Uniting the Kingdom? 2002-11 a group of Britain's most prestigious historians assemble to explore the formation of the UK its history and its identity traditional regional and chronological frontiers are broken down as medievalists modernists and early modernists debate

History of Britain and Ireland 2011-05-02 the definitive visual guide to 5 000 years of British history in ebook format the history of Britain Ireland I traces the key events that have shaped the British Isles from the Elizabethan age of Shakespeare to the Iraq and Afghan wars of the 21st century this beautifully illustrated book offers a definitive visual chronicle of the most colourful and defining episodes in British history packed with visually arresting illustrations and clear concise text you can now explore the long and fascinating story of the British Isles includes profiles of key people in history such as Geoffrey Chaucer Alfred the Great Charles Dickens Queen Elizabeth I and Winston Churchill the history of Britain Ireland I is ideal as a family reference for the home as well as a key history companion for schools

A History of Britain 2002 this work takes us from the mid 1770s when the country was intoxicated by a great surge of political energy through to the massive advances of technology and industrialisation during the Victoria era and the burgeoning of the British Empire

The History of the Foreign Policy of Great Britain 1895 in recent years public history the engagement with history now has grown in Britain visits to heritage sites museums and galleries are packed with enthusiasts in this collection the contributors write about history as part of a living present which is re-created contested and challenged the starting points are places people and images the writers encounter in their everyday lives they have a commitment to those whose lives are still excluded from historical practice and their essays blur the boundaries between history art culture and everyday life

The History of Britain 1818 could this short elegant volume be the only book on British history you'll ever need a bit about Britain's history is for anyone who wants a light introduction to Britain's amazing story if you don't know the basics or would like a reminder this book is for you it is also perfect for those that didn't enjoy history at school but who have suddenly realised they'd like to understand it a bit better now organised clearly and chronologically a bit about Britain's history covers every period from a long time ago until quite recently it begins by briefly mentioning that the place was once inhabited by extremely large lizards and ends up with a post-war 20th century consumer society short articles explain the essential aspects of Britain's past including how the ancestors of its current inhabitants arrived how they fought each other formed nations fell out over religion acquired a large empire became gradually more democratic helped win a couple of world wars and were left wondering what to do next at the end of the book are detailed timelines for each period which provide useful reference and make fascinating reading in their own right so what did the Romans achieve how did Christianity arrive who are the English and why did they fight the French so often what is Henry VIII's greatest legacy when did democracy start and people get the vote why on earth did Britain get involved in WW1 a bit about Britain's history might be the only book on British history you'll ever need or it might be your stepping stone to more in-depth academic reading

A History of England and Greater Britain 1928 this book has been considered by academicians and scholars of great significance and value to literature this forms a part of the knowledge base for future generations we have represented this book in the same form as it was first published hence any marks seen are left intentionally to preserve its true nature

Seeing History 2000 masterful an enormously readable narrative of the English people from the Anglo-Saxons to the present dominic sandbrook Sunday Times Books of the Year in the English and their history the first

full length account to appear in one volume for many decades robert tombs gives us the history of the english people and of how the stories they have told about themselves have shaped them from the prehistoric dreamtime through to the present day as ambitious as it is successful packed with telling detail and told with gentle sardonic wit a vast and delightful book ben macintyre the times books of the year a stupendous achievement a story of a people we can't fail to recognize stoical brave drunken bloody minded violent undeferential yet paradoxically law abiding i found myself gripped daniel hannan spectator original and enormously readable this brilliant hugely engaging work has a sly wit and insouciance that are of themselves rather english sinclair mackay daily telegraph

A Bit about Britain's History 2019-08-23 first published in 1887 this comprehensive history of great britain and ireland covers the period from the arrival of the celts to the reign of queen victoria henry white provides a detailed account of political and social developments as well as information on the country's natural resources and economic power this book is a valuable resource for anyone interested in british history this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

An Advanced History of Great Britain from the Earliest Times to the Death of Edward VII 2019-08 from an obscure misty archipelago on the fringes of the roman world to history's largest empire and originator of the world's mongrel magpie language this is britain's past but today britain is experiencing an acute trauma of identity pulled simultaneously towards its european atlantic and wider heritages to understand the dislocation and collapse we must look back to britain's evolution achievements complexities and tensions in a ground breaking new take on british identity historian and barrister dominic selwood explores over 950 000 years of british history by examining 50 documents that tell the story of what makes britain unique some of these documents are well known most are not each reveal something important about britain and its people from anglo saxon poetry medieval folk music and the first valentine's day letter to the origin of computer code hitler's kill list of prominent britons the sex pistols graphic art and the brexit referendum ballot paper anatomy of a nation reveals a britain we have never seen before people are at the heart of the story a female charioteer queen from wetwang a plague surviving graffiti artist a drunken bible translator outlandish restoration rakehells canting criminals the eccentric fathers of modern typography and the bankers who caused the finance crisis selwood vividly blends human stories with the selected 50 documents to bring out the startling variety and complexity of britain's achievements and failures in a fresh and incisive insight into the british psyche this is history the way it is supposed to be told a captivating and entertaining account of the people that built britain

The English and their History 2014-11-06 hugh kearney's classic account of the history of the british isles from pre roman times to the present is distinguished by its treatment of english history as part of a wider history of four nations not only focusing on england it attempts to deal with the histories of wales ireland and scotland in their own terms whilst recognising that they too have political religious and cultural divides this new edition endeavours to recognise and examine contemporary multi ethnic britain and

its implications for four nations history making it an invaluable case study for european nationhood of the past and present thoroughly updated throughout to take into account recent social political and cultural changes within britain and examine the rise of multi ethnic britain this revised edition also contains a completely new set of illustrations including sixteen maps

