Conflict and Control in an African Trade Union 1969

case study of leadership in the nigerian coal miners trade union as an example of centralization of power and resulting conflicts in labour relations includes historical aspects of working conditions in coal mining structural and administrative aspects of the union labour disputes and grievance handling employees attitudes and management attitudes toward the union etc bibliography pp 165 to 170

Conflict and control in an African trade union 1969

this book offers a new perspective on the relationship between trade unions and the state in the period 1910 21 using a range of primary sources it explores the constraints placed by industrial conflict on both state and trade union action it aims to contribute to and clarify some of the main issues raised by the rank and filist debate through an analysis of the sources from which state industrial relations policy derived for the whole of this period

Trade Unions and the Management of Industrial Conflict 1998

the gusii people of kenya africa were the last major kenyan ethnic group to be conquered by the british this is an

account of their experience under colonial control and a portrayal of their strong and steadfast resistance illustrated with maps and tables

Conflict and Accommodation in Western Kenya 1989

jan klabbers examines how membership of the european union affect treaties concluded between the member and non member states

Conflict And Intervention In Africa 1990-10-11

american labor unions resemble private representative democracies complete with formally constituted conventions and officer election procedures like other democratic institutions unions have repeatedly experienced highly charged conflicts over the integration of ethnic minorities and women into leadership positions in becoming a mighty voice daniel b cornfield traces the 55 year history of the united furniture workers of america ufw describing the emergence of new social groups into union leadership and the conditions that encouraged or inhibited those changes this vivid case history explores leadership change during eras of union growth stability and decline not simply during isolated episodes of factionalism cornfield demonstrates that despite the strong forces perpetuating existing union hierarchies leadership turnover is just as likely as leadership stagnation he also shows that factors external to the union may influence leadership change periods of turnover in the ufw leadership reflected employer efforts to find cheap non union labor as well as union efforts to unionize workers when unions are threatened by intensified conflict with employers and when entrenched high status groups within the union are obliged to recruit members of lower socioeconomic status then new social groups are likely to be integrated into union leadership becoming a mighty voice develops a theory of leadership change that will be of interest to many engaged in the labor civil rights and women s movements as well as to

sociologists or historians of work gender and race and to students of political and organizational behavior

Treaty Conflict and the European Union **2009**

this edited volume looks at human security and conflict in northern kenya and nearby areas within sudan somalia ethiopia and uganda it spells out the precise meaning and nuances of human security in today s global economy and examines the causes and effects of conflict in the region within the context of human security

Union Organizing 1982

the authors examine the utility of the u s government s whole of government wog approach for responding to the challenging security demands of operations in iraq and afghanistan they specifically discuss the strategic objectives of interagency cooperation particularly in the areas of peacebuilding and conflict management discussions range from the conceptual to the practical with a focus on the challenges and desirability of interagency cooperation in international interventions the book shares experiences and expertise on the need for and the future of an american grand strategy in an era characterized by increasingly complex security challenges and shrinking budgets all authors agree that taking the status quo for granted is a major obstacle to developing a successful grand strategy and that government military international and nongovernmental organizations and the private sector are all called upon to contribute their best talents and efforts to joint global peace and security activities included are viewpoints from academia the military government agencies nongovernmental organizations and industry despite the broad range of viewpoints a number of overarching themes and tentative agreements emerged

Becoming a Mighty Voice 1990-03-06

Conflict and Human Security in Africa **2011-06-06**

how do local communities effectively build peace and reconciliation before during and after open violence this trailblazing book gives practical examples from the global north the former soviet bloc and global south on communities addressing conflict in divided and contested societies the book draws on a range of critical perspectives and practitioner analyses the diverse case studies demonstrate the considerable knowledge skills commitment courage and relationships within local communities that a critical community development approach can support and encourage concluding with activists perspectives on working with the challenges of violence the book offers insights for both an understanding of the root causes of conflict and for bottom up peacebuilding

