drawing the future chicago architecture on the international stage 1900 1925 is an illustrated catalog with companion essays for an exhibition of the same name at the mary and leigh block museum of art at northwestern university drawing the future explores the creative ferment among chicago architects in the early twentieth century coinciding with similar

visions around the world the essays focus on the highlights of the exhibition david van zanten profiles walter burley griffin and marion mahony griffin chicago architects who created an influential prize winning plan for canberra the new capital of australia ashley dunn looks at the two exhibits at the musée des arts décoratifs in paris one devoted to the griffins in 1914 and the other to the french architect tony garnier in 1925 demonstrating the impact of world war i on city planning and architecture leslie coburn examines chicago s neighborhood center competition of 1914 15 which sought to redress gaps in daniel burnham s plan of 1909 the ambition and reach of chicago architecture in this epoch would have lasting influence on cities of the future

a groundbreaking examination of mel bochner s inventive drawing practice produced collaboratively with the artist encompassing both works on paper and oversized wall drawings made from the 1960s to the present this handsomely designed volume documents the first ever museum retrospective of drawings by mel bochner b 1940 drawing has long been critical to the work of this pioneering conceptual artist and essayists explore the theoretical framework and playful experimentation of his decades long practice the book conceived and designed in close

collaboration with the artist features his own writings about his philosophy of wall drawings and reflections on significant exhibitions of his work bochner was a key figure of the minimalist and conceptual art movements whose first exhibition in 1966 is now recognized as seminal today the artist is known for works in a range of media that explore the conventions of language and visual art as well as the relationships between them his experimental works on paper canvas and wall all of which are celebrated here are a foundational facet of his practice and a critical influence on contemporary art
