Sources for Latin America in the Modern World 2004-07-31 offering a balance of social political environmental and cultural history latin america and its people looks at the whole of latin america in a thematic rather than country by country approach this engaging textbook emphasizes the stories of the diverse people of latin america their everyday lives and the issues that affected them written by two of the leading scholars in the field cheryl martin and mark wasserman latin america and its people presents a fresh interpretative survey of latin american history from pre columbian times to the beginning of the twenty first century it examines the many institutions that latin americans have built and rebuilt families governments churches political parties labor unions schools and armies and it does so through the lives of the people who forged these institutions and later altered them to meet the changing circumstances

Latin America 1997 worldwide environmental crisis has become increasingly visible over the last few decades as the full scope of anthropogenic climate change manifests itself and large scale natural resource extraction has expanded into formerly remote areas that seemed beyond the reach of industrialization scientists and popular culture alike have turned to the term anthropocene to capture the global scale of environmental and even geological transformations that humans have carried out over the last two centuries the chapters in ecological crisis and cultural representation in latin america examine the dynamics and interplay between local cultures and the expansion of global capitalism in latin america emphasizing the role of art in bearing witness to and generating awareness of environmental and social crises but also its possibilities for formulating solutions they take particular care to draw out the ways in which local environmental crises in latin american nations are witnessed and imagined as part of a global system focusing on the problems of time scale and complexity as key

terms in conceiving the dimensions of crisis at the same time they question the notion of the anthropocene as a species wide human historical project making visible the coloniality of natural resource extraction in latin america and its dire effects for local people cultures and environments taking an ecocritical approach to latin american cultural production including literature film performance and digital artwork the chapters in this volume develop a notion of ecological crisis that captures not only its documentary sense in the representation of environmental destruction the degradation of the oikos but also the crisis in the modern worldview logos that the acknowledgment of crisis provokes in this sense crisis is also the promise of a turning point of the possibilities for change latin american representations of ecological crisis thus create the conditions for projects that decolonize environments developing new sustainable ways of conceiving of and relating to our world or returning to old ones

Faces of Latin America 2008 latin america has experienced a profound transformation in the first two decades of the 21st century it has been fully incorporated into the global economy while excluding regions and populations devalued by the logic of capitalism technological modernization has gone hand in hand with the reshaping of old identities and the emergence of new ones the transformation of latin america has been shaped by social movements and political conflicts the neoliberal model that dominated the first stage of the transformation induced widespread inequality and poverty and triggered social explosions that led to its own collapse a new model neo developmentalism emerged from these crises as national populist movements were elected to government in several countries the more the state intervened in the economy the more it became vulnerable to corruption until the rampant criminal economy came to penetrate state institutions upper middle classes defending their privileges and citizens indignant because of corruption of the political elites revolted against the new regimes undermining the model of neo developmentalism in the midst of political disaffection and public despair new social movements women youth indigenous people workers peasants opened up avenues of hope against the background of darkness invading the continent this book written by two leading scholars of latin america provides a comprehensive and up to date account of the new latin america that is in the process of taking shape today it will be an indispensable text for students and scholars in latin american studies sociology politics and media and communication studies and anyone interested in latin america today

Latin America and Its People 2016-10-04 neoliberalism changed the face of latin america and left average citizens struggling to cope in many ways popular sectors were especially hard hit as wages declined and unemployment increased the backlash to neoliberalism in the form of popular protest and electoral mobilization opened space for leftist governments to emerge the turn to left governments raised popular expectations for a second wave of incorporation although a growing literature has analyzed many aspects of left governments there is no study of how the redefinition of the organized popular sectors their allies and their struggles have reshaped the political arena to include their interests until now this volume examines the role played in the second wave of incorporation by political parties trade unions and social movements in five cases argentina bolivia brazil ecuador and venezuela the cases shed new light on a subject critical to understanding the change in the distribution of political power related to popular sectors and their interests a key issue in the study of postneoliberalism

Ecological Crisis and Cultural Representation in Latin America 2020-10-05 detailed discussion of reforms necessary to accelerate economic growth and reduce poverty in the region reforms include equity market development civil service reform in health and education investment labor market liberalization and greater trade openness handbook of latin american studies v 57
