Reinventing Political Culture

2013-05-09

the way people think and act politically is not set in stone people can and do change the fundamental cultural contours of their political situation their political culture does not only restrict imagination and action it is also a resource for political creativity and invention in reinventing political culture this resource is uncovered and explored analyzed as a tension between the power of culture and the culture of power the concept of political culture is reinvented and applied to understanding the practice of people transforming their own political culture in very different circumstances three instances of such reinvention are closely examined one historic during the twilight of the soviet empire one actively in process and actively opposed the obama revolution and one an apparent distant dream the power of culture and the culture of power that would avoid the clash of civilizations in the middle east in accessible and engaging prose goldfarb clearly and forcefully presents students and scholars of sociology comparative politics and cultural studies with an original position on political culture showing how the political cultures of our times pose not only grave dangers but also opportunities for creative alternatives

Political Culture and the Making of Modern Nation-States

2015-11-17

this book focuses on transformations of political culture from times past to future present it defines the meaning of political culture and explores the cultural values and institutions of kinship communities and dynastic intermediaries including chiefdoms and early states it systematically examines the rise and gradual universalization of modern sovereign nation states contemporary debates concerning nationality nationalism citizenship and hyphenated identities are engaged the authors recount the making of political culture in the american nation state and look at the processes of internal colonialism in the american experience examining how major ethnic sectarian racial and other distinctions arose and congealed into social and cultural categories the book concludes with a study of the holocaust genocide crimes against humanity and the political cultures of violation in post colonial rwanda and in racialized ethno political conflicts in various parts of the world struggles over legitimacy in nation building and state building are at the heart of this new take on the important role of political culture

The Civic Culture

2015-12-08

the authors interviewed over 5 000 citizens in germany italy mexico great britain and the u s to learn political attitudes in modern democratic states originally published in 1963 the princeton legacy library uses the latest print on demand technology to again

make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

Administered Politics

1980-01-31

several years ago freshly returned from a year in stockholm but deeply enmeshed in the american malaise of the late 1960s i sketched out an image of swedish policy making that defined a generalized policy making role and sought to relate that role to both citizen attitudes and the elite political culture in sweden although that sketch seems to have been taken seriously by other foreigners i think it is fair to say that the principal reaction of my swedish friends and colleagues was amusement when i later 1970-71 returned for another year in stockholm i found myself being introduced at parties as the man who had written that marvelously out of date sketch of how swedish politics used to work hah hah or i would be referred to as the american who like marquis child's some years earlier believed our propaganda by 1970-71 of course the swedish political environment had become more boisterous than it had been in 1967-68 indeed during the course of that year my amused colleagues found themselves enmeshed in a strike action against the government that was part of an emotional series of such actions that some observers thought would bring most public services to a halt if my earlier portrait had been influenced too much they thought by the american malaise in which i was implicated so must their later reaction to my portrait have been influenced too much i thought by the swedish turmoil of 1970 and 1971

Political Culture in East Central Europe

1996

volume 5 in the studies in political development series originally published in 1965 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

Political Culture and Political Development

2015-12-08

explores the cultural and political significance of the election of president trump donald j trump's presidency has delivered a seismic shock to the american political system its public sphere and to our political culture worldwide written by leading scholars across a range of disciplines as well as professionals in the field of political journalism this collection of essays offers a deeper understanding of trump and the impact that his rise to power has had both domestically and worldwide the first

section provides varied perspectives on the realignments of political culture in the united states that signify a paradigm shift a radical disruption of fundamental beliefs and values about the political process and national identity the second section of the book focuses on us foreign policy and diplomacy taking stock of how the trump presidency has disturbed the international system and us primacy within it the third section of the book addresses the dynamics and consequences of what has come to be called the post truth politics where conviction surpasses facts and the norms of political communication have been profoundly disrupted liam kennedy is professor of american studies and director of the clinton institute for american studies at university college dublin

Trump's America

2020-09-09

the trump presidency alone is a topic of considerable public discussion and debate yet donald trump signals much more than the behavior of a single person he is a symptom and not the sole cause a greater malaise gripping the republic albert p melone argues that the trump phenomenon is an instance of the rise of mass society and the decline of pluralist democracy he points out that yesteryear s madisonian pluralist paradigm of democracy no longer aptly describes and explains the american political world as it now exists by substituting the conceptual framework of mass society for the pluralism model the author points the way to a more powerful and convincing explanation of the trump phenomenon

Political Culture and the Making of Modern Nation-states

2014

aspects of political culture i e concerns with the subjective dimension of politics including dominant political orientations perceptions and interpretations always have been particularly relevant with regard to the case of germany and its great variety of political regimes during the last century this is true both with regard to political science and practical politics this volume provides a comprehensive overview concerning the major historical legacies regional and sub cultural variations and current problems of democratic orientations national identity and relationships to the outside world

