines a network of zoologists united by their practice of ornithology and aristocratic status she goes on to explore issues of masculinity and race related to this amidst the backdrop of imperial japan s interwar period of peaceful internationalism the rise of fascism the japanese takeover of manchuria and war in china and the pacific culver concludes by investigating how these scientists repurposed their aims during japan s allied occupation and the cold war inspired by geographer doreen massey themes covered in the volume include social space and place in these specific locations and how identities transform to garner social capital and scientific credibility in transnational associations and travel for non white scientists you ve never seen what you ve always needed to know until now invisible forces are at work they push and shove on everything you buy or sell they affect every concept you want to take to market all the suppliers you ll deal with and every customer you ll ever
