Fragments 2010-10-12 marilyn monroe s image is so universal that we can t help but believe that we know all there is to know of her every word and gesture made headlines and garnered controversy her serious gifts as an actor were sometimes eclipsed by her notoriety and the way the camera fell helplessly in love with her but what of the other marilyn beyond the headlines and the too familiar stories of heartbreak and desolation was a woman far more curious searching and hopeful than the one the world got to know even as hollywood studios tried to mold and suppress her marilyn never lost her insight her passion and her humour to confront the mounting difficulties of her life she wrote now for the first time we can meet this private marilyn and get to know her in a way we never have before fragments is an unprecedented collection of written artifacts notes to herself letters even poems in marilyn s own handwriting never before published along with rarely seen intimate photos these bits of text jotted in notebooks typed on paper or written on hotel letterhead reveal a woman who loved deeply and strove to perfect her craft they show a marilyn monroe unsparing in her analysis of her own life but also playful funny and impossibly charming the easy grace and deceptive lightness that made her performances so memorable emerge on the page as does the simmering tragedy that made her last appearances so heartbreaking fragments is an event an unforgettable book that will redefine one of the greatest stars of the twentieth century and which nearly fifty years after her death will definitively reveal marilyn monroe s humanity

Intimate Relations 1993 with this her fourth book of poems her first since winning the 1987 pulitzer prize in poetry rita dove expands her role as a leading voice in contemporary american letters the title of the collection serves as an umbrella for the intimate concerns expressed in the forty eight poems in music grace notes are those added to the basic melody the embellishments that if played or sung at the right moment with just the right touch can

break your heart isn't this what every lyric poem wishes to be the poet asks as she explores autobiographical events most from childhood and the cusp of adolescence and then turns to the shadowy areas of regret and memory the word as talisman is another of her concerns and finally in the section that most typifies the lilt of grace notes dove considers the embellishments below the melody of daily life from inside jacket cover
