matthews un policia negro que es miembro de los rangers de texas y que es hasta cierto punto un privilegiado porque aunque sabe lo que es la discriminación pertenece a una familia que durante generaciones ha disfrutado de un estatus superior al del resto de la población afroamericana a pesar de ello cuando se inicia la novela su carrera está en la cuerda floja precisamente por un asunto racial así como por su obsesión por combatir los crímenes de odio obsesión que no comparten ni aprueban sus superiores esto lo llevará a involucrarse sin permiso de sus jefes en la investigación de dos crímenes el de un abogado negro y el de una mesera blanca cometidos en una pequeña población rural del este de texas así matthews se involucrará en una investigación en la que no sólo se enfrentará a peligrosos elementos de la hermandad aria sino también a la que considera su gente profundizando en una investigación en la que junto a la identidad de los asesinos se descubrirán secretos que todo el mundo blancos y negros hubieran preferido mantener ocultos y es que matthews independientemente del color de su piel y del estado en el que ha nacido y crecido es por encima de todo policia aunque le duela stefan grossman explores traditional playing styles through transcriptions of 22 tunes by master texas blues guitar players 12 songs from the heart of texas blues october 1959 until sometime in 1974 paul oliver and mack mccormick collaborated on what was to be a definitive history and analysis of the blues in texas both men were prominent scholars and researchers oliver had already established an impressive record of publications and mccormick was well on his way to building what would eventually become a sprawling collection of primary materials consisting primarily of field recordings and interviews with blues musicians from all over texas and the greater south but the project eventually fell apart of its own weight a victim of ongoing disagreements between the two authors despite being eagerly awaited by the blues historians and ethnomusicologists who knew about the oliver mccormick collaboration and being openly discussed in various interviews and articles by oliver the intended manuscript was never brought to completion and the book was never published in 1996 alan govenar a respected ethnomusicologist in his own right began a conversation with oliver whose work he had long admired about the unfinished book on texas blues at oliver s request he arranged a meeting with mccormick hoping to act as an intermediary with the goal of aiding the project toward completion his attempts were unsuccessful subsequently oliver invited govenar to assist him in finishing the work much like the site report from an archaeological
