76 is a collection of milestone articles of a leading scholar in the study of the norman kingdom of sicily a crossroads of latin christian greek byzantine and arab islamic cultures and one of the most fascinating but also one of the most neglected kingdoms in the medieval world some of his articles were published in influential journals such as english historical review viator mediterranean historical review and papers of the british school at rome while others appeared in hard to obtain festschrifts proceedings of international conferences and so on the articles included here based on analysis of latin greek and arabic documents as well as multi lingual parchments explore subjects of interest in medieval mediterranean world such as norman administrations multi cultural courts christian muslim diplomacy conquests and migrations religious tolerance and conflicts cross cultural contacts and so forth some of them dig deep into curious specific topics while others settle disputes among scholars and correct our antiquated interpretations his attention to the administrative structure of the kingdom of sicily whose bureaucracy was staffed by greeks muslims and latins has been a particularly important part of his work where he has engaged in major debates with other scholars in the field the transformation of a religious landscape paints a detailed picture of the sheer variety of early medieval christian practice and organization as well as the diverse modes in which church reform manifested itself in the eleventh and twelfth centuries from the rich archives of the abbey of the holy trinity of cava valerie ramseyer reconstructed the complex religious history of southern italy no single religious or political figure claimed authority in the region before the eleventh century and pastoral care was provided by a wide variety of small religious houses the line between the secular and the regular clergy was not well pronounced nor was the boundary between the clergy and the laity or between eastern and western religious practices in the second half of the eleventh

century however the archbishop of salerno and the powerful abbey of cava acted to transform the situation centralized and hierarchical ecclesiastical structures took shape and an effort was made to standardize religious practices along the lines espoused by reform popes such as leo ix and gregory vii yet prelates in southern italy did not accept all aspects of the reform program emanating from centers such as rome and cluny and the region s religious life continued to differ in many respects from that in francia priests continued to marry and have children laypeople to found and administer churches and greek clerics and religious practices to coexist with those sanctioned by rome this book examines latin narratives produced in the aftermath of the first crusade and challenges the narrative of supposed brutality and amorality of warfare in this period instead focusing on the moral and didactic concerns surrounding warfare and violence with which medieval authors wrestled the battle oration a rousing harangue exhorting warriors to deeds of valour has been regarded as a significant aspect of warfare since the age of xenophon and has continued to influence conceptions of campaigning and combat to the present day while its cultural and chronological pervasiveness attests to the power of this trope scholarly engagement with the literary phenomenon of the pre battle speech has been limited moreover previous work on medieval battle rhetoric has only served to reinforce the supposed brutality and amorality of warfare in this period highlighting appeals to martial prowess a hatred for the enemy and promises of wealth and glory this book through an examination of latin narratives produced in the aftermath of the first crusade and the decades that followed challenges this understanding and illuminates the moral and didactic concerns surrounding warfare and violence with which medieval authors wrestled furthermore while battle orations form a clear mechanism by which the fledgling crusading movement could be explored ideologically this comparative study reveals how non crusading warfare in this period was also being reconceptualised in light of changing ideas about just war authority and righteousness in christian society this volume is perfect for researchers students and scholars alike interested in medieval history and military studies in saints hommes de chiraz et du fārs pouvoir société et lieux de sacralité xe xve s denise aigle studies the spiritual role but also the political one played by the sufi shaykhs from the tenth century fārs was a land of holiness with shaykh kabīr in shiraz and murshid al dīn abū ishāq in kāzarūn this research is based on hagiographic sources historical chronicles literary sources and archival documents the author shows how the pre islamic history of fārs was integrated into spiritual islam thanks to the mystical speculations of the sufi shaykhs the particular interest of this research is its contribution to the history of lāristān a region that has long remained terra incognita thanks to handwritten hagiographic documents preserved in several private libraries we discover the existence and the role of spiritual masters until now totally unknown america in italy examines the influence of the american political experience on the imagination of italian political thinkers between the late eighteenth century and the unification of italy in the 1860s axel körner shows how italian political thought was shaped by debates about the american revolution and the u s constitution but he focuses on the important distinction that while european interest in developments across the atlantic was keen this attention was not blind admiration rather america became a sounding board for the critical assessment of societal changes at home many italians did not think the united states had lessons to teach them and often concluded that life across the atlantic was not just different but in many respects also objectionable in america utopia and dystopia seemed to live side by side and italian references to the united states were frequently in support of progressive or reactionary causes political thinkers including cesare balbo carlo cattaneo giuseppe mazzini and antonio rosmini used the united states to shed light on the course of their nation s

