join in is a course for young learners of english it consists of four levels

Juan Serrano - Flamenco Guitar Basic Techniques 2007-04

the second book spanish reader for beginners elementary 2 takes basic spanish grammar structures such as regular verbs reflexive verbs stem change verbs and irregular verbs in the past tense placing them in the context of scenarios that help you learn them as you enjoy reading short paragraphs fully translated from spanish to english you will find a reading comprehension exercise after each chapter moreover in this second book i have introduced direct and indirect object pronouns which at times can prove to be quite daunting to master unless provided with extensive practice once your teacher has introduced you to this subject although each paragraph in spanish in this book includes a second paragraph in english i prefer to encourage students to understand the differences and uses of certain grammatical structures and verbs through paragraphs providing examples and short exercises that trigger intuitive learning however because this is a basic spanish reader i have provided literal spanish to english translation too literal at times for all paragraphs in order for the reader to comprehend sentence structure in spanish and thus acquiring greater understanding regarding the way we speak spanish in latin america we have intended to use four different colors to highlight the structures in the text however we are afraid that this feature will only be available in the print format as you begin to learn spanish as a foreign language the various uses of the verbs ser and estar may seem like quite challenging task nevertheless through the unique teaching style of costarica spanishonline school the learner is able to comprehend these structures in a natural manner you will find yourself gladly leaving behind exhausting exercises and finding your own way of learning through our more creative approach to learning a foreign language there is absolutely no need to rely on extensive drilling exercises you will find extended practice of ser and estar in the first book spanish reader for beginners elementary we highly suggest at the beginner level of this spanish course starting out with spanish reader for beginners elementary and spanish reader for beginners elementary 2 prior to purchasing spanish reader for beginners i hope you find these short paragraphs examples and exercises helpful iris acevedo a author founder
