*Elie Wiesel* 2002 elie wiesel has given hundreds of interviews yet his fame as a human rights advocate often directs such conversations toward non literary issues indeed many of wiesel s questioners barely address the writer s role that has defined him since the 1950s unlike previous volumes in which he speaks with interviewers elie wiesel conversations collects interviews which set in relief the writer at work this book focuses on wiesel the literary artist instead of wiesel the holocaust survivor or the 1986 nobel peace prize laureate beyond highlighting wiesel s literary significance these interviews also correct many faulty assumptions about his achievement few american readers know that he writes in french that he has been favorably compared to andr malraux and albert camus not many realize that the holocaust has been the subject of only a few of his forty books particularly in his nonfiction wiesel s scope is wide addressing jewish life in all its religious and historical complexity though most of wiesel s books do not focus on the holocaust they are written against the backdrop of what he has come to term the event always the presence of auschwitz can be felt always the author lives in the shadows of the flames that once illuminated and blinded him these interviews are reminders that the writing life is both solitary and public interior and social the writer must venture beyond his study and speak out against the world s traumas and outrages robert franciosi is an associate professor of english at grand valley state university in allendale mich he is the editor of good morning a holocaust memoir his work has appeared in american poetry contemporary literature modern jewish studies and the william carlos williams review

**Elie Wiesel, an Extraordinary Life and Legacy** 2019-04-02 the author of this book weaves together five compelling and interrelated narratives the book's main concern is to present the world's first unauthorized biography of elie wiesel it shines the light of truth on the mythomaniac who in the 1970s transformed the word holocaust and made it the brand name of the world's greatest hoax the unfounded claim by an extremist segment of world jewry to the effect that the german government's wartime policy of territorial transfer of europe's jews out of the reich was in actuality an extermination program in these pages both wiesel's personal deceits and the whole myth of the six million are mercilessly exposed and laid bare for the reader's perusal unfortunately zionist control of the u s government as well as the nation's media and academic apparatus has allowed wiesel and his fellow extremists to force a string of u s presidents to genuflect before this imposter as symbolic acts of subordination to world jewry while simultaneously forcing u s school children to submit to holocaust brainwashing by their teachers the second strand involves close readings of several of wiesel's published texts with emphasis on his alleged autobiography the novel night the author demonstrates wiesel's appalling ignorance of both the physical details and layouts of the auschwitz and buchenwald camps and this ignorance also extends to german administrative protocols and procedures amazingly the novel's chronology of the events said to have really happened in the author's life is also disjointed confusing and internally contradictory the author also shows the role played by the meme of retroactive continuity in the telling of the holocaust story the third strand involves an historical account of the rise of holocaust revisionism mainly in the u s and france in response to the many obvious lies contained in the jewish holocaust narrative from the sudden appearance of the revisionist work of profs butz and faurisson in the 1970s through the zündel trials of the 1980s to the work of contemporary revisionists like bradley r smith germar rudolf carlo mattoigno thomas kues and others today this study shows through the words of the holocaustian extremists themselves how effective the revisionists have been in demolishing their lies the fourth strand shows how certain ambitious and unscrupulous u s catholic intellectuals have hitched a ride on the holocaust bandwagon as a means of advancing their careers ritual denunciation of the alleged silence of pope pius xii is unfortunately very much a part of this behavior finally the fifth strand concerns all those u s jews young and old who have been turned off by one or another aspect of the holocaust story and its use within the u s jewish community but who never criticize it openly for non jewish ears as for younger u s jews rabbi jacob neusner has been pointing out for years that it has not kept them jewish what he calls the holocaust and redemption cult within u s jewry has contributed to a pronounced abandonment of jewish identity through intermarriage with non jews at percentages never before seen or even imagined

**Legends of Our Time** 1982 how are holocaust events remembered and narrated and why what knowledge can holocaust testimony convey christine june wunderli explores these questions as she examines four works by holocaust survivor elie wiesel guided by bourdieu's theory of literary field as well as young's theory of literary representation she traces hasidic influences in wiesel's writing her conclusions are telling wiesel's narratives are born as memory is pulled towards both auschwitz and the shtetl caught up in the tension between the two still the emerging trajectory is one of hope led by a new categorical imperative christine june wunderli has worked as an independent writer in st john's canada since 2020 her focus is on theology philosophy and jewish studies
