newer peripherals 20 home data center code deployment with archlinux 23 the odroid arcade box have the perfect experience with your favorite arcade games 28 android development analyzing application network usage 30 sensing the presence chronicles of a mad scientist 32 meet an odroidian viacheslav alekseev when women were admitted to the royal academy schools in 1860 female art students gained a foothold in the most conservative art institution in england the royal female college of art the south kensington schools and the slade school of fine art also produced increasing numbers of women artists their entry into a male dominated art world altered the perspective of other artists and the public they came from disparate levels of society princess louise the fourth daughter of queen victoria studied sculpture at the national art training school yet they all shared ambition talent and courage analyzing their education and careers this book argues that the women who attended the art schools during the 1860s and 1870s including kate greenaway elizabeth butler helen allingham evelyn de morgan and henrietta rae produced work that would accommodate yet subtly challenge the orthodoxies of the fine art establishment without their contributions victorian art would be not simply the poorer but hardly recognizable to us today theodore k rabb one of the leading historians of early modern europe presents here the first full scale biography of the influential english parliamentarian colonizer and religious thinker sir edwin sandys 1561 1629 rabb has studied sandys s life and work for more than thirty years and shows that he played a vital role in the jacobean age s two most distinctive achievements the early development of england s constitutional structure and the overseas expansion that began the

british empire sandys made his contributions rabb demonstrates in the course of an extraordinarily diverse career sandys sat in the house of commons from the 1580s to the mid 1620s becoming its elder statesman and most influential voice on economic affairs constitutional issues and parliamentary procedure he was a leader of the virginia company and the bermuda company which established and settled these two early english colonies and was also a director of the east india company and in an age beset by religious extremism sandys wrote a book on religious toleration that was widely read and discussed throughout europe reassessment of parliamentary politics on the eve of the english civil war rabb shows that sandys helped shape gentry positions independent of crown or court on major political issues which in turn gave the house of commons a new prominence in english affairs this long needed work will prompt a reexamination of vital aspects of the constitutional colonial and religious history of the stuart period originally published in 1998 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905 creative learning projects passion peers play creative society pcmag com is a leading authority on technology delivering labs based independent reviews of the latest products and services our expert industry analysis and practical solutions help you make better buying decisions and get more from technology from the country s beginning essayists in the united states have used their prose to articulate the many ways their individuality has been shaped by the politics social life and culture of this place the cambridge history of the american essay offers the fullest account to date of this diverse and complex history from puritan writings to essays by indigenous authors from transcendentalist and pragmatist texts to harlem renaissance essays from new criticism to new journalism the story of the american essay is told here beginning in the early eighteenth century and ending with the vibrant heterogeneous scene of contemporary essayistic writing the essay in the us has taken many forms nature writing travel writing the genteel tradition literary criticism hybrid genres such as the essay film and the photo essay across genres and identities this volume offers a stirring account of american essayism into the twenty first century a scholarly work examining the continuing evolution of the magazine part of the popular handbooks in media and communication series the handbook of magazine studies is a wide ranging study of the ways in which the political economy of magazines has dramatically shifted in recent years and continues to do so at a rapid pace essays from emerging and established scholars explore the cultural function of magazine media in light of significant changes in content delivery format and audience this volume integrates academic examination with pragmatic discussion to explore contemporary organizational practices content and cultural impact offering original research and fresh insights thirty six chapters provide a truly global perspective on the conceptual and historical foundations of magazines their organizational cultures and narrative strategies and their influences on society identities and lifestyle the text addresses topics such as the role of advocacy in shaping and changing magazine identities magazines and advertising in the digital age gender and sexuality in magazines and global magazine markets useful to scholars and educators alike this book discusses media theory academic research and real world organizational dynamics presents essays from both emerging and established scholars in disciplines such as art geography and women s studies features in depth case studies of magazines in international national and regional contexts explores issues surrounding race ethnicity activism and resistance whether used as a reference a supplementary text or as a catalyst to spark new research the handbook of magazine studies is a valuable resource for students educators and scholars in fields of mass media communication and journalism an intriguing fabulously bizarre debut collection of short stories by prize winning german writer ingo schulze author of simple stories these thirty three macabre often comical short pieces revolve around moments of odd bliss moments seized by characters who have found ways to conquer the bleakness of everyday life in the chaotic world of post communist russia peopled by mafia gunmen desperate young prostitutes bewildered foreign businessmen and even a trio of hungry devils the stories are by turns tragic and bleakly funny from a sly retelling of the legend of st nicholas featuring a rich american named nick to a lavish gourmet feast in which the young female cook ends up as the main dish these stories are above all playful and even surreal and many of them are masterful tributes to russian writers from gogol to nabokov translated by john e woods build the essential 4 creativity collaboration communication and critical thinking go beyond theory and learn how to systematically integrate steam and maker spaces that prepare students for real world experiences this engaging resource outlines step by step processes to help anyone start their steam and maker journey includes charts checklists web links and profiles to help you make meaningful subject area connections and tap your students natural curiosity you ll learn to integrate steam and making into daily practice differentiate instruction for all learners align with core standards and the next generation science standards in this consumer culture studies anthology 23 reprinted essays 1934 98 consider both the empowering and disempowering elements of consumerism in her introduction scanlon women s studies plattsburgh state u of new york views consumer culture as a collaborative process not simply a matter of perpetrators and victims the themes the essays address are stretching the boundaries of the domestic sphere you are what you buy the message makers and sexuality pleasure and resistance in consumer culture the book features bandw illustrations promoting the cults of domesticity and identity through proper consumption it lacks an index c book news inc the role of design in the formation of the silicon valley ecosystem of innovation california s silicon valley is home to the greatest concentration of designers in the world corporate design

offices at flagship technology companies and volunteers at nonprofit ngos global design consultancies and boutique studios research laboratories and academic design programs together they form the interconnected network that is silicon valley apple products are famously designed in california but as barry katz shows in this first ever extensively illustrated history the role of design in silicon valley began decades before steve jobs and steve wozniak dreamed up apple in a garage offering a thoroughly original view of the subject katz tells how design helped transform silicon valley into the most powerful engine of innovation in the world from hewlett packard and ampex in the 1950s to google and facebook today design has provided the bridge between research and development art and engineering technical performance and human behavior katz traces the origins of all of the leading consultancies including ideo frog and lunar and shows the process by which some of the world s most influential companies came to place design at the center of their business strategies at the same time universities foundations and even governments have learned to apply design thinking to their missions drawing on unprecedented access to a vast array of primary sources and interviews with nearly every influential design leader including douglas engelbart steve jobs and don norman katz reveals design to be the missing link in silicon valley s ecosystem of innovation educational resource for teachers parents and kids president theodore roosevelt called jacob riis the best american i ever knew the pioneering photojournalist an immigrant from denmark drew attention to the poverty and evils of slum life in the late 1800s riis won national acclaim when his photos illustrated his bestselling book how the other half lives the book focused on the difficult time immigrants faced as thousands of newcomers flooded into the united states each year riis called for reform and hoped to prod government officials to help the poor people who were forced to live under horrible conditions the impact of riis photos came from capturing the poor and homeless as they lived and worked with the subjects eyes often staring directly into the camera the great photographer ansel adams called them magnificent achievements in the field of humanistic photography but the reforms that came from riis work have not eliminated urban poverty and homelessness and important work remains to be done
