Achieving College Dreams 2015-01-08

from the magisterial to the mundane achievements play a role in the best kind of human life and many people think that they are of such importance that they are worth pursuing at the expense of serious sacrifices yet for all that no philosophers have devoted more than a few short passages to discerning what makes achievements valuable or even what makes something an achievement to begin with gwen bradford presents the first systematic account of what achievements are and what it is about them that makes them worth doing it turns out that more things count as achievements than we might have thought and that what makes them valuable isn't something we usually think of as good it turns out that difficulty perhaps surprisingly plays a central part in characterizing achievements and their value achievements are worth the effort but just what does it mean for something to be difficult and why is it valuable a thorough analysis of the nature of difficulty is given and ultimately the best account of the value of achievements taps into perfectionist axiology but not just any perfectionist theory of value will do and in this book we see a new perfectionist theory developed that succeeds in capturing the value of achievement better than its predecessors

The Alphabet of Leadership 2019-02-20

The Road to Co-operation 2004

when it comes to race in america we must face one uncomfortable but undeniable fact almost 50 years after the birth of the civil rights movement inequality still reigns supreme in our classrooms at a time when african american students trail their white peers on academic tests and experience high dropout rates low college completion rates and a tendency to shy away from majors in hard sciences and mathematics the black white achievement gap in our schools has become the major barrier to racial equality and social justice in america in fact it is arguably the greatest civil rights issue of our time the black white achievement gap is a call to action for this country to face up to and confront this crisis head on

renowned former secretary of education rod paige believes we can close this gap in this thought provoking book he and elaine witty trace the history of the achievement gap discuss its relevance to racial equality and social justice examine popular explanations and offer suggestions for the type of committed leadership and community involvement needed to close it african american leaders need to rally around this important cause if we are to make real progress since students academic performance is a function not only of school quality but of home and community factors as well the black white achievement gap is an unflinching and long overdue look at the very real problem of racial disparity in our schools and what we must do to solve it

Safety Science Research 2010-02-01
