the revolutionary anita garibaldi who was always by his side both on and off the battlefield costica bradatan proposes a new way of looking at the influential 18th century anglo irish empiricist philosopher he approaches berkeley s thought from the standpoint of its roots rather than from how this thought has been viewed since his time in bradatan s portrait we can see two berkeleys quite distinct from one another this other berkeley read and wrote alchemical books designed utopian projects and searched for happy islands and the earthly paradise his new attitude toward the material world echoed the dualistic theology of the cathars the thinking of the other bishop berkeley was rooted in platonic mystical and sometimes esoteric traditions and he saw philosophy as above all a kind of salvation to be practiced as a way of life what bradatan uncovers is a much richer true to life berkeley a more profound and spectacular thinker this book will interest scholars working in a wide variety of fields from philosophy and the history of ideas to comparative literature utopian studies religious and medieval studies and critical theory this is the second book of a trilogy click on the links below to view the other two volumes of the trilogy *la divina commedia the divine comedy inferno* *la divina commedia the divine comedy paradiso* this book constitutes the thoroughly refereed proceedings of the 14th italian research conference on digital libraries ircdl 2018 held in udine italy in january 2018 the 14 full papers and 11 short papers presented were carefully selected from 30 submissions the papers are organized in topical sections on digital library architecture multimedia content analysis models and applications this book presents an edition of the *questiones super libro de animalibus aristotelis* a work by one of the greatest philosophers and physicians of the 13th century peter of spain preceding the critical edition navarro offers an introduction to peter of spain and a short analysis of the linguistics and form of the *questiones* she also analyses the sources on which peter drew greco latin arabo jewish and of course late antique and medieval treatises showing that the text was not exclusively zoological in nature but discusses important medical and philosophical topics illustrating his extensive knowledge of both the aristotelian corpus and 13th century medicine this book presents an edition of the *questiones super libro de animalibus aristotelis* a work by one of the greatest philosophers and physicians of the 13th century peter of spain later pope john xxi 1205 1277 he took as the basis for his work the translation from the arabic made in toledo around 1220 by michael scotus which included three important aristotelian treatises preceding the critical edition dr navarro offers an introduction to the person and works of peter of spain the intellectual context of the 13th century characterized by scholasticism and an aristotelian renaissance and a short analysis of the linguistics and form of the *questiones* she also analyses the sources on which peter drew greco latin arabo jewish and of course late antique and medieval treatises showing that the text was not exclusively zoological in nature but discusses important medical and philosophical topics illustrating his extensive knowledge of both the aristotelian corpus and 13th century medicine the text divided into six books is not a mere commentary about animals but rather as the title shows a collection of questions in the salernitan manner the use of which was considered most appropriate for analysis and communication in the medieval scientific community to which peter of spain belonged alongside methodological and zoological problems peter of spain discusses important questions disputed among the scholars of the period including the location hierarchy motion function and parts of the principal organs the five senses and many other medical issues such as reproduction illnesses or growth finally dr navarro includes a glossary that contains proper names mainly those of the authorities and sources quoted by petrus hispanus animal names and their parts and substances and the names of plants metals and the like the idea of punishment after death whereby the souls of the wicked are consigned to hell gehenna gehinnom or jahannam emerged out of beliefs found across the mediterranean from ancient egypt to zoroastrian persia and became fundamental to the abrahamic religions once hell achieved doctrinal expression in the new testament the talmud and the qur an thinkers began to question hell s eternity and to consider possible alternatives hell s rivals some imagined outright escape others periodic but temporary relief within the torments one option including purgatory and in the eastern orthodox tradition the middle state was to consider the punishments to be temporary and purifying despite these moral and theological hesitations the idea of hell has remained a historical and theological force until the present in hell and its rivals alan e bernstein examines an array of sources from within and beyond the three abrahamic faiths including theology chronicles legal charters edifying tales and narratives of near death experiences to analyze the origins and evolution of belief in hell key social institutions including slavery capital

