Musical Times and Singing Class Circular

1871

after graduating from the university of missouri in 1969 i was commissioned as an
officer in the marines i served an interesting tour of duty in southeast asia in
1972 during which time i was in and out of six different countries including vietnam
a greenhorn lieutenant when i landed i was eventually promoted to captain because of
my god given take charge personality and a few very junior officer notable
accomplishments i found myself frequently being handpicked for special assignments i
saw action with seven different units some good some bad some ugly i saw men die i saw
capable men withered by fatigue brave men crippled by fear since i served more than
forty years ago now i have had the pleasure and privilege of meeting and getting to
know hundreds of fellow vietnam vets short term acquaintances professional
colleagues neighbors close friends family members although our individual vietnam

to say that complex data analyses are ubiquitous in the education and social
sciences might be an understatement funding agencies and peer review journals alike
require that researchers use the most appropriate models and methods for explaining
phenomena univariate and multivariate data structures often require the application
of more rigorous methods than basic correlational or analysis of variance models
additionally though a vast set of resources may exist on how to run analysis
difficulties may be encountered when explicit direction is not provided as to how
one should run a model and interpret results the mission of this book is to expose
the reader to advanced quantitative methods as it pertains to individual level
analysis multilevel analysis item level analysis and covariance structure analysis
each chapter is self contained and follows a common format so that readers can run
the analysis and correctly interpret the output for reporting
