Colossians

2017-06-06

after creating man and woman god s first recorded blessing upon them is be fruitful and multiply like the blessings of food and health the human experience of procreation is so common that we may overlook its importance within the biblical narrative however i will surely multiply your offspring a comprehensive examination of the progeny blessing demonstrates that this motif is both prevalent and significant within the old testament by tracing its development throughout the redemptive historical narrative viands identifies different progeny blessing traditions associated with the abrahamic covenant the sinai covenant and the new covenant and describes their interrelationships as well as their relationship to the universal blessing first found in genesis 1 this study lays the foundation for a biblical worldview of human proliferation contributing to contemporary discussions concerning whether humans are obligated to bear children as well as procreation ethics

hollywood s conversion to sound in the 1920s created an early peak in the film musical following the immense success of the jazz singer the opportunity to synchronize moving pictures with a soundtrack suited the musical in particular since the heightened experience of song and dance drew attention to the novelty of the technological development until the near collapse of the genre in the 1960s the film musical enjoyed around thirty years of development as landmarks such as the wizard of oz meet me in st louis singin in the rain and gigi showed the exciting possibilities of putting musicals on the silver screen the oxford handbook of musical theatre screen adaptations traces how the genre of the stage to screen musical has evolved starting with screen adaptations of operettas such as the desert song and rio rita and looks at how the hollywood studios in the 1930s exploited the publication of sheet music as part of their income numerous chapters examine specific screen adaptations in depth including not only favorites such as annie and kiss me kate but also some of the lesser known titles like li l abner and roberta and problematic adaptations such as carousel and paint your wagon together the chapters incite lively debates about the process of adapting broadway for the big screen and provide models for future studies
