A History of the Peninsular War, Volume VI:

September 1, 1812 to August 5, 1813 2014-08-15

illustrated with 11 maps and 2 portraits the

1807 14 war in the iberian peninsula was one

of the most significant and influential

campaigns of the napoleonic wars arising from

napoleon s strategic need to impose his rule

over portugal and spain it evolved into a

constant drain on his resources sir charles

oman s seven volume history of the campaign is

an unrivalled and essential work his extensive

use and analysis of french spanish portuguese

and british participants accounts and archival

material together with his own inspection of

the battlefields provides a comprehensive and

balanced account of this most important

episode in napoleonic military history between

the autumn of 1812 and the late summer of 1813

campaigning in the peninsula took on a new

aspect from being a defence of portugal and

those parts of spain not under french control

it became an effort by the british spanish and

portuguese forces to drive the french out

completely operations at the end of 1812

included the unsuccessful british siege of

burgos and the subsequent retreat renewed

campaigning on the east coast of spain

including murray s actions around tarragona and the beginning of the final offensive against the french including the epic battles of roncesvalles maya and sorrauren

2013-09 this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1922 edition excerpt 18th 19th started far too late to reach pampeluna in time to stop clausel s departure southward indeed it did not catch him up till the battle of vittoria had been fought and the king was a fugitive on the way to france foy received orders a little earlier though not apparently those sent directly by the king but a copy of a dispatch to thouvenot governor of vittoria in which the latter was instructed that if general foy and his division are in your neighbourhood you are to bid him give up his march on bilbao and draw in towards vittoria unless his presence is absolutely necessary at the point where he may be at present i this unhappy piece of l vie militaire du general foy p 206 the editor girod de l ain seems to prove that foy got no other dispatch though jourdan declares that several had been sent to him 1813 wellington on the bayas 879 wording gave foy a choice which he interpreted as authorizing him to

remain at bergara so as to cover the high road to france a task which he held to be absolutely necessary as to the troops already on the spot reille was ordered to defend the line of the bayas river until the armies of the south and centre should have had time to get past his rear and reach vittoria gazan was ordered to collect the whole of the army of the south at arminion behind miranda drawing in at once the considerable detachment which he had left beyond the ebro in this position he was to wait till d erlon with the army of the centre who had to move up from haro ten miles to the south should have arrived and have got on to the great chaussie he was then to follow him acting as rearguard of the whole force between arminion and vittoria the road passes for two miles through the very narrow

A History of the Peninsular War, Volume V:

October 1811-August 31, 1812 2014-08-15

illustrated with 15 maps and 6 portraits the 1807-14 war in the iberian peninsula was one of the most significant and influential campaigns of the napoleonic wars arising from napoleon s strategic need to impose his rule over portugal and spain it evolved into a constant drain on his resources sir charles oman s seven volume history of the campaign is an unrivalled and essential work his extensive use and analysis of french spanish portuguese and british participants accounts and archival

material together with his own inspection of the battlefields provides a comprehensive and balanced account of this most important episode in napoleonic military history during this period the outcome of the war was effectively decided by wellington s advance from portugal into spain the operations that took place at this time included the french campaigns of late 1811 the allied offensive and wellington s great victory at salamanca other notable actions included that at garcia hernandez and there were also smaller operations such as those on the east coast of spain orders of battle lists of strength and casualties and an account of wellington s intelligence officer and code breaker sir george scovell whose efforts contributed greatly to wellington s plans of campaign are given in the appendices to this volume

A History of the peninsular war 1908 from the battle of corunna to the end of the talavera campaign the fate of the iberian peninsula was in the balance during january september 1809 when it seemed possible that napoleon would achieve control over spain and portugal

Sir Charles Oman's History of the Peninsular War Volume II 2021-04-09 illustrated with 14 maps and 5 portraits the 1807 14 war in the iberian peninsula was one of the most significant and influential campaigns of the napoleonic wars arising from napoleon s

strategic need to impose his rule over portugal and spain it evolved into a constant drain on his resources sir charles oman s seven volume history of the campaign is an unrivalled and essential work his extensive use and analysis of french spanish portuguese and british participants accounts and archival material together with his own inspection of the battlefields provides a comprehensive and balanced account of this most important episode in napoleonic military history volume iii covers the period from september 1809 to december 1810 when the french were consolidating their hold on spain crushing resistance and attempting to drive the british out of portugal however they could not wholly defeat their opponents the forces of the spanish regency council with british and portuguese aid held out against the siege of cadiz wellington s allied army fought a model defensive battle at bussaco stalling the french drive into portugal and enabling the british and portuguese forces to retire to the shelter of the torres vedras fortifications here the allies defence led to a strategic victory blunting the french offensive and ultimately forcing the french to abandon their invasion

A History of the Peninsular War, Volume III
September 1809 to December 1810 2014-08-15

illustrated with 18 maps and illustrations the

1807-14 war in the Iberian Peninsula was one of the most significant and influential campaigns of the Napoleonic Wars arising from Napoleon's strategic need to impose his rule over Portugal and Spain. It evolved into a constant drain on his resources. Sir Charles Oman's seven-volume history of the campaign is an unrivalled and essential work. His extensive use and analysis of French, Spanish, Portuguese, and British participants' accounts and archival material, together with his own inspection of the battlefields, provides a comprehensive and balanced account of this most important episode in Napoleonic military history. Between August 1813 and the end of hostilities in April 1814, Napoleon's forces were finally expelled from the Iberian Peninsula. Wellington's army invaded southern France, only halting its operations when news was received of Napoleon's abdication. The events covered in this volume include the British siege and capture of St. Sebastian, the final campaigning in eastern Spain, Wellington's invasion of France, and the last actions of the war: the Battle of Toulouse and the French sortie from Bayonne. A chapter on the place of the Peninsular War in history concludes Oman's monumental work.