punishment and monarchy also affected the afterlife beliefs of jews christians and muslims reflection on hell encouraged a stigmatization of the other that in turn emphasized the differences between these religions yet despite these rivalries each community proclaimed eternal punishment and answered related challenges to it in similar terms for all that divided them they agreed on the need for and fact of hell this book is a volume in the penn press anniversary collection to mark its 125th anniversary in 2015 the university of pennsylvania press rereleased more than 1 100 titles from penn press s distinguished backlist from 1899 1999 that had fallen out of print spanning an entire century the anniversary collection offers peer reviewed scholarship in a wide range of subject areas this book explores the travels of cristoforo buondelmonti and ciriaco d ancona to the greek lands in the early fifteenth century eastern mediterranean drawing on post colonial studies frameworks such as travel writing and imaginative geographies this volume offers an innovative examination of colonial discursive and cultural practices within the latin dominions in the greek lands it sheds light on their contributions to the conceptualisation of both the italian metropolitan space and the greek identity of the colonised this volume investigates how cristoforo s and ciriaco s travel narratives utilised conceptual tools and representation systems of early humanism to support latin political and economic interests in the eastern mediterranean it delves into the imaginative geographies of venetian crete the islands of the archipelago constantinople the byzantine despotate of the morea and portrayals of the ottomans as constructed by the two travelers offering insights into the interaction of latin humanistic and colonial discourses and the agency of travellers in shaping the colonial space the book will be of value to scholars undergraduate and postgraduate students across various research fields including renaissance and postcolonial studies travel literature latin dominions in the aegean byzantine and ottoman histories twenty seven authors approach the diverse areas of the cultural religious and social life of the twelfth century these essays form a basic resource for all interested in this pivotal century a reprint of the first edition first published in 1982 daily life part three offers a systematic overview of medieval latin literature with introductions to a wide range of genres and to translations from and into latin each chapter concludes with a bibliography of fundamental works texts lexica studies and research aids this guide satisfies a long standing need for a reference tool in english that focuses on medieval latinity in all its specialized aspects it will be welcomed by students teachers professional latinists medievalists humanists and general readers interested in the role of latin as the learned lingua franca of western europe it may also prove valuable to reference librarians assembling collections concerned with latin authors and texts of the postclassical period about the editors f a c mantello is professor of medieval latin at the

