Shamanic and Mythic Cultures of Ethnic Peoples in Northern China I 2020-12-29

with their ability to enter trances to change into the bodies of other creatures and to fly through the northern skies shamans are the subject of both popular and scholarly fascination in shamanic siberian spirituality and the western imagination ronald hutton looks at what is really known about both the shamans of siberia and about others spread throughout the world he traces the growth of knowledge of shamans in imperial and stalinist russia describes local variations and different types of shamanism and explores more recent western influences on its history and modern practice this is a challenging book by one of the world's leading authorities on paganism

Studies in Siberian Shamanism 1963

herein is the story of a boy rusty whose heartstrings are stretched taut with happiness fright sorrow shame and physical pain while budding to adulthood rusty's often self-inflicted predicaments are conveyed in hindsight with hilarious jocularity while the urgency of their real occurrence in time are confessed with honest clarity so profuse it's impossible not to become entangled in rusty's wheeling emotions the joy and innocence of rusty's spirited childhood is slowly eroded by deceit misunderstandings mistakes and heartbreak yet rusty rushes energetically forward while stumbling into brief rations of excitement and love for fuel it arduously teaches rusty to try to look at life with a little bit of levity and be convinced that another good time is bound to come sooner or later the book shows the things we often work for the hardest sometimes become what we wanted least and during such work we discover the things we just happen to get are of what sweet dreams are made

Shamans 2007-06-01

although conflicting ideas exist about the origin of the shaman it is clear that these individuals exist across culture and history research has indicated that a specific altered state of consciousness asc exists that the shaman utilizes to help the individual or group heal discrepancies in understanding the shaman's experience of asc had led to the call for further research in this area this phenomenological study aimed to investigate the shaman's experience of the asc results indicated that the shaman's evolution was based on the criteria associated with the wounded healer archetype as well as conditions associated with the individuation process of jung based on the narratives of the five participants the results suggest that the shaman is a person who has an expanded understanding of the consciousness experience this contrasts what western society has understood about consciousness the study also revealed the shaman's experience of the asc was accomplished through a pattern of development that resulted in each participant acquiring the status of shaman

Shaman of the Mountain 2008-09

the eightfold path is a wheel of eight roads to opening the mind and soul eight paths of altered states from rhythm to utisetā to fasting to ordeal this book covers the ways that the ancient shamans of the northlands used these paths to open themselves to the wights the fourth book in the northern tradition shamanism series this book includes spirit-taught lessons from many different spirit workers and the gods that they serve and revere

mysteries of the jaguar shamans of the northwest amazon tells the life story of mandu da silva the last living jaguar shaman among the baniwa people in the northwest amazon in this original and engaging work robin m wright who has known and worked with da silva for more than thirty years weaves the story of da silva s life together with the baniwas society history mythology cosmology and jaguar shaman traditions the jaguar shamans are key players in what wright calls a nexus of religious power and knowledge in which healers sorcerers priestly chanters and dance leaders exercise complementary functions that link living specialists with the deities and great spirits of the cosmos by exploring in depth the apprenticeship of the shaman wright shows how jaguar shamans acquire the knowledge and power of the deities in several stages of instruction and practice this volume is the first mapping of the sacred geography mythscape of the northern arawak speaking people of the northwest amazon demonstrating direct connections between petroglyphs and other inscriptions and baniwa sacred narratives as a whole in eloquent and inviting analytic prose wright links biographic and ethnographic elements in elevating anthropological writing to a new standard of theoretically aware storytelling and analytic power

Across the Shaman's River 2017-12-15

provides a clear and accessible guide to the many different north asian shamanic traditions past and present what is shamanism where is it from how does one become a shaman what are the requirements to become one anthropologists tell us that the word shaman derives from the tungus language and traditions but few people understand the full scope of what that means in his groundbreaking book spirit voices david shi answers all these questions and more drawing upon his own ancestral traditions shi explores the history and practice of shamanism he guides readers through what may be the unfamiliar landscapes of north asia the place where shamanism was born as well as the largely hidden and unfamiliar traditions of turkic mongolic and tungus shamanism exploring the subtle and unique aspects of each tradition shi provides a clear and accessible guide that explores the many different north asian shamanic traditions so what exactly is shamanism david shi suggests that the most accurate definition derives from shamanologist nicholas breeze wood who writes a shaman is someone chosen by the spirits typically at or before birth and who can go into a controlled and repeatable deliberate trance state during which they a experience spirit flight where they go to the spirit worlds and meet spirits who they either fight with negotiate with or trick in order to create change in this physical world or b are often taken over possessed by the spirits normally ancestral shaman spirits or local land spirits while in this physical world the spirits using the shaman s voice and body to heal or give advice to members of the shaman s community without the spirits and their blessing a shaman cannot exist or function without the trance state it is not shamanism featuring history firsthand experiential reports mythology and folklore spirit voices explores the spirits spirituality tools and practices of true shamanism past and present shi also provides practical information for those readers seeking to implement shamanic practices including those that are appropriate to noninitiates and outsiders to the culture as the author points out the purpose of shamanism can be summed up in two words coexistence and balance coexistence with our spirits and our

