in this era of experience economy and the leisure industry cities face increasing pressure to distinguish themselves ever since frank gehry put the city of bilbao into the international spotlight with his design for the guggenheim museum architecture played a more and more important role within this competition between cities city branding the planned image or brand of a city now forms a challenge for architects and urban planners how do you position a city in a culture dominated by globalization what are the priorities for inhabitants companies and investors group portraits of young architects 2002 brought together four occasional groups of architects which each developed a project for two cities in the netherlands based on city branding critical essays on the subject by berci florian hans mommaas and michael speaks koen van synghel puts the projects in perspective

The Builder 1895

whether you are a businessperson a departmental manager an employee a homemaker a student or a head of state author myles munroe explains how you can make your dreams and hopes a living reality through the principles and power of vision you will discover your purpose in life understand why vision is essential to your success grasp the necessary keys for fulfilling your life s dream develop a specific plan for achieving your vision overcome obstacles to your vision your success is not dependent on the state of the economy what careers are currently in demand or what the job market is like you do not need to be hindered by what people think you are capable of or a lack of resources this book provides you with time tested principles that will enable you to fulfill your vision no matter who you are or where you come from you were not meant for a mundane or mediocre life you do not exist just to earn a paycheck revive your passion for living pursue your dream discover your vision and find your true life

design is the single most important factor in creating a successful photograph the ability to see the potential for a strong picture and then organize the graphic elements into an effective compelling composition has always been one of the key skills in making photographs digital photography has brought a new exciting aspect to design first because the instant feedback from a digital camera allows immediate appraisal and improvement and second because image editing tools make it possible to alter and enhance the design after the shutter has been pressed this has had a profound effect on the way digital photographers take pictures now published in sixteen languages the photographer s eye continues to speak to photographers everywhere reaching 100 000 copies in print in the us alone and 300 000 worldwide it shows how anyone can develop the ability to see and shoot great digital photographs the book explores all the traditional approaches to composition and design but crucially it also addresses the new digital technique of shooting in the knowledge that a picture will later be edited manipulated or montaged to result in a final image that may be very different from the one seen in the viewfinder

The Bombing Of Bristol – Pictures of Streets And Buildings Damaged In The Raids of 1940 – 1941 2016-11-15

depicts ancient and medieval buildings and how they were built

The American Architect and Building News 1893

the phenomenon of studio goldsmithing when the history of art in the 1980s is written much of it will be etched in gold this is the time of the contemporary goldsmith an artist who chooses to work in precious metals rather than oils or marble the contemporary jeweler as artist has only recently become a re cognized force with rare exceptions the whole field is little more than thirty years old but it is only within the past fifteen years that these jewelers have entered the jewelry mainstream the phenomenon of contemporary goldsmithing embraces an eclectic group of artists each with a unique vision each taking a per sonal path to jewelry producing they have as little relationship to the typical mass produced jewelry as a champagne maker has to a bottler of orange soda they approach a piece of art not a piece of metal the work is personal and a perfect expression of the back to the land movement that spawned it many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge the jeweler artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles their meth ods their growth and their work are discussed here

the cleveland clinic way lessons in excellence from one of the worlds leading health care organizations (Download actions sustainable architecture then is seen as a revised conceptualisation of architecture in response to a myriad) of contemporary concerns about the effects of human activity the aim of this book is to be transformative by promoting understanding and discussion of commonly ignored assumptions behind the search for a more environmentally sustainable approach to development it is argued that design decisions must be based on both an ethical position and a coherent understanding of the objectives and systems involved the actions of individual designers and appropriate broader policy settings both follow from this understanding

The Photographer's Eye 2007-05-23

this title provides a comprehensive interdisciplinary account of the scholarship on religion conflict and peacebuilding extending that inquiry beyond its traditional parameters the volume explores the legacies of colonialism missionary activism secularism orientalism and liberalism while featuring case studies from diverse contexts and traditions the volume is organised thematically

The Moving Picture World 1914

the understandings which children have of indigenous identity provide means by which to explore the ways in which indigenous identity is both projected and constructed in society these understandings play a powerful part in the ways in which indigenous peoples are positioned in the mainstream society with which they are connected the research presented in this edited collection uses children s drawings to illuminate and explore the images children both mainstream and indigenous have of indigenous peoples the data generated by this process allows exploration of the ways in which indigenous identity is understood globally through a series of locally focussed studies connected by theme and approach the data serves to illuminate both the space made available by mainstream groups and aspects of modernity accommodated within the indigenous sense of self our aim within this project has been to analyse and discuss the ways in which children construct identity both their own and that of others children were asked to share their thoughts through drawings which were then used as the basis for conversation with the researchers in this way the interaction between mainstream modernity and traditional indigenous identity is made available for discussion and the connection between children s lived experiences of identity and the wider global discussion is both immediately enacted and located within broader international understandings of indigenous cultures and their place in the world
