The Handbook of Global Outsourcing and Offshoring

2022-11-10

global sourcing is a complex area and one that managers must get to grips with as business investment in outsourcing continues to climb this book provides invaluable guidance for the reader walking them through the fundamentals of global sourcing to very recent trends including intelligent automation cloud services and crowdsourcing replete with key examples and cases it allows students and managers alike to relate academic theory to practice acting as a roadmap to a rapidly evolving field for the last decade the authors have studied the full spectrum of activities involved in global sourcing from both client supplier and advisory viewpoints their research has shown that while more firms engage in global sourcing activities many of them are still struggling to extract value from sourcing relationships while past research has produced numerous practical frameworks regarding the management of global sourcing of services little of this insight has been put into practice this book addresses such shortcomings by exploring the impact of theory on practice it is important reading for any academic student or practitioner concerned with global sourcing either from the client or supplier perspective

The Handbook of Global Outsourcing and Offshoring 3rd edition

2015-01-23

corporate social responsibility csr is about managing an organization s impact on society and the environment through its operations products or services and through its interaction with key stakeholders such as employees customers investors and

suppliers this book addresses how outsourcing can be used as a powerful tool for advancing critical social economic and environmental issues on a global basis additionally it examines corporate responsibility policies and practices for outsourcing including identifying and showcasing policies that our membership have adopted creating a framework for companies to model new cr policies and provides multiple resources for readers active for several years within the iaop is the corporate social responsibility csr subcommittee of the iaop advocacy and outreach committee as an outgrowth of the work of the csr subcommittee the need for an outsourcing professional s guide to csr was identified from both the 2009 and the more recent 2011 iaop survey on corporate social responsibility in outsourcing it was shown that an overwhelming and consistent 84 85 of organizations would follow iaop guiding principles for socially responsible outsourcing this stable percentage of organizations looking for guidance bodes well for the development of the iaop s outsourcing professionals guide to corporate social responsibility iaop is the global standard setting organization and advocate for the outsourcing profession with a global community of more than 110 000 members and affiliates worldwide iaop is the leading professional association for organizations and individuals involved in transforming the world of business through outsourcing offshoring and shared services our client side members are on average responsible for 60 million per year of outsourcing spending with some overseeing outsourcing programs in the billions of dollars 85 of iaop members credit iaop for improved outsourcing outcomes at their organizations and 93 of iaop s certified outsourcing professionals cops say that the designation has had a positive impact on their careers

Outsourcing Professionals - Guide to Corporate Responsibility

1989

International Organization for Standardization (ISO) is a global organization that develops and publishes international standards. The ISO 21500:2012 standard provides guidance on outsourcing. The standard is designed to help organizations manage their outsourcing relationships effectively and responsibly. It covers the entire outsourcing process, from selection to termination. The standard is based on best practices and is intended to be used as a framework for developing and implementing outsourcing policies and procedures. The standard is applicable to all types of outsourcing, including IT, manufacturing, and services. The standard is designed to be used by organizations of all sizes and in all industries. The standard is a key resource for organizations looking to improve their outsourcing practices and ensure that they are meeting the needs of their stakeholders. The standard is a key resource for organizations looking to improve their outsourcing practices and ensure that they are meeting the needs of their stakeholders.