communities and the balance that must be preserved between all of us and within ourselves

Mysteries of the Jaguar Shamans of the Northwest Amazon 2020-04-01

the curanderos of northern peru traditional healing specialists who invoke jesus christ and the saints with a mescaline sacrament and a shamanic rattle are not vestigial curiosities nor are their patients rural illiterates without access to modern medicine instead many of these shamans have thriving urban practices with clients from all levels of society sorcery and shamanism documents the lives and rituals of twelve curanderos offering a perspective on their curing role and shared knowledge authors donald joralemon and douglas sharon also consider the therapeutic experiences of over one hundred patients including case histories and follow ups they offer a broad view of the shamans work in modern peruvian society particularly in connection with gender based conflicts the significant work goes a long way toward dispelling the stereotype of shamans as enigmatic and wise showing them to be pragmatic curers confronting the health effects of everyday aggressions and betrayals

Spirit Voices 2023-05-01

al tiempo que ofrece una visión igualmente completa de la fascinante religión de los vikingos que incluye la mitología nórdica descubrirás a un chamán y a una volva estos antiguos hechiceros vikingos su concepto del destino su visión de la vida después de la muerte su código moral la forma en que pensaban que estaba estructurado el universo la manera en que practicaban su religión el papel que jugaba la magia en sus vidas y mucho más incorporando las últimas investigaciones en la materia chamán del norte northern shaman es la introducción definitiva a los esplendores intemporales de la mitología y la religión nórdicas para el siglo xxi los conocimientos de un chamán y de una volva te guían en el camino de tu despertar y te aportan valiosas lecciones el camino de la volva enseña la práctica del poder del seidhr te permite acceder a realidades paralelas para conectar con un auténtico camino de sabiduría el camino del chamán te enseñará la historia de los animales de poder pero también te hablará de forma directa de guerrero berserker Él te liberará de todos tus condicionamientos tyrenis le revelará su forma de trabajar su modo de vida y su progreso espiritual este libro es un verdadero manual del despertar

Shamanism in Western North America 1975

in the shadow of the shaman is about the importance of connection to the deepest power of nature it tells you how to use natural objects from the shamanic worlds plant mineral animal and human to help make this personal connection with earth energies in doing this you are able to reconnect with the center of your own power because the shamanic path is such a personal one often not able to be shared this book has been designed so that it has the experiential quality of the shamanic journey traditions the author is also careful to present the information in a clear organized manner in doing so she blends the deeply personal wisdom of a shamanic path with the shared community wisdom of a medicine path this represents an ideal for aquarian shamanism but this book is not simply about shamanism it shows through techniques exercises meditations and rituals how anyone can become a shaman you will learn how to attune yourself with the shamanic worlds of nature and with the higher self for self healing and self empowerment you will learn to develop shamanic balance to become the living tree and you will do this by using such tools as stones crystals feathers masks drums and incense book jacket

Killing the Shamen 1985

explores the living spiritual tradition surrounding birds in native american culture pairs scholarly research with more than 200 firsthand accounts of bird signs from traditional native americans and their descendants examines the legends wisdom and powers of the birds known as the gatekeepers of the four directions eagle hawk crow and owl provides many examples of bird sign interpretations and human bird communication that can be applied in your own encounters with birds birds are our strongest allies in the natural world revered in native american spirituality and shamanic traditions around the world birds are known as teachers guardians role models counselors healers clowns peacemakers and meteorologists they carry messages and warnings from loved ones and the spirit world report deaths and injuries

and channel divine intelligence to answer our questions some of their signs are so subtle that one could discount them as subjective but others are dramatic enough to strain even a skeptic's definition of coincidence pairing scholarly research with more than 200 firsthand accounts of bird encounters from traditional native americans and their descendants evan pritchard explores the living spiritual tradition surrounding birds in native american culture he examines in depth the birds known as the gatekeepers of the four directions eagle in the north hawk in the east crow in the south and owl in the west including their roles in legends and the use of their feathers in shamanic rituals he reveals how the eagle can be a direct messenger of the creator why crows gather in crow councils and how shamans have the ability to travel inside of birds even after death expanding his study to the wisdom and gifts of birds beyond the four gatekeepers such as hummingbirds seagulls and the mythical thunderbird he provides numerous examples of everyday bird sign interpretations that can be applied in your own encounters with birds as well as ways we can help protect birds and encourage them to communicate with us