catholic university of america a g rigg is professor of english and medieval studies and chairman of the medieval latin committee at the university of toronto s centre for medieval studies prsie for the book this extraordinary volume joint effort of dozens of scholars in eight countries will be in constant use for research for advising students and designing courses and for answering the queries of nonmedievalist colleagues medieval latin provides a foundation for advances in research and teaching on a wide front though mantello and rigg s medieval latin is a superb reference volume i recommend that it also be read from beginning to end in small increments of course the rewards will be sheaves of notes and an immensely enriched appreciation of medieval latin and its literature janet m martin princeton university speculum a remarkable achievement and no one interested in medieval latin can afford to be without it journal of ecclesiastical history everywhere there is clarity conclusion judicious illustration and careful selection of what is central this guide is a major achievement and will serve medieval latin studies extremely well for the foreseeable future the classical review st birgitta of sweden was one of the most charismatic and influential female visionaries of the later middle ages her revelations influenced the spiritual lives of many individuals including martin luther interest in birgitta has grown recently and she is now admired as a powerful voice and prophet of reform mill s on liberty has turned out to be as he predicted the most widely read and long lasting of his writings it has proved however extremely difficult to pin mill down to any definite political doctrines his contemporaries clearly had the same problems as have beset modern commentators some portray mill as a dangerous revolutionary a latter day jacobin others see him as peddling mere platitudes this volume traces the reception of on liberty in the periodical literature from the rave review of buckle in fraser s magazine by way of the furious denunciations in such tory journals as blackwood s and the quarterly down to later liberals like john morley and leslie stephen st birgitta of sweden 1303 1373 canonized 1391 was one of the most charismatic and influential female visionaries of the later middle ages altogether she received some 700 revelations dealing with subjects ranging from meditations on the human condition domestic affairs in sweden and ecclesiastical matters in rome to revelations in praise of the incarnation and devotion to the virgin her revelations collected and ordered by her confessors circulated widely throughout europe and long after her death many eminent individuals including cardinal juan torquemada jean gerson and martin luther read and commented on her writings which influenced the spiritual lives of countless individuals birgitta was also the founder of a new monastic order which still exists today she is the patron saint of sweden and in 2000 was declared with catherine of siena and edith stein co patroness of europe birgitta s revelations present her as a commanding and dauntless visionary who develops a contemplative mysticism that is always interwoven with social engagement and a commitment to the salvation of the world the varied styles of her revelations are dominated by frequent juxtapositions of memorable images and allegories that illustrate her fierce and fertile imagination her sharp powers of observation and understanding and her passionate and receptive storytelling powers this fourth and final volume of the translation of the revelations of st birgitta of sweden comprises the heavenly emperor s book to kings the rule and minor works while the complete collection of birgitta s books called liber caelestis ends with books vii the eighth book also referred to as the heavenly emperor s book to kings was added after her death it was compiled by alfonso of jaén and is prefaced by his own treatise titled the hermit s letter to kings which examines the ways in which revelations are tested and proven to be true visions conferred by the holy spirit this volume also contains the birgittine rule the matins readings intended for the nuns four prayers and a collection of scattered revelations that lie on the periphery of the main corpus of texts the translation is based on the recently completed critical edition of the latin text and promises to be the standard english translation of the revelations for years to come this volume presents a selection of primary sources in many cases translated into english for the first time with introductions that provide fascinating historical materials for challenging notions of the ways in which premodern and early modern eurasian scholars dealt with plurilingualism and monolingualism this book explores the genesis of the red book or liber novus through the lens of jung s lifelong confrontation with dante and in doing so provides the first ever thorough comparative analysis of the intertextual and symbolical correspondences between liber novus and the commedia starting from jung s multifaceted fascination with dante and his pivotal role in the former s visionary material at historical hermeneutical and psychological levels the book challengingly envisions liber novus as jung s divine comedy this work finds a new way of approaching jung s

understanding of concepts such as visionary works and visionary mind and considers how this approach can enhance our vision of depth psychology through various thematics such as the metanoia and the symbolism of animals as well as the transformative role of the feminine and the erotic and spiritual imagery of the soul this work revolves around the jung dante correlation offering an original perspective within the field of jungian and dante scholarship this book will be of great interest to academics and postgraduate students studying in the areas of jung dante analytical psychology depth psychology hermeneutics and western esoteric currents and practices the book will also appeal to jungian analysts and psychoanalysts more broadly

this volume presents a selection of primary sources in many cases translated into english for the first time with introductions that provide fascinating historical materials for challenging notions of the ways in which premodern and early modern eurasian scholars dealt with plurilingualism and monolingualism

## ***The Travels of Cristoforo Buondelmonti and Ciriaco d'Ancona in the Aegean Sea 1991-01-01***

this book explores the genesis of the red book or liber novus through the lens of jung s lifelong confrontation with dante and in doing so provides the first ever thorough comparative analysis of the intertextual and symbolical correspondences between liber novus and the commedia starting from jung s multifaceted fascination with dante and his pivotal role in the former s visionary material at historical hermeneutical and psychological levels the book challengingly envisions liber novus as jung s divine comedy this work finds a new way of approaching jung s understanding of concepts such as visionary works and visionary mind and considers how this approach can enhance our vision of depth psychology through various thematics such as the metanoia and the symbolism of animals as well as the transformative role of the feminine and the erotic and spiritual imagery of the soul this work revolves around the jung dante correlation offering an original perspective within the field of jungian and dante scholarship this book will be of great interest to academics and postgraduate students studying in the areas of jung dante analytical psychology depth psychology hermeneutics and western esoteric currents and practices the book will also appeal to jungian analysts and psychoanalysts more broadly
