important mission to date they must protect the prophet isaiah as he writes the crucial prophecies about the coming messiah it is a serious thing to claim to speak for god so serious in fact that a prophet who claimed to speak for god and whose words did not come to pass was to be put to death according to the old testament god takes both his name and his word so seriously that he gave some of the harshest rebukes in all the old testament to those who were claiming to bring revelation from him that he had not sent one final note there is always the temptation when dealing with a subject of this nature to pull out the most outlandish quotes in an attempt to make one s point more forcefully though it is certain that some will feel that this is exactly what has been done i have attempted to resist this temptation while an extreme example has occasionally been used in order to demonstrate how heretical the movement is at its fringes for the most part i have attempted to use quotes from those considered more mainstream within the apostolic and prophetic movement it is my desire to demonstrate that the issues addressed in this book are rampant within the community and not isolated in one or two marginal teachers it is my sincere prayer that this book will be used in some small measure to awaken the church to the seriousness of the errors being propagated within the apostolic race is on between the caliphate ships and a small team of scientists and mercenaries but what awaits them all is a threat far beyond the scope of any human government a history book of the year in the times cozzens is a master storyteller his books weave a wealth of intricate detail into gripping historical narrative the times marvellous one of the best pieces of native american history i have read s c gwynne bestselling author of empire of the summer moon winner of the western writers of america spur award for best biography shawnee chief tecumseh was a man destined for greatness the son of a prominent war leader he was supposedly born under a lucky shooting star charismatic intelligent handsome he was both a fierce warrior and a savvy politician in the first biography of tecumseh in more than twenty years peter cozzens thoroughly revises our understanding of this great leader and his movement arguing that his overlooked younger brother tenskwatawa the shawnee prophet was a crucial partner in tecumseh s success until tecumseh s death in 1813 he was alongside tenskwatawa the co architect of the greatest pan indian confederation in history over time tenskwatawa has been relegated to the shadows described as a talentless charlatan and a drunk but cozzens argues that while tecumseh was the forward facing diplomat appealing even to the white settlers attempting to steal shawnee land behind the scenes tenskwatawa unified multiple tribes with his deep understanding of shawnee religion and culture no other native american leaders enjoyed such a prominent role in the confederacy

graver threat to colonial expansion than tecumseh and tenskwatawa bringing to life an often overlooked episode in america s past cozzens paints in vivid detail the violent lawless world of the old northwest when settlers spilled over the appalachians to bloody effect in their haste to exploit lands won from the war of independence the warrior and the prophet tells the untold story of the shawnee brothers who retaliated against this threat becoming allies with the british army in the process and reveals how they were the last hope for native americans to preserve ways of life they had known for centuries