Encyclopedia of Native American Shamanism 1998-12-11

one of the last of the inuit to follow the traditional way of life describes his childhood his activities as a hunter and how he became an artist

The Shaman's Secret 2013-08-02

the forms of contemporary society and politics are often understood to be diametrically opposed to any expression of the supernatural what happens when those forms are themselves regarded as manifestations of spirits and other occult phenomena in not quite shamans morten axel pedersen explores how the darhad people of northern mongolia's remote shishged valley have understood and responded to the disruptive transition to postsocialism by engaging with shamanic beliefs and practices associated with the past for much of the twentieth century mongolia's communist rulers attempted to eradicate shamanism and the shamans who once served as spiritual guides and community leaders with the transition from a collectivized economy and a one party state to a global capitalist market and liberal democracy in the 1990s the people of the shishged were plunged into a new and harsh world that seemed beyond their control not quite shamans young unemployed men whose undirected energies erupted in unpredictable frightening bouts of violence and drunkenness that seemed occult in their excess became a serious threat to the fabric of community life drawing on long term fieldwork in northern mongolia pedersen details how for many darhads the postsocialist state itself has become shamanic in nature in the ideal version of traditional darhad shamanism shamans can control when and for what purpose their souls travel whether to other bodies landscapes or worlds conversely caught between uncontrollable spiritual powers and an excessive display of physical force the not quite shamans embody the chaotic forms the free market neoliberal reform and government corruption that have created such upheaval in peoples lives as an experimental ethnography of recent political and economic transformations in mongolia through the defamiliarizing prism of shamans and their lack not quite shamans is an attempt to write about as well as theorize postsocialism and shamanism in a new way

Studies in Siberian Shamanism 1963-12

secrets of the shaman is a follow up book to the shaman warrior in which the author gini graham scott a sociologist anthropologist describes her experiences in studying personally with michael fairwell the shaman teacher she first met at a magical encampment after she joined his group and studied with them in northern california as described in the shaman warrior she met with michael fairwell and some of his students for advanced training in the la area the book describes how she participated in a variety of exercises and lessons from working with altered states of consciousness and raising and manipulating subtle energies to working with

intention and creating gateways into other dimensions

In the Shadow of the Shaman 1988

as a wild drumming thunder shaman a warrior mounted on her spirit horse francisca kolipi s spirit traveled to other historical times and places gaining the power and knowledge to conduct spiritual warfare against her community s enemies including forestry companies and settlers as a civilized shaman francisca narrated the mapuche people s attachment to their local sacred landscapes which are themselves imbued with shamanic power and constructed nonlinear histories of intra and interethnic relations that created a moral order in which mapuche become history s spiritual victors thunder shaman represents an extraordinary collaboration between francisca kolipi and anthropologist ana mariella bacigalupo who became kolipi s granddaughter trusted helper and agent in a mission of historical reconstruction and myth making the book describes francisca s life death and expected rebirth and shows how she remade history through multitemporal dreams visions and spirit possession drawing on ancestral beings and forest spirits as historical agents to obliterate state ideologies and the colonialist usurpation of indigenous lands both an academic text and a powerful ritual object intended to be an agent in shamanic history thunder shaman functions simultaneously as a shamanic bible embodying francisca s power will and spirit long after her death in 1996 and an insightful study of shamanic historical consciousness in which biography spirituality politics ecology and the past present and future are inextricably linked it demonstrates how shamans are constituted by historical political and ecological events while they also actively create history itself through shamanic imaginaries and narrative forms