The Law of Industrial Conflict 1988-06-18

this book examines how the different normative foundations of conflict resolution held by various global actors their understandings of justice and the differences between types of conflict influence the varying means by which conflicts can be prevented managed and ultimately resolved by combining insights from political theory conflict studies and european union eu foreign policy studies the book identifies the eu as the key case of a conflict manager that is both a product and a defender of a global liberal order it focuses on three aspects of conflict resolution that pose their own sets of both normative and empirical dilemmas resolving border disputes strengthening the resilience of weak or divided states and societies after regime change and intervention in humanitarian crises furthermore it offers a comparative analysis between a potentially distinctive european approach and that of other global actors and reflects on its global course

Conflict Management and Peacebuilding **2013**

this book demonstrates what the discipline of economics has to offer as support for analyzing cooperation on management of trans boundary water resources it also considers what the discipline of economics has to acquire to become a more effective contributor to trans boundary water resource management given political legal social physical scientific and ecological realities this book has its genesis in a symposium of the international water and resource economics consortium held at annapolis maryland april 13 16 1997 the symposium was organized by the editors and the book contains papers presented at the symposium with subsequent revisions the symposium brought together both economists and agency management personnel for the purpose of discussing not only how economic tools apply to trans boundary water management but also of identifying the obstacles to making such tools useful and informative to politicians and negotiators in public decision making roles international versus domestic trans boundary problems trans boundary water problems arise in many dimensions the two most important types of problems emphasized in this book are international and domestic interstate or interregional problems cooperation on international problems is especially difficult because enforcement must be voluntary given the sovereignty of nations and the absence of an effective legal enforcement mechanism agreements must be sustainable and self enforced if they are to have lasting benefits every negotiating country must be convinced it will receive benefits before it gives its consent to cooperation in the absence of enforceable agreements trans boundary i e

Oxford AQA GCSE History: Conflict and Tension between East and West 1945-1972 **Student Book 2020-07-16**

until recently the european union tended to view violent mass conflicts predominantly through the lens of negotiations between conflict leaders and powerful external actors today the eu has begun to recognize the imperative of understanding and influencing developments on the ground in conflict situations by engaging with local civil society the european union civil society and conflict explores the eu s relations with civil society organizations at the local level in an effort to improve the effectiveness and relevance of its conflict and peace strategies looking in particular at the eastern and southern neighbourhoods the volume analyses five case studies of eu and local civil society interaction in georgia abkhazia nagorno karabakh moldova transnistria israel palestine and morocco western sahara through the comparative examination of these cases this volume draws broad policy guidelines tailored to governmental and non governmental action exploring the impact of the european union in conflicts beyond its borders through its engagement with civil society this book will be of interest to students and scholars of the eu civil society and conflict

vividly recounts the surprising story of political conflict in the north during the civil war examining party conflict as viewed through the lens of the developing war the excesses of party patronage the impact of wartime elections the highly partisan press and the role of the loyal opposition neatly dismantles the argument long established in civil war scholarship that the survival of the party system in the north contributed to its victory the many positive effects attributed to the party system were in fact the result of the fundamental operation of the constitution in particular a four year president who was commander in chief in several ways the party system actually undermined the northern war effort americans uneasy about normal party operations in the abnormal circumstances of civil war saw near treason in the loyal opposition engagingly written and brilliantly argued the union divided is an insightful and original contribution to civil war studies and american political history

Language Conflict and National Development 1970-01-01

milwaukeeans greeted the advent of world war ii with the same determination as other americans everyone felt the effect of the war whether through concern for loved ones in danger longer work hours consumer shortages or participation in war service organizations and drives men and women workers produced the essential goods necessary for victory the vehicles weapons munitions and components for all the machinery of war but even in wartime there were labor conflicts fueled by the sacrifices and tensions of wartime life a city at war focuses on the experience of working men and women in a community that was not a wartime boom town it looks at the stands of the cio and the afl against low wartime wages and at women in unionized factories facing the perceptions and goals of male workers union leaders and society itself here is a social history of wartime milwaukee and its workers as they laid the groundwork for a secure postwar future

Conflict and Cooperation on Trans-Boundary Water Resources 1998-01-31

first published in 1977 routledge is an imprint of taylor francis an informa company

