comprehension skills

Josué: Prisoner at Shalem 2005-11-21 learn java from the ground up with animated illustrations that you manipulate this is the first effective java book for true beginners sure books before now focused on basic concepts and key techniques and some even provided working examples on cd still they lacked the power to transform someone with no programming experience into someone who sees who really gets it working with ground up java you will definitely get it this is due to the clarity of phil heller s explanations and the smoothly flowing organization of his instruction he s one of the best java trainers around but what s really revolutionary are his more than 30 animated illustrations which you ll find on the enclosed cd each of these small programs visual and interactive in nature vividly demonstrates how its source code works you can modify it in different ways distinctly altering the behavior of the program as you experiment with these tools and you can play with them for hours you ll gain both the skills and the fundamental understanding needed to complete each chapter s exercises which steadily increase in sophistication no other beginning java book can take you so far so quickly and none will be half as much fun note cd rom dvd and other supplementary materials are not included as part of ebook file

The Big Break 2014 head first object oriented analysis and design is a refreshing look at subject of ooad what sets this book apart is its focus on learning the authors have made the content of ooad accessible usable for the practitioner ivar jacobson ivar jacobson consulting i just finished reading hf ooa d and i loved it the thing i liked most about this book was its focus on why we do ooa d to write great software kyle brown distinguished engineer ibm hidden behind the funny pictures and crazy fonts is a serious intelligent extremely well crafted presentation of oo analysis and design as i read the book i felt like i was looking over the shoulder of an expert designer who was explaining to me what issues were important at each step and why edward sciore associate professor computer science department boston college tired of reading object oriented analysis and design books that only makes sense after you re an expert you ve heard ooa d can help you write great software every time software that makes your boss happy your customers satisfied and gives you more time to do what makes you happy but how head first object oriented analysis design shows you how to analyze design and write serious object oriented software software that s easy to reuse maintain and extend software that doesn t hurt your head software that lets you add new features without breaking the old ones inside you will learn how to use oo principles like encapsulation and delegation to build applications that are flexible apply the open closed principle ocp and the single responsibility principle srp to promote reuse of your code leverage the power of design patterns to solve your problems more efficiently use uml use cases and diagrams to ensure that all stakeholders are communicating clearly to help you deliver the right software that meets everyone s needs by exploiting how your brain works head first object oriented analysis design compresses the time it takes to learn and retain complex information expect to have fun expect to learn expect to be writing great software consistently by the time you re finished reading this **THE BIG BREAK** 2013-03-31 in the vein of how to stop feeling like sh t a practical guide to acknowledging and getting rid of the nonsense and bs in your life exhausted and overworked lawyer triathlete wife and mom meredith atwood decided one morning that she d had it she didn t take her kids to school she didn t go to work she didn t go to the gym when she pulled herself out of bed hours later than she should have she found a note from her husband next to two empty bottles of wine and a stack of unpaid bills you need to get your sh t together and that s what meredith began to do starting with identifying the nonsense in her life that was holding her back saying yes too much keeping frenemies around and more in the year of no nonsense atwood shares what she learned tackling struggles with work family and body image and also willpower and time management ultimately she s the tough as nails coach slash best friend who shares a practical plan for identifying and getting rid of your own nonsense in order to move forward and live an authentic healthy life from recognizing lies you believe about yourself and your abilities to making a nonsense list and developing a no nonsense blueprint this book walks you through reclaiming yourself with grit and determination step by step with targeted practical chapters to help you stop feeling stuck and get on with your life the year of no nonsense is equal parts girlfriend and been there done that the best part like any friend she helps you get to the other side

The Complete Idiot's Guide to Copywriter's Words And Phrases 2005-11-01 in book 2 of the major eights series scarlet goes solo and risks alienating her bandmates after their battle of the bands competition the girls are famous everyone knows who they are now even strangers recognize them but the attention starts to go to scarlet s head and she decides to sign up for the school s talent show as a solo artist but what about the major eights should she really leave the band and her friends behind with each book told from a different girl s perspective this series is all about girl power diversity and marching to the beat of your own drum