political resurgence concepts from montesquieu rousseau and vico served to evaluate what italians discovered about america ideas about american domestic manners were reflected and conveyed through works of ballet literature opera and satire transcending boundaries between intellectual and cultural history america in italy is the first book length examination of the influence of america s political formation on modern italian political thought set includes revised editions of some issues the present study deals with the royal mughal ladies in details and is concerned with their achievements and contributions which till today form a part of rich cultural heritage it provides a detailed account of the life and contributions of the royal mughal ladies from the times of babar to aurangzeb s with special emphasis on the most prominent among them this book examines the differences and similarities between warfare in china and india before 1870 both conceptually and on the battlefield by focusing on chinese and indian warfare the book breaks the intellectual paradigm requiring non western histories and cultures to be compared to the west and allows scholarship on two of the oldest civilizations to be brought together an international group of scholars compare and contrast the modes and conceptions of warfare in china and india providing important original contributions to the growing study of asian military history

southern italy did not accept all aspects of the reform program emanating from centers such as rome and cluny and the region's religious life continued to differ in many respects from that in francia priests continued to marry and have children laypeople to found and administer churches and greek clerics and religious practices to coexist with those sanctioned by rome

The Battle Rhetoric of Crusade and Holy War, c. 1099-c. 1222

2005-12-20

this book examines latin narratives produced in the aftermath of the first crusade and challenges the narrative of supposed brutality and amorality of warfare in this period instead focusing on the moral and didactic concerns surrounding warfare and violence with which medieval authors wrestled the battle oration a rousing harangue exhorting warriors to deeds of valour has been regarded as a significant aspect of warfare since the age of xenophon and has continued to influence conceptions of campaigning and combat to the present day while its cultural and chronological pervasiveness attests to the power of this trope scholarly engagement with the literary phenomenon of the pre battle speech has been limited moreover previous work on medieval battle rhetoric has only served to reinforce the supposed brutality and amorality of warfare in this period highlighting appeals to martial prowess a hatred for the enemy and promises of wealth and glory this book through an examination of latin narratives produced in the aftermath of the first crusade and the decades that followed challenges this understanding and illuminates the moral and didactic concerns surrounding warfare and violence with which medieval authors wrestled furthermore while battle orations form a clear mechanism by which the fledgling crusading movement could be explored ideologically this comparative study reveals how non crusading warfare in this period was also being reconceptualised in light of changing ideas about just war authority and righteousness in christian society this volume is perfect for researchers students and scholars alike interested in medieval history and military studies

Saints hommes de Chiraz et du Fārs

2014-02-05

in saints hommes de chiraz et du fārs pouvoir société et lieux de sacralité xe xve s denise aigle studies the spiritual role but also the political one played by the sufi shaykhs from the tenth century fārs was a a land of holiness with shaykh kabīr in shiraz and murshid al dīn abū isḥāq in kāzarūn this research is based on hagiographic sources historical chronicles literary sources and archival documents the author shows how the pre islamic history of fārs was integrated into spiritual islam thanks to the mystical speculations of the sufi shaykhs the particular interest of this research is its contribution to the history of lāristān a region that has long remained terra incognita thanks to handwritten hagiographic documents preserved in several private libraries we discover the existence and the role of spiritual masters until now totally unknown

America in Italy

2005

america in italy examines the influence of the american political experience on the imagination of italian political thinkers between the late eighteenth century and the unification of italy in the 1860s axel körner shows how italian political thought was shaped by debates about the american revolution and the u s constitution but he focuses on the important distinction that while european interest in developments across the atlantic was keen this attention was not blind admiration rather america became a sounding board for the critical assessment of societal changes at home many italians did not think the united states had lessons to teach them and often concluded that life across the atlantic was not just different but in many respects also objectionable in america utopia and dystopia seemed to live side by side and italian references to the united states were frequently in support of progressive or reactionary causes political thinkers including cesare balbo carlo cattaneo giuseppe mazzini and antonio rosmini used the united states to shed light on the course of their nation s political resurgence concepts from montesquieu rousseau and vico served to evaluate what italians discovered about america ideas about american domestic manners were reflected and conveyed through works of ballet literature opera and satire transcending boundaries between intellectual and cultural history america in italy is the first book length examination of the influence of america s political formation on modern italian political thought