American Political Culture

2015

this all encompassing encyclopedia provides a broad perspective on u s politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern american politics including popular belief political action and the institutions of power and authority readers will see how political culture is shaped by the attitudes opinions and behaviors of americans and how it affects those things in return the set also addresses the issue of american exceptionalism and examines the nation s place in the world both historically and in the 21st century essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance supreme court

rulings immigration crime and punishment and globalization social and cultural issues such as religion war inequality and privacy rights are discussed as well perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation's historical development its present identity and its future course by exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

Political Culture in the Age of Trump

2020-08-03

the authors explore the complex and reciprocal interactions between a society's dominant beliefs values and attitudes about politics and the nature of its political system

Political Culture in Germany

1993

the new political culture which began to take shape in the 1970s continues to challenge many assumptions of traditional politics especially on issues of environmentalism growth management gay rights and abortion concerned mostly with home consumption and lifestyle the new politics emerges fully in cities with more highly educated citizens higher incomes and more high tech service occupations leadership does not come from parties unions or ethnic groups but rather shifts from issue to issue leaders on abortion are distinct from leaders on environmental issues based on data gathered by the fiscal austerity and urban innovation project the most extensive study of local government in the world to date this book provides an explicit analysis of the social structural characteristics that encourage or discourage the new political culture

American Political Culture [3 volumes]

2015-04-28

east asia is one of the most dynamic areas of political change in the world today what role do citizens play in these processes of change drawing upon a unique set of coordinated public opinion surveys conducted by the world values survey this book provides a dramatically new image of the political cultures of east asia most east asian citizens have strong democratic aspirations even in still autocratic nations most east asians support liberal market reforms even in nations where state socialism has been dominant the book's findings thus provide a new perspective on the political values of asian publics we demonstrate that the dramatic socioeconomic changes of the past several decades have transformed public opinion altering many of the social norms traditionally identified with asian values and creating public support for further political and economic modernization of the region political culture in east asia is not an impediment to change but creates the potential for even greater democratization and marketization comparative politics is a series for students and teachers of political science that deals with contemporary government and politics the general editors are max kaase professor of political science vice president and dean school of humanities and social science international university bremen germany and kenneth newton professor of comparative politics university of southampton the series is

produced in association with the european consortium for political research

The transformation of political culture in Cuba

1972

demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique encyclopedia examines an exceptionally broad range of factors shaping modern american politics including popular belief political action and the institutions of power and authority readers will see how political culture is shaped by the attitudes opinions and behaviors of americans and how it affects those things in return

Political Culture and Democracy in Developing Countries

2022

this work introduces readers to politics by exploring the cultural foundations of american political ideals and understandings the basic values of america s liberal political inheritance are discussed in order to identify the common political vision that unites the country and forms a common polity special emphasis is given to the way american political ideals inform the institutional commitments characteristic of american politics and to the spirit of social justice that flows from the american concern for equal freedom

Facets of Power and Its Limitations

1998

although political culture is not the sole explanatory factor in the development of us policy toward israel it has played a key role in serving to shape and define the american approach to foreign affairs this book explains the american commitment to israel within a framework of political culture

The New Political Culture

1998-10-06

developing a theory of political culture as consisting of two dimensions discourse and practice the book explains how political culture can both inhibit political change and be a source of it it explores the nature and dynamics of political culture systematically and comprehensively and suggests numerous new lines of empirical research

Politics and Generations

1996

this all encompassing encyclopedia provides a broad perspective on u s politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation

Citizens, Democracy, and Markets Around the Pacific Rim

2006-11-02

democracy and political culture attempts to give a total picture of the political social culture of great britain in the 20th century it is a study of british democracy and asks the question what does it mean to describe britain as a democratic society

American Political Culture

2015

english political culture in the fifteenth century is a new and original study of how politics worked in late medieval england throwing new light on a much discussed period in english history michael hicks explores the standards values and principles that motivated contemporary politicians and the aspirations and interests of both dukes and peasants alike hicks argues that the wars of the roses did not result from fundamental weaknesses in the political system but from the collision of exceptional circumstances that quickly passed away overall he shows that the era was one of stability and harmony and that there were effective mechanisms for keeping the peace structure and continuities hicks argues were more prominent than change

Polity

2007

analysing data on eighteen countries this book systematically and comparatively evaluates norms attitudes and opinions concerning democracy and its consolidation and presents readers with a pan latin american examination of the region s contemporary political culture

US Policy Toward Israel

2006

compares stability and change in the political culture of the relatively new asian democracy japan and the much older western democracy britain by analysing long term trends and recent changes in political attitudes the authors seek to provide a unique perspective on these two island cultures

