Whispers in the Wind, Shouts in the Storm! 2017-05-23 whispers of never is a collection of poetry that delves into the most profound senses of loss pain and loneliness many of the poems reflect the pain that was a result of years of abuse neglect loss and betrayal the writings are brutally honest and are not designed to make light of the many atrocities experienced by the author in this book the reader is forced to look into the raw pain and devastation so clearly portrayed by the author's use of words many readers will find similar

feelings and fears within themselves though perhaps to a lesser degree every life has loss and adversity which will help each reader relate to the images and feelings created within this collection of works mixed throughout the book are poems written from a place of healing acceptance and survival hope can be glimpsed and felt in the midst of the darkness there are messages of beauty and recovery conveyed in more light hearted pieces this book does not follow a linear route from hurting to healing from longing for death to fighting ferociously for survival rather it is presented in a chronological order by date of creation you will clearly be able to see that healing and recovery is not made with steady forward progress but follows the constant struggle with depression into an appreciation of beauty and life many individuals from backgrounds similar to that of the author experience some or all of the same overwhelming thoughts and feelings expressed throughout this book many like the author do not frequently speak freely about these feelings and thoughts for fear of driving others away or frightening them as a society in general we are told to get over it and move on something much more easily said than done having already experienced ultimate judgments and labels this author no longer fears telling it like it is she urges you to take this part of her journey with her to understand and acknowledge the devastating pain one person can inflict upon another all while keeping in mind that there is hope and there are beautiful people who will reach out if only you dare take their hands this body of work was created in a relatively short two year time span and truly reflects the rollercoaster of feelings and insights experienced in the face of deep depression and hopeful healing
