preparing for competition book jacket shooting to live describes methods developed and practiced during an eventful quarter of a century and adopted by numerous police organization in the far east and elsewhere it covers everything from the purpose of the pistol to selection training advance methods and more this book was the first time that fighting with firearms was clearly and explicitly disassociated from classical target range shooting the proven techniques displayed have spawned most modern pistol techniques because of their simplicity and effectiveness it is written as instruction to police forces in the methods of shooting reflexive instinctive and training realistic challenging that the author developed over two decades active service in shanghai a comprehensive fully illustrated guide to modern sporting rifles and how to use them cartridges for small medium and big game barrels stocks sights scopes shooting techniques where to hit them modern shotguns and how to use them double pump automatic shotgun stocks shells chokes care of your shotgun history of sporting rifles and shotguns complete glossary plus jack o connor s seven lesson how to shoot course acquiring the ability to accurately shoot a pistol is no simple matter one should not assume that the art of advanced pistol marksmanship is fully realized immediately upon reading a training manual on the fundamentals and techniques of pistol shooting nor completely understood after having received a few hours of advice and instruction from a qualified coach or expert shooter to become a top pistol shooter and able to produce consistently high scores one must learn to perform all the fundamentals of shooting acquire certain definite habits achieve flawless coordination and above all have a capacity for the intense concentration essential to exercising a high degree of mental control for this one must train it is difficult if not impossible to establish a universal system of training in pistol marksmanship which will cover all cases one that can be adapted to each shooter s technique or special need training pistol shooters requires an individual approach there is no single pattern or system for the organization of training that will

entirely meet the individual requirements of all competitors nor can one ever be expected this is the reason knowledgeable coaches take the peculiarities of an individual such as experience degree of preparation and fitness and other items into account they use these and by relying on their own experience devise a training program which allows special consideration for each shooter s capabilities in spite of the difference in details technique or method there is much that is common to the training of advanced marksmen that in the opinion of leading coaches and shooters applies to everyone without exception this manual endeavors to present in a detailed comprehensive manner these universal applications advanced pistol marksmanship training must of necessity avoid the involved and exceedingly complex because it is an activity whose participants form a great cross section of our nation with more than a decade of special operations experience at hot spots around the globe erik