The Theory of Political Culture

2013

politicians and pundits often scorn polarization and compromise the intransigence of the former and the feebleness of the latter without suggesting an alternative way polarization when opposing forces are equal or close to equal in strength leads to stalemate compromise threatens to betray one s conviction about what is essential ideally a leader must combine conviction about what ought to be done with an open minded awareness of unintended consequences the social sciences are or should be based largely on the premise that people are historical and social beings holding the center follows this tradition while focusing on the trimming aspect in nautical terms trimming

indicates an adjustment of one's vessel to accommodate one's environment in politics it is to find common ground between extremes not for the sake of compromise but because reason does not have a single location on the political spectrum the twelve chapters in this book are brought together by goodheart's argument that the whig trimming tradition is the heart and soul of politics in the west and that both democracy and democratic culture depend upon the trimming tradition's advocacy of toleration what is needed now he notes is a transformation in our political culture in which humility and the admission of error enter the list of political virtues non parliamentary democracy with its separation of powers depends for its proper functioning on compromise especially in a time like ours of crisis and divided government

Political Culture and Political Development

1969

is there an american culture certainly says james morone americans are fighting over it now they have been fighting over it since the first puritan stepped ashore americans hate government no national health insurance and call for more of it lock em up they prize democracy power to the people and scramble to restrict it the electoral college in the 21st century they celebrate opportunity but only for some don't let those people in americans proclaim liberty then wrestle over which kind positive freedom from want or negative no new taxes in this volume morone offers his own answer to the conundrum of american political culture it is a perpetual work in progress immigrants arrive excluded groups demand power and each generation injects new ethnicities races religions ideas foods entertainments sins and body types into the national mix the challengers the devils we know keep inventing new answers to the nation's fundamental question who are we each essay in the devils we know takes up a different aspect of the creative conflicts that shape america ranging from huck finn to obamacare morone explores the ways in which culture interacts with other forces most notably the rules and organizations that channel collective choices the battle to define the nation's political culture spills over into every area of american life but three are especially important democracy economics and morals each in turn complicated by race race race written over 25 years these essays constitute a closely observed and deeply thoughtful vision of what america is its ideas images rules institutions and culture clashes together they explain just why america is the way it is and what it might become

American Political Culture: F-0

2015

how can you assess the effects of existing government policies on families are there ways to predict the effects of future policies upon the family challenging the view that governmental social programs have been detrimental to family life zimmerman provides empirical evidence to show that attitudes toward the government's role in relation to families are associated with the political cultures of different states she also illustrates the relationship between states political cultures and the kinds of family policies states enact important guidelines are suggested to aid in the development of a policy agenda that will enhance the well being of individuals and families regardless of where they live family policies and family well being examines findings from several independent but related undertakings including a survey of family professionals living in states with different political cultures an analysis of family legislation enacted by three states with different political cultures and an

examination of the relationships between states policy approaches to families and individual and family well being and the role of political culture exercises are provided to encourage the reader to carefully scrutinize the main issues exploring the connections between family policies individual and family well being and political culture this volume is important reading for professionals and students in social work political science public policy family studies and public administration timely thought provoking well organized and clearly written in an engaging and upbeat style the strength of the book lies in its versatility it can be used in both undergraduate and graduate courses in politics policy and research methods it can also serve as a model or certainly as point of reference for both novice and experienced researchers each chapter ends with a series of questions and exercises and the appendixes include a glossary of terms always a good idea a chart of all 50 states categorized according to their respective political cultures and a ready made survey for anyone wishing to replicate zimmerman s study family relations this important book follows earlier work by the author who is increasingly recognized as an expert in family policy it is highly recommended for professionals and scholars in the family field and for upperclass and graduate students among its assets are the exercises at the end of each chapter which encourage careful scrutiny of the issues raised journal of marriage and the family zimmerman is highly qualified to assess the subject of family policies and family well being her ambitious study defines family policies as everything governments do that affect families zimmerman examines explicit and implicit policies intentional and unintentional consequences direct and indirect effects and manifest and latent family effects zimmerman explores the relationship between political culture and marital ties teenage births poverty suicide rates and welfare expenditures at a state level the writing style is easy to read there is a list of references and a glossary of terms used in the text advanced undergraduates choice the strength of this book lies in its versatility it can be used in both undergraduate and undergraduate courses in politics policy and research methods it can also serve as a model or certainly as point of reference for both novice and experienced researchers each chapter ends with a series of questions and exercises and the appendixes include a glossary of terms always a good idea a chart of all 50 states categorized according to their respective political cultures and a ready made survey for anyone wishing to replicate zimmerman s study family relations the book will be most useful for readers interested in the connection between government and its family policies and programs zimmerman makes the book appealing by including a glossary of terms and numerous tables using current examples providing relevant exercises writing the book in first person and explaining how the book can be used to understand the political culture of one s own community canadian home economics journal
