Gazetteer of the Japanese Empire 1943

globalizing japan explores the social and cultural dimensions of japan s global presence japan s expansion and presence as an economic giant is witnessed on an everyday basis both consciously and unconsciously we regularly come into contact with japan s industrial and cultural globalization from cameras and automobiles to judo cuisine or animation japan s presence in the popular imagination is heavily influenced both by the country s historical past and its global present this book will appeal to students and scholars of japanese studies anthropology and cultural studies

Manners and Customs of the Japanese 1852

the relation between china and japan is one of the most important bilateral relationships in the world but how did the japanese view china in ancient times how did views change throughout the course of history how could china s image be improved in japanese people s eyes this book provides an analysis of the history of contact between china and japan and surveys the present situation to understand general views of japanese society toward china through scientific public opinion surveys as well as in depth interviews the book examines ordinary and elite japanese people s views of chinese culture society politics the economy media and sino japanese relations in addition it analyzes the main causes of the formation of such views and makes suggestions on promoting positive public opinions of china the authors hope that this title can deepen japanese society s understanding and comprehension of china help promote sino japanese non governmental exchange and lay the foundation for continuous development of sino japanese relations this title will appeal to students and scholars of cultural studies international relations and asian studies

Manners and Customs of the Japanese 2014-08-07

writing of francis king s 1961 novel about contemporary japan the custom house penelope mortimer praised its ferocious perception that widely acclaimed book gave a view of the country which in its revelation of the violence and brutality always present under a surface veneer of politeness and prettiness was bound to shock and annoy many japanophiles this collection of short stories written in the two year period following on the publication of the custom house shows that same penetrating insight into a civilisation in which politeness so often must do service for morality but is at once blander and more affectionate in its approach francis king who detested japan when he first arrived there left it five years later with regret and sadness he himself became a japanophile these stories show his talents in all their richness acid and unsparing to his fellow westerners in a sentimental education or the collectors dramatic in his handling of the clash between foreigner and japanese in the crack or the festival of the dead humorously ironic in a corner of a foreign field macabre in the puppets taken together the stories provide a picture of a country that is both remarkable in both extent and depth and guarantee for the reader like all francis king s books a compelling readability

The Japanese 2013-07

writers of materials included are generally from the lower rungs of society they provide an insight into the attitudes of citizens who are often neglected in accounts of the allied occupation providing scholars researchers etc with a valuable new dimension to our understanding of this occupation history and its impact on the japanese nation

📖📖📖📖📖 **2019-10**

young japan the story of the japanese people especially of their educational development offers a fascinating window into the rapidly changing world of meiji era japan published in 1905 this book explores the social cultural and educational transformations that took place in japan during this period scherer s lively and engaging narrative captures the spirit of an exciting and transformative era in japanese history and paints a vivid picture of a people and a culture in transition this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

A History of the Japanese People 1914

first published in 1991 this book attempts to clarify the psychology and status of the japanese people during the period from 1931 when japan s military expansion started to 1945 when japan experienced a catastrophic defeat in the pacific war this period is one of the most turbulent in the nation s history it saw the rise of fascism and militarism which led to confrontation and conflict with countries which stood for democracy liberty and freedom

The Japanese 1972

discusses the paradoxes of modern japanese society the contrast between group emphasis individualism and a strong sense of hierarchy and the highly egalitarian school and social system describes the government assesses politics and evaluates their democracy

Manners and Customs of the Japanese in the Nineteenth Century 1859

the kamikaze pilots or winds of god were created in 1945 during japan s twilight year of the second world war the world looked upon this monstrous creation of human bombs with disbelief but the young patriotic men of japan who signed up for the terrifying attack missions of the kamikaze program were unstoppable women looked on with envy and frustration at their own inadequacies which allowed only men into the program but did anyone of them really take the daring step of breaking this rule japanese rose is a haunting story of the secret life and love of sayuri miyamoto the woman who did dare to take on the whole japanese military to follow her dream of becoming a kamikaze pilot and paid dearly for that dream no one must ever know there was a female kamikaze pilot to dishonor and disgrace the discipline of the japanese military so from today you sayuri miyamoto are officially dead this book also takes readers on a sad journey through the ravages of war torn japan seen from the eyes of a young woman who cherished the impossible and forbidden dream of becoming a female kamikaze pilot who is this and why do you call me by this name it hasn t been used for 60 years the crisp irritable voice had changed to a soft quivering whisper like the moaning of an injured animal and it made mayumi uncomfortable at her intrusion into someone s obviously painful past with these words sayuri miyamoto finally broke the silence that had been imposed on her for decades but history will never admit or accept her existence so was she real or a myth born of the feverish imagination of one woman with an unfulfilled dream

