common as air offers a stirring defense of our cultural commons that vast store of art and ideas we have inherited from the past that continues to enrich our present suspicious of the current idea that all creative work is intellectual property lewis hyde turns to america s founding fathers men like john adams james madison and thomas jefferson in search of other ways to value the fruits of human wit and imagination what he discovers is a rich tradition in which knowledge was assumed to be a commonwealth not a private preserve for the founding fathers democratic self governance itself demanded open and easy access to ideas so did the growth of creative communities such as that of eighteenth century science and so did the flourishing of public persons the very actors whose civic virtue brought the nation into being in this lively carefully argued and well documented book hyde brings the past to bear on present matters shedding fresh light on everything from the human genome project to bob dylan s musical roots common as air allows us to stand on the shoulders of america s revolutionary giants and to see beyond today s narrow debates over cultural ownership what it reveals is nothing less than an inspiring vision of how to reclaim the commonwealth of art and ideas that we were meant to inherit

1839

when the revolutionary war began the odds of a united continental effort to resist the british seemed nearly impossible few on either side of the atlantic expected thirteen colonies to stick together in a war against their cultural cousins in this pathbreaking book robert parkinson argues that to unify the patriot side political and communications leaders linked british tyranny to colonial prejudices stereotypes and fears about insurrectionary slaves and violent indians manipulating newspaper networks washington jefferson adams franklin and their fellow agitators broadcast stories of british agents inciting african americans and indians to take up arms against the american rebellion using rhetoric like domestic insurrectionists and merciless savages the founding fathers rallied the people around a common enemy and made racial prejudice a cornerstone of the new republic in a fresh reading of the founding moment parkinson demonstrates the dual projection of the common cause patriots through both an ideological appeal to popular rights and a wartime movement against a host of british recruited slaves and indians forged a racialized exclusionary model of american citizenship