Bird Medicine 2013-05-20

in the popular imagination shamans and drums go together like bread and butter no one knows the historical origin of drums but they have certainly been made and played by people for thousands of years part of the way animal skins are prepared for eventual use as clothing or other things is to stretch them on a frame so they dry flat and if you tap such a skin drying on its frame it sounds like a drum i suspect these drying skins were probably the first drums ever made and eventually the stretching frame became the drum frame it is now fairly well known that the word shaman comes from siberia and it is in this vast geographical area that shamanism proper is still to be found nowadays the word shamanism has become a rather general word applied to all sorts of practices many of which are unrelated to the word s original meaning alongside this many of the spiritual practices of the world s first nations have also become labeled as shamanic although some anthropologists do not consider real shamanism to be found anywhere outside of siberia but if we allow a much wider definition of shamanism and say that many forms of shamanic spirituality occur across the planet we would still have to admit that many of them do not use drums at all in their shamanism and those that do don t use them like the shamans of central asia and siberia as these people have an unique understanding of the sacred role of the spirit of the drum indeed the drum is so important to siberian shamanism that beginning in 1929 the soviet clamp down on shamanism and the turning of shamans from figures of social importance to enemies of the people was achieved largely by the destruction or confiscation of their drums the same thing was done to the sami shamans of finland by the christian lutheran church in the previous century the church had a habit of burning the drums although a few together with some of the siberian drums taken by the communists were kept and put into museums all the drums used in siberian shamanism are the type known as frame drums a frame drum is made by stretching an animal skin over a frame of wood this frame is generally made from a long thin strip of wood bent into a rough circle the two ends of the plank being joined together in some way to keep the hoop closed and firmly fixed however wood does not have to be the only material for drum frames a traditional shaman s drum from manchuria in northern china has a thin metal frame with metal jingles attached to it but whether of metal or wood or even plastic as found on some modern drums these type of drums are all known as frame drums frame drums occur all over the world from the shaman s drums of siberia to the bodhran of ireland the bendir of north africa and the daf of

persia they are probably the oldest form of drum on earth frame drums like this also occur amongst the native peoples of america no doubt related to the shamanic drums of their ancestral homelands on the steppes of central asia where the people lived before they migrated across the land bridge that once connected the two continents however the medicine drums of north america do not have the same degree of sacred lore as their siberian cousins have

The Shaman's Nephew 2000

surveys the practice of shamanism over two and a half millennia of human history moving from the shamanic traditions of siberia and central asia where shamanism was first observed to north and south america indonesia tibet china and beyond eliade illuminates the magico religious life of societies that give primacy of place to the figure of the shaman at once magician and medicine man healer and miracle doer priest mystic and poet

Not Quite Shamans 2011-04-15

huichol indian yarn paintings are one of the world s great indigenous arts sold around the world and advertised as authentic records of dreams and visions of the shamans using glowing colored yarns the huichol indians of mexico paint the mystical symbols of their culture the hallucinogenic peyote cactus the blue deer spirit who appears to the shamans as they croon their songs around the fire in all night ceremonies deep in the sierra madre mountains and the pilgrimages to sacred sites high in the central mexican desert of wirikuta hope maclean provides the first comprehensive study of huichol yarn paintings from their origins as sacred offerings to their transformation into commercial art drawing on twenty years of ethnographic fieldwork she interviews huichol artists who have innovated important themes and styles she compares the artists views with those of art dealers and government officials to show how yarn painters respond to market influences while still keeping their religious beliefs most innovative is her exploration of what it means to say a tourist art is based on dreams and visions of the shamans she explains what visionary experience means in huichol culture and discusses the influence of the hallucinogenic peyote cactus on the huichol s remarkable use of color she uncovers a deep structure of visionary experience rooted in huichol concepts of soul energy and shows how this remarkable conception may be linked to visionary experiences as described by other uto aztecan and meso american cultures

Secrets of the Shaman 2007-03-27

the story of one of alaska s last indigenous strongholds shut off for a century until a fateful encounter between a shaman a preacher and a naturalist tucked in the corner of southeast alaska the tlingits had successfully warded off the anglo influences that had swept into other corners of the territory this native american tribe was viewed by european and american outsiders as the last wild tribe and a frustrating impediment to access missionaries and prospectors alike had widely failed to bring the tlingit into their power yet when naturalist john muir arrived in 1879 accompanied by a fiery preacher it only took a speech about brotherhood and some encouragement from the revered local shaman skandoo o to finally transform these hostile heathens using muir s original journal entries as well as historic writings of explorers juxtaposed with insights from contemporary tribal descendants across the shaman s river reveals how muir s famous canoe journey changed the course of history and had profound consequences on the region s native americans the product of three decades of thought research and attentive listening henry shines a bright light on events that have long been shadowy half known now thanks to careful scholarship and his access to tlingit oral history we are given a different perspective on familiar events we are inside the tlingit world looking out at the changes happening all around them alaska history
