the reason i wrote this book was to make available stories that prove it is not too late i had discernment that i should write short stories and mix various topics with both humor and eternal consequences on october 30 2012 i was on an elevator flirting with several women i walked off that elevator with an idea a book about flirting during the first week of november 2012 i asked jesus to give me ideas for a book in 48 hours the holy spirit gave me 130 ideas for a book sixty weeks and 950 hours of work later i have a complete manuscript the bible says i m just a filthy rag i m not a preacher because i m not called and would be unworthy i m not a teacher because i would have no patience and i m not a speaker because i m very shy with large groups therefore the printed virgin maybe i m an explainer i prefer to explain my faults and sins rather than point at others there is a fine line between being judgmental and attempting to explain the truth i once was told from an old fashioned fire and brimstone preacher that he did not judge people but people judged themselves with their actions if u are truly told by the son of god to give someone a message u better do it u are not going to like your life for being disobedient however u may temporarily not like your life for being obedient it is a strange dichotomy in the dilemma of life we have to not wither but have planted seeds in the good ground of life to withstand the persecution i truly hope those who may feel offended by my humor or bible s truths will

understand that i m speaking from my heart and only want to help and i m incapable of expressing the right words at the right time in person please remember i m in this struggle too just because i have written a book does not mean i am exempted from hell a walk with jesus and temptation from the devil is a daily battle i need your prayers i m a long ways from where i want to be in christ larry

how many times do we hear the statement it's not for me to judge it conveys one of the most popular ideas of our time that to make judgements of others is essentially wrong in this classic text the renowned moral philosopher mary midgely turns a spotlight on the ever popular stance in society that we should not make moral judgements on others guiding the reader through the diverse approaches to this complex subject she interrogates our strong beliefs about such things as the value of freedom that underlie our scepticism about making moral judgements she shows how the question of whether or not we can

make these judgements must inevitably affect our attitudes not only to the law and its institutions but also to events that occur in our daily lives and suggests that mistrust of moral judgements may be making life even harder for us than it would be otherwise the texts and philosophers discussed range from nietzsche and sartre to p d james and the bhagavad gita the bloomsbury revelations edition includes a new preface from the author