The European Union, Civil Society and Conflict 2011-03-29

discusses the role of women in militancy in kashmir from a historical perspective provided by publisher

Conflict and Stability in Labor Relations 1952

first published in 1981 this book examines the concept of professionalism in the context of the development of organized teachers the argument is presented that the concept of professionalism is a complex one and its different meanings must be located within a historical context thus its use as an ideological weapon aimed at controlling teachers must be appreciated whilst at the same time it should be understood as a weapon of self defence for teachers in their struggle against dilution

Industrial Conflict 1954

the principle of loyalty requires the eu and its member states to co operate sincerely towards the implementation of eu law under the principle the european courts have developed significant public law duties on states to deepen the reach of eu law this is the first full length analysis of the loyalty principle and its legal implications

Resolutions and Decisions of the Security Council 2013-2014 2016-04-21

this book provides a comprehensive assessment of how the eu has performed in facilitating mediation conflict resolution

and peacebuilding across the globe

The Union Divided 2005-02-01

this book explores the challenges of conflict resolution in protracted conflicts and conceptualises and analyses the practice of engagement without recognition in de facto states increasingly engagement without recognition is seen as a promising approach to conflict resolution in de facto states but little is known about its implementation and results this book addresses that lacuna and develops an analytical model to assess international engagement focusing on implementation on the ground this model enables a comprehensive analysis of international engagement s scope areas and methods further the book also explores the context of engagement in de facto states which has a significant impact on its implementation and results in this way the book also advances our understanding of the opportunities obstacles and limitations of engagement without recognition the analysis is based on the current eu engagement in abkhazia and draws from other cases in the caucasus eastern europe and beyond and finds that international engagement with de facto states is more comprehensive and multifaceted than previously known however it also faces some distinct challenges and produces modest results finally the book provides practical recommendations on how to better utilise the peacebuilding potential of engagement without recognition this book will be of much interest to students of conflict resolution statehood peace and conflict studies and international relations

A City At War 2014-03-07

conflict and security in the former soviet union examines the organization for security and co operation in europe osce s approach to post cold war tensions and conflicts in the former soviet area the extent to which the new procedures mechanisms and instruments developed by the organization are useful and how the osce s activities may reveal innovative contributions to conflict studies

Industrial Conflict in Britain 2005-08-09

variously described by historians and thinkers as the most terrible century in western history a century of massacres and wars and the most violent century in human history the 20th century and in particular the period between the first world war and the collapse of the ussr forms a coherent historical period which changed the entire face of human history within a few decades this book examines the trajectory of the cold war and the fallouts for the rest of the world to seek lessons for the 21st century to manage international relations today and avoid conflict written by experts in their field the chapters provide an alternative perspective to the western paradigm dominated international relations theory the book examines for example whether now in the 21st century the unipolar moment has passed and if the changing economic balance of power thrown up by globalization has led to the emergence of a multipolar world capable of economic and multilateral cooperation it discusses the potential of new cooperative security frameworks which would provide an impetus to disarmament and protection of the environment globally and asks if nuclear disarmament is feasible and necessary the book highlights areas in which the potential for conflict is ingrained offering asian perspectives on these issues perspectives from countries like afghanistan vietnam west asia and pakistan which were embroiled in the cold war as mere pawns and which have become flashpoints for conflict in our century this book is an important contribution to the ongoing debate

Gender, Conflict and Peace in Kashmir 2014-03-06

on the basis of extensive archival research alan draper illuminates the role organized labor played in the southern civil rights movement he documents the substantial support the afl cio and its southern state councils gave to the struggle for black equality suggesting that labor s political leadership recognized an opportunity in the civil rights movement frustrated in their efforts to organize the south labor leaders understood the potential of newly organized

blacks to challenge conservative southern democrats at the same time white union members in the south were more interested in defending their racial privileges than in allying themselves with blacks an explosive tension developed between labor s political leadership desperate to create a party system in the south that included blacks and a rank and file determined to preserve southern democracy by excluding blacks this book looks at the ways that tension was expressed and ultimately resolved within the southern labor movement
