Overcoming Through the Spirit

2021-05-26

in his book overcoming through the spirit the author shows the world of today to be no different than the world in the time of the apostles the apostle john wrote the whole world lieth in wickedness 1 john 5 19 today there is also false doctrines false prophets and teachers and people in all nations proclaiming themselves to be something they are not the foremost reason i have written this book is that i was deeply impressed by god to write this book and entitle it overcoming through the spirit i began a writing ministry in september of 1994 that is continuing at present writing articles for the church bulletin based on the messages preached by the ministry these articles comprise most of the essential doctrines on a christian s overcoming faith when adding a comment from a church bulletin article on a particular thought i reference it with an endnote while a book instructing someone to overcome and have victory in their life is needful experiential knowledge is the best teacher and way to learn the art of overcoming through the help of the spirit and the word of god i desire that this book be a great source to all who read it on maintaining an upright spirit and living for god in truth and holiness through the spirit and word of jesus christ working in their hearts philippians 2 13

Deliverance From the Spirit of Destructive Anger

2018-07-24

introduction handling anger is an important life skill christian counselors report that 85 percents of people who come in for counseling have problems dealing with anger anger can shatter

communication and tear apart relationships and it ruins both the joy and health of many sadly people tend to justify their anger instead of accepting responsibility for it everyone struggles to varying degrees with anger thankfully god s word contains principles regarding how to handle anger in a godly manner and how to overcome destructive anger overcoming the spirit of destructive anger is not accomplished overnight but through prayer bible study and reliance upon god s holy spirit the spirit of destructive anger can be overcome we may have allowed anger to become entrenched in our lives by habitual practice but we can also practice responding correctly until that too becomes a habit and god is glorified in our response if you want the great and mighty things god has for you in life to manifest you must get to the root of destructive anger and deal with it everybody has to deal with anger from time to time but what s the best way to handle it to answer that question we must first understand what destructive anger really is destructive anger is an intense emotional response rooted in annoyance displeasure indignation wrath vengeance or hostility which is usually irrationally ephesians 4 26 27 be ye angry and sin not let not the sun go down upon your wrath neither gives place to the devil you must kill destructive anger by prayer

How to Overcome Death

2000-02-28

the overcoming of death is a serious undertaking because death is a part of the nature one one s being and therefore not what it appears to be when death is reconciled with life it becomes a means of interdimensional travel we realize that it wasn t there in the first place therefore the overcoming of death is to take place within one s present consciousness for death is the counterpart of life in the first place therefore the resurrection unto life is from the death that is hidden in life it is the dead that appear to be living that are resurrected unto life death is something that is a part of ones present

consciousness not something off somewhere in the so called afterlife the resurrection of the dead is unto conscious life or immortality or back into the realm of unconscious death for life and death occupy the same space it is a matter of seeing death as it is not just as it appears to be in that death is not what it appears to be the overcoming of death is not what it appears to be therefore it is a real possibility it can be realized within ones lifetime the overcoming of death is the means of bringing the realization of conscious immortality to the awareness of ones present consciousness in this lifetime it reveals why it is that losing life is finding it and how it is that it is the dead that are living that hear the voice of the son of god and are resurrected from the dead

Redeemed to Overcome

Prepare to Overcome

2021-03-16

prepare to overcome a believer s response to god s call to intimacy the signs of the times the end of the age the last days are words and phrases we are hearing more and more indeed the signs are surrounding us and for those with eyes to see the end of the age is surely drawing near but what does that mean exactly in a practical day to day response for a child of god is it just enough to know our place in history jesus admonished the pharisees and sadducees for their inability to discern the signs of the times believers are exhorted to watch and be sober but then what are there things to do

in preparation it is a great privilege as a believer to be chosen by god to live in so significant a time in history the references to the last days in the bible build to an ever increasing crescendo until reaching its full culmination in the proclamations of revelation to overcome to overcome is to be victorious undefeated to prevail by default to not be overcome as students of bible prophecy regarding the last days in which we live it becomes apparent that the overcomers are an elite company defined by god as his choice ones superior in their humility and therefore victorious in their day they are likened to the obedient the royal priesthood the bride the messenger of the lord and his zadok priest contrary to the assumption of many not all qualify there are conditions that must be met in the end the only opinion that will matter on the great and terrible day of the lord is his all people would do well to know what it is indeed there is much to prepare to overcome