A History of the Peninsular War, Volume VII: August 1813 to April 14, 1814 2014-08-15
This classic work of military history offers a

comprehensive account of the peninsular war which pitted the forces of napoleon against a coalition of spanish british and portuguese armies written by one of the leading military historians of the 19th century it is still considered a valuable resource for students and scholars of the napoleonic wars and the history of europe in the early 19th century this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

History of the Peninsular War; In Six Volumes 2023-09-20 this is a curated and comprehensive collection of the most important works covering matters related to national security diplomacy defense war strategy and tactics the collection spans centuries of thought and experience and includes the latest analysis of

international threats both conventional and asymmetric it also includes riveting first person accounts of historic battles and wars some of the books in this series are reproductions of historical works preserved by some of the leading libraries in the world as with any reproduction of a historical artifact some of these books contain missing or blurred pages poor pictures errant marks etc we believe these books are essential to this collection and the study of war and have therefore brought them back into print despite these imperfections we hope you enjoy the unmatched breadth and depth of this collection from the historical to the just published works

A History of the Peninsular War, Volume 1 - War College Series 2015-02-24 volume 5 of the 6 volume history of the peninsular war fortescue is rightly renowned for his multi volume magnum opus the history of the british army which since it was written in the early decades of the twentieth century feature the struggles with napoleonic france as a substantial part of the whole these campaigns took place across the world but for the british most notably in spain portugal and the south of france following the french invasion of iberia the numerous disconnected sections within fortescue s larger work concerning the peninsular war have been extracted for the

first time and carefully edited to create this six volume history there can be no doubt that in fortescue the british army found one of its finest historians his scholarship is superb but is balanced by outstanding and fearless academic analysis what makes this history incomparable and essential is that fortescue was a contemporary of the other great british military historian of the modern age charles oman who wrote his own history of the peninsular war fortescue conferred and collaborated with oman to produce this work and within these pages the reader will discover both confirmations and qualified corrections to some of oman s assertions on points of detail fortescue was extraordinarily thorough in his use of primary source material which is annotated and he additionally walked the ground of the campaign himself the magnitude of the joint scholarship which brought this history into being cannot be overstated this analysis of the peninsular war differs significantly from fortescue s other writings on the british army in that it embraces the activities of the french and the spanish in some depth thus creating a total view this is a serious academic and thoroughly readable history and no library of the subject can be truly said to be complete without it the text has been complemented in this leonaur edition by battlefield maps not present in the

original publication leonaur editions are newly typeset and are not facsimiles each title is available in softcover and hardback with dustjacket our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands

The British Army and the Peninsular War

2016-10-25 this the third volume of the history of the peninsular war covers a longer period than either of its predecessors extending over the sixteen months from wellington s arrival at badajoz on his retreat from talavera sept 3 1809 to the deadlock in front of santarem dec 1810 which marked the end of masséna s offensive campaign in portugal it thus embraces the central crisis of the whole war the arrival of the french in front of the lines of torres vedras and their first short retreat after they had realized the impossibility of forcing that impregnable barrier to their advance the retreat that began at sobral on the night of nov 14 1810 was to end at toulouse on april 11 1814 the armies of the emperor were never able to repeat the experiment of 1810 and to assume a general and vigorous offensive against wellington and portugal in 1811 they were on the defensive despite of certain local and partial attempts to recover their lost initiative in 1812 they had to abandon half spain andalusia estremadura asturias la mancha

and much more despite of wellington s temporary check before burgos in 1813 they were swept across the pyrenees and the bidassoa in 1814 they were fighting a losing game in their own land rightly then may masséna s retreat to santarem be called the beginning of the end though it was not for a full year more that wellington s final offensive commenced with the investment of ciudad rodrigo on jan 8 1812 the campaign of bussaco and torres vedras therefore marked the turning point of the whole war and i have endeavoured to set forth its meaning in full detail devoting special care to the explanation of wellington s triple device for arresting the french advance his combination of the system of devastation of the raising of the levée en masse in portugal and of the construction of great defensive lines in front of lisbon each of these three measures would have been incomplete without the other two for the lines of torres vedras might not have saved portugal and europe from the domination of napoleon if the invading army had not been surrounded on all sides by the light screen of irregular troops which cut its communications and prevented it from foraging far afield nor would masséna have been turned back if the land through which he had advanced had been left unravaged and if every large village had contained enough food to subsist a brigade for

a day or a battalion for a week the preparations the advance and the retreat of masséna cover about half of this volume the rest of it is occupied with the operations of the french in northern eastern and southern spain operations which seemed decisive at the moment but which turned out to be mere side issues in the great contest for soult s conquest of andalusia and suchet s victories in aragon catalonia and valencia only distracted the imperial generals from their central task the expulsion of wellington and his army from the peninsula most readers will i think find a good deal of new information in the accounts of the siege of gerona and the battle of ocaña the credit due to alvarez for the defence of the catalonian city has never been properly set forth before in any english history nor have the details of areizaga s miserable campaign in la mancha been fully studied in particular the composition and strength of his army have never before been elucidated and appendices v vi of this volume consist of absolutely unpublished documents to be continue in this ebook