📖📖📖📖📖📖📖 **2016-09-14**

in this adventurous new study brian j mcveigh demonstrates how nominally conflicting impressions of japan can be reconciled by a greater understanding of the state revealing flaws in current intellectual discourse

A Bibliography of the Japanese Empire 1895

a sunday times book of the year 2020 mightily impressive a marvellous read sunday times from the acclaimed author of japan story this is the history of japan distilled into the stories of twenty remarkable individuals the vivid and entertaining portraits in chris harding s enormously enjoyable new book take the reader from the earliest written accounts of japan right through to the life of the current empress masako we encounter shamans and warlords poets and revolutionaries scientists artists and adventurers each offering insights of their own into this extraordinary place for anyone new to japan this book is the ideal introduction for anyone already deeply involved with it this is a book filled with surprises and pleasures

The Japanese 1964

the meiroku zasshi is recognized as the single most important source for thought during the japanese enlightenment that followed the mei restoration of 1868 the men who wrote for the meiroku zosshi meiroku refers to the sixth year of meiji that is 1873 and zassirn means magazine were the encyclopedists of the meiji enlightenment trained as western experts during the reopening of the country after 1853 they introduced mid nineteenth century european and american culture to japan the forty three issues of the magazine represent a broad sampling of the way in which this culture was presented the influence of the meiroku zasshi on the nation builders of meiji japan was second to that of the writings of the great enlightener fukuzawa yukichi this crucial work in japanese cultural history is now accessible to readers in a precise beautifully rendered translation by william r braisted in the magazine s pages the meirokusha writers expressed their views on such concerns of the period as a popularly elected assembly the separation of church and state the status of women economic policy chemistry language reform and the nature of knowledge their prose style reflected their modernity terse dignified less artificial than the traditional literary modes they also translated articles from languages other than dutch until that time the only western language known to japanese scholars nowhere else can one find gathered together such representative writings by the leading intellectuals of the day many of them former samurai who fused their country s tradition of practical studies with the humane and useful knowledge of the west complete with braisted s highly informative introduction this full translation of the meiroku zosshi suggests why japan s modern experience has been unique

The Japanese Umbrella: and other stories 2013-11-21

for centuries the japanese used their language as a barrier to prevent non japanese from learning about the inner workings of japanese society and to ward off foreign influence in fact for a long period in japan s history the teeaching of japanese to foreigners was a serious crime against the state in this enlightening work renowned japanologist boye lafayette de mente discusses how the psychology of the social and political system that evolved over the centuries became imbued in and expressed by the language to a degree seldom seen in other cultures the author brings more than 25 years of experience in japan to the task of revealing the hidden cultural significance of current expressions in the japanese language with ample reference to history psychology philosophy and religion the reader learns how the japanese view certain behaviours and attitudes and why they are conditioned to respond in certain ways to specific situations features 230 quintessentially japanese expressions that every japanese knows and believes that non japanese cannot possibly understand a 14 entry set of introductory readings designed to offer a broad cultural overview of japan cross referencing of entires by thematic groupings such as loyalty collective behaviour and leadership this innovative text provides readers with the insights necessary for effective communication with their japanese counterparts whatever your involvement with japan personal travel or business ntc s dictionary of japan s cultural code words is an invaluable and one of a kind reference

The Japanese Nation 2006

excerpt from conspiracy at mukden the rise of the japanese military japan was confronted in the early nineteen thirties with two crucial problems her economy had been in a state of chronic malaise for three years when the world wide depression engulfed the nation and threatened disaster in china and manchuria because of the intense antiforeign sentiment which the rights recovery movement aroused japan was being prevailed upon to relinquish rights and privileges which in the course of decades she had come to assume were rightfully hers the growing feeling that the government was impotent to cope with the crises at home and abroad reinforced by rumors of corruption in high places discredited the diet and political parties that is to say the civilian government rather convincingly in the eyes of the people about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