Overcome by Modernity

2011-11-28

in the decades between the two world wars japan made a dramatic entry into the modern age expanding its capital industries and urbanizing so quickly as to rival many long standing western industrial societies how the japanese made sense of the sudden transformation and the subsequent rise of mass culture is the focus of harry harootunian s fascinating inquiry into the problems of modernity here he examines the work of a generation of japanese intellectuals who like their european counterparts saw modernity as a spectacle of ceaseless change that uprooted the dominant historical culture from its fixed values and substituted a culture based on fantasy and desire harootunian not only explains why the japanese valued philosophical understandings of these events often over sociological or empirical explanations but also locates japan s experience of modernity within a larger global process marked by both modernism and fascism what caught the attention of japanese thinkers was how the production of desire actually threatened historical culture these intellectuals sought to overcome the materialism and consumerism associated with the west particularly the united states they proposed versions of a modernity rooted in cultural authenticity and aimed at infusing meaning into everyday life whether through art memory or community harootunian traces these ideas in the works of yanagita kunio tosaka jun gonda yasunosuke and kon wajiro among others and relates their arguments to those of such european writers as george simmel siegfried kracauer walter benjamin and georges bataille harootunian shows that japanese and european intellectuals shared many of the same concerns and also stresses that neither japan s involvement with fascism nor its late entry into the capitalist industrial scene should cause historians to view its experience of modernity as an oddity the author argues that strains of fascism ran throughout most every country in europe and in many ways resulted from modernizing trends in general this book written by a leading scholar of modern japan amounts to a major reinterpretation of the nature of japan s modernity

includes the gruesome albeit heroic tales of the early christian martyrs and 20th century martyrdom this book s meant to target the addict who s fallen so deep within the pits of hell they ve ran out of options and require upmost assistance the omnipotent source yet it surprisingly relates and opens the eyes of anyone merely suffering from stress or depression particularly as a cause of our deceptive society we live amongst this book s far more than a unique and relatable approach at using christianity as the author understands many who don t use this path aren t in need of turning in that direction thereupon f k ft historic modern sociology etc this book attracts non believer s unlike anything else written by an addict involved in the deepest levels of the life style for 20years this book presents an unimaginable variety of sources and topics the time has come to toss the n a book straight into the trash ft for the non believers if god s not real christian philosophy vs positive thinking

Faith and Knowledge to Overcome Chronic Addiction

2010-01-06

a christian based 12 step process helps us to overcome addiction by attaching to the faithful love of the savior enabling healthy relationships with other people and so a missionary richard lehman looks at the 12 step process and prayerfully applies the wisdom of the scriptures to it and in doing so he has also found this process helpful in providing insights into how to work with different individuals to bring them to christ richard spends much time training hundreds of other ministers and in addition to helping those addicted this 12 step process has become a key resource for training gospel workers who help those that are addicted experience has proved that everyone wrestles with deep hurts of

some kind there is a deep empty hole in the heart of the soul and it must be filled somehow how we fill that hole or comfort ourselves within that empty space will determine what sin we become addicted to it is sin someone else's or ours that ultimately first creates a void in the heart of the individual unfaithfulness is the sin of betrayal someone trusted another with their heart and then that same person broke their heart it happens to children in their relationship with their parents or relatives or trusted others it happens often within many marriage relationships and it happens within everyone's life at some point by how their own sin betrays the faithful love of the savior and so people go through life hiding the pain of betrayal instead of seeking for healing through a loving savior they resort to other things and in doing so they become addicted to some substance some sin or both and they often don't know where to start to find a way out this book seeks to help them not only start down the right path but to also find complete healing through the love of our lord jesus christ so throughout this 12 step process you will see that the book is addressed to two audiences at the same time those who need help over addictions and those that are trying to help them and there is an important reason for this because people who need help to overcome addictions need to completely trust those that are working with them and so if you are using this process to help them these people also want transparency and understanding as to what they are being asked to do and why there can be no hidden agendas in helping people jesus came so that relationships can be healed he also sent the comforter of the holy spirit so that every pain that sinful mankind could bring against us could still be comforted and healed in this life if ye love me keep my commandments and i will pray the father and he shall give you another comforter that he may abide with you for ever even the spirit of truth whom the world cannot receive because it seeth him not neither knoweth him but ye know him for he dwelleth with you and shall be in you i will not leave you comfortless i will come to you john 14 15 18
