QUANT (GENERAL MATH) TOPICWISE SOLVED PREVIOUS PAPERS : MPSC MAHARASHTRA PUBLIC SERVICE COMMISSION 2023-12-30

the book examines the status of public service in developing countries in the sectors of health infrastructure labour and marginalized populations rural economy and public administration the last decade has witnessed significant government focus on service delivery in developing nations like south africa philippines india and malaysia at the forefront of this movement has been the public sector reforms significantly driven by two broad factors public sector

inefficiencies and liberal economic ideology this move towards efficient public service delivery in developing nations versus developed nations has required a significant shift in institutional thinking and institutional capacity for the governments it is therefore no surprise that while economic liberalization has been relatively easy to implement governance reforms towards public service delivery has been significantly more challenging in this background the chapters of the book with sector themes examine the three basic foundations of public policy courses of action regulatory measures and issues and funding structures and priorities in public service delivery the book is a multi country multi sector perspective since it includes studies from russian federation india ethiopia pakistan fiji south africa columbia philippines macedonia and india this perspective lends itself to the investigation for a comprehensive overall development model
