Course Introduction 1986

Political Theory 1999 ideologies in educational administration and leadership explores ideological dimensions of educational administration in a number of western and central european contexts as they influence or shape the understanding analysis and practice in the field covering a broad range of topics such as ethics governance diversity and power the first section philosophical and theoretical foundations includes a range of sociological political and linguistic approaches to examining ideology in an educational context the second section ideologies of research and teaching includes examinations of neoliberal and technological effects on research and teaching as well as ideological shifts and challenges in the west and in eastern europe the last section contemporary and international issues includes critiques of social media neoliberal impact on schooling managerial leadership university ideologies in finland the rationalisation of universities and the impact of administrative ideologies on school systems the book will appeal to researchers practitioners policy makers academics as well as post graduates in educational administration theory and related courses in the ethics and politics of education educational leadership and organisational studies

Contemporary Political Ideologies 2006

Political Ideas and Concepts 1994 this is the first comprehensive volume to offer a state of the art investigation both of the nature of political ideologies and of their main manifestations the diversity of ideology studies is represented by a mixture of the range of theories that illuminate the field combined with an appreciation of the changing complexity of concrete ideologies and the emergence of new ones ideologies however are always with us the handbook is divided into three sections the first is divided into three sections the first reflects some of the latest thinking about the development of ideology on an historical dimension from the standpoints of conceptual history marx studies social science theory and history and leading schools of continental philosophy the second includes some of the most recent interpretations and theories of ideology all of which are sympathetic in their own ways to its exploration and close investigation even when judiciously critical of its social impact this section contains many of the more salient contemporary accounts of ideology the third focuses on the leading ideological families and traditions as well as on some of their cultural and geographical manifestations incorporating both historical and contemporary perspectives each chapter is written by an expert in their field bringing the latest approaches and understandings to their task the handbook will position the study of ideologies in the mainstream of political theory and political analysis and will attest to its indispensability both to courses on political theory and to scholars who wish to take their understanding of ideologies in new directions

Ideology and Discontent 1964 exposes the invisible yet pervasive nature of oppressive dominant ideologies the urgent need to articulate their existence and the harmful impact they have on education the solutions to many of the educational challenges facing subordinated students are not purely technical or methodological in nature but are instead rooted in commonly unacknowledged discriminatory ideologies and practices the invisible foundation hegemonic ideologies that inform our perceptions and treatment of subordinated students needs to be made explicit and studied critically in order to comprehend the challenges presented in minority education and possible solutions more accurately confronts the continuing existence and vigorous resurgence of not easily named discriminatory perspectives toward students from subordinated cultural groups as well as their numerous manifestations in schools and identifies the measures necessary to neutralize unequal material conditions and biased beliefs from publisher description
