Making and Using Word Lists for Language Learning and Testing 2016-09-08

word lists lie at the heart of good vocabulary course design the development of graded materials for extensive listening and extensive reading research on vocabulary load and vocabulary test development this book has been written for vocabulary researchers and curriculum designers to describe the factors they need to consider when they create frequency based word lists these include the purpose for which the word list is to be used the design of the corpus from which the list will be made the unit of counting and what should and should not be counted as words the book draws on research to show the current state of knowledge of these factors and provides very practical guidelines for making word lists for language teaching and testing the writer is well known for his work in the teaching and learning of vocabulary and in the creation of word lists and vocabulary size tests based on word lists

Essential Latin Vocabulary 2013-02-28

this book is designed to help beginning and intermediate students master the vocabulary necessary to read real latin with fluency and comprehension it also serves as a resource for instructors and tutors the text presents 1 425 words that allow a student to comprehend about 95 percent of all the vocabulary they will ever see in an actual latin text the terms found in the present book have been culled from statistical analyses of the works of more than two hundred authors in order to identify the core vocabulary were students to start out by learning the 25 most common words on this list an astonishing 29 percent of all the vocabulary ever needed would be at their command if a student masters the 300 most frequent words in this list well over half of all the vocabulary necessary for fluent reading will be theirs the goal of the book is to provide the student with the most efficient way to learn vocabulary chapters 1 and 2 in particular are designed for drill review and study the first chapter draws together all words that share the same grammatical classification for example all third declension neuter nouns are brought together in one place with their definitions by listing the vocabulary in grammatical groups all the words that share a set of endings are assembled for the student vocabulary and endings thus reinforce each other furthermore each list of terms is broken down into groups of five words for ease in drawing up vocabulary lists to work with within the grammatical lists each part of speech is preceded by an account of how the terms within are distributed a student thus quickly learns that while there are 413 verbs that need to be mastered well over one third of these 157 are found in the third conjugation while only about one per cent 21 will be found in the fourth conjugation with such information independent students or instructors can prioritize their study and assignments more appropriately in the second chapter large parts of the vocabulary with their attendant definitions are regrouped by topics a student who wishes therefore to focus on nature human emotions or military issues will find such vocabulary conveniently grouped together chapter three lists the vocabulary terms from the most frequently occurring words to the least frequent students or instructors who wish to lean more heavily on the most or least frequently occurring terms within their drills and studies can thus consult this frequency list after the frequency list the fourth chapter presents an alphabetical index of the terms two final chapters close the text the first is a list of endings and paradigms for nouns adjectives

and verbs complete paradigms and endings are given for review the final chapter provides the student with an additional one hundred words that are uniquely common in the latin of the middle ages these one hundred words if added to the mix would give the student a mediaeval vocabulary that would match the efficiency of the classical vocabulary that is the main focus of the book for the effort of learning an additional one hundred words another 1 000 years of latin texts open up before the student as a whole then this book offers the vocabulary that forms the core of one thousand seven hundred years of latin literature if the goal is to learn to read latin with joy and ease then the vocabulary terms in this book are one of the major keys to success by learning these terms a student s vocabulary should be ready to tackle the latin of any era from the classical period to the renaissance

Greek-English Word-list Containing About 1000 Most Common Greek Words, So Arranged as to be Most Easily Learned and Remembered 2018-11-02

excerpt from six thousand common english words their comparative frequency and what can be done with them in placing this book in your hands i ask for it a careful reading and serious consid cration the ultimate aim of the work is the introduction of a limited vocabulary for universal use it points out certain facts that show this to be possible and feasible for such a vocabulary it proposes the selection of words now already in frequent use in some one or

more of the principal languages and nations of the world including the English this vocabulary so far as it goes to be learned and used throughout the world to the exclusion in printed matter and as much as possible in speech of all other words having the same meanings it shows that a moderate number of words wisely selected would enable any two people understanding them though they had no other words in common to converse intelligently on many subjects the book gives lists of words compiled from current literature indicating approximately what English words would need to be represented by words of this universal eclectic or polyglot vocabulary and explains how the results aimed at may be attained it shows how these necessary words are to be selected from various languages how they may be universally introduced and how all other words having the same meanings may be excluded from use in all printed matter and in all languages no difficulties are skipped and an effort has been made to point out the hard spots the undertaking is large only because there are immense numbers of people to reach and teach and because they are scattered over immense territories it requires no Herculean effort by any individual or any nation it will take you less than an hour and a half to read this plan and when you have read it all you will know that the plan is feasible that it can be carried out and the vocabulary gradually introduced into the literature of the world without confusion and that the world will not be turned upside down in the process about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