... *An Advanced History of Great Britain from the Earliest Times to 1918* 1920 covering over 2 000 years in under 200 pages jeremy black takes the reader on a breathless tour of british history providing invaluable context for students of any period a truly british overview this book covers all four constituent parts of the uk as well as migration to and from britain and introduces questions of national identity and collective memory the author begins by considering how the geography of britain has influenced its development and goes on to examine the formation of its society and political culture resisting the whiggish tradition of triumphalist national histories jeremy black provides a balanced and sensitive account in his trademark pithy style this new edition has been considerably revised and expanded bringing the coverage right up to the present day including what the scottish referendum on independence says about the nature of modern britishness

History of Great Britain and Ireland; with an account of the present state and resources of the United Kingdom and its Colonies 1849 from its modest to its recent disappearance the british empire was an extraordinary and paradoxical entity north america africa south and southeast asia and australasia and innumerable small islands and territories have been fundamentally shaped economically socially and politically by a nation whose imperial drive came from a bewildering mixture of rapacity and moral zeal of high mindedness and viciousness of strategic cunning and feckless neglect martin kitchen has written a fascinating crisp informative account of the rise and fall of the british empire concentrating on the 19th and 20th centuries but giving the background of the first british empire which was lost with the creating of the united states of america his book is of particular value in relating the importance of the empire to britain s success as the only genuinely world power in the victorian era and to britain s ability to win the two great wars of the 20th century

The History of Britain 17?? this volume examines the relationship between history and national identity in britain through over 30 essays by leading historians with contributions from tariq modood bernard porter keith robbins and alan o day among others this comprehensive study provides cutting edge research and addresses questions such as how has the history of britain been re imagined since the 1970s what has been the role of such diverse factors as nature the sea multi nationalism or gender in shaping british nationhood what can we learn about national identity from the experience of ireland and what ways has history contributed to debates over british devolution

History Of Great Britain And Ireland 2023-07-18 surveys the history of great britain and ireland from the earliest settlements to the prime ministership of gordon brown covering social economic and religious developments along with political changes and international conflicts

Anatomy of a Nation 2021-09-23 a timely history of britain s complex relationship with the continent

The British Isles 2012-03-29 choice outstanding academic title 2017 a history of the british isles is a balanced and integrated political social cultural and religious history of the british isles in all its complexity exploring the constantly evolving dialogue and relationship between the past and the present a wide range of topics and questions are addressed for each period and territory discussed including england s wars of the roses of the 15th century and their influence on court politics during the 16th century

ireland s rebellion of 1798 the potato famine of the 1840s and the easter rising of 1916 the two world wars and the great depression british cultural and social change during the 1960s and the history and future of the british isles in the present day kenneth campbell integrates the histories of england ireland scotland and wales by exploring common themes and drawing on comparative examples while also demonstrating how those histories are different making this a genuinely integrated text campbell s approach allows readers to appreciate the history of the british isles not just for its own sake but for the purposes of understanding our current political divisions our world and ourselves

A Short History of Britain 2015-02-26 this collection brings together leading and emerging scholars to evaluate the viability of four nations approaches to the history of the united kingdom from the eighteenth to the twentieth century it recognises the separate histories of england ireland scotland and wales and explores the extent to which they share a common british history they are entwined with the points at which they interweave and detach dependent upon the nature of our inquiry where we locate our core and our periphery and the cause and effect of our subject the collection demonstrates that four nations frameworks are relevant to a variety of topics and tests the limits of the methodology the chapters illuminate the changing shape of modern british history writing and provide fresh perspectives on subjects ranging from state governance nationalism and unionism economics cultural identities and social networking

The British Empire and Commonwealth 1996-08-14 very often history is thought of as that lesson we suffered through at school made into boring facts and figures rather than the rich and interesting tales that actually comprise it in english and british history in 100 bite size chunks history is enlivened and broken down into readable chunks that anyone can read and learn at their leisure beginning at the beginning with the physical formation of these lands it ends where we are now with our current lifestyle government society beliefs complexities fears and hopes it charts the development of england s characteristics through the great and the good and ordinary men and women those who often get the glory and those who lived lives more hidden from history s storytellers it brings to life people places events and ideas and successes and failures this is not a story of england in splendid isolation but a more rounded picture touching on the influences from and on other places and nations for good or bad near and far in geography and time 100 bitesize chunks are followed by a recognition of historic themes and some conclusions and just a glimpse of the possible future history of a nation a commentary on history itself how we know how history works what we think of it and how we care for it or don t care for it this book is an encouragement to study history actively through the evidence we can see and touch and interpret in museums and in its real locations ideal for anyone returning to history or for an enthusiast

History, Nationhood and the Question of Britain 2004 twenty of the most crucial moments in britain s history bbc history magazine asked a selection of leading historians to choose and describe the twenty most important turning points in british history from ad 1000 to 2000 collected together their choices present a new way of looking at our nation s story from the danish invasion of britain in 1016 to the suez crisis in 1956 the key moments include victories or defeats both at home and abroad plague reform and even revolutions that have reshaped the british way of life each contribution brings the past to life offering new perspectives and food for debate did the battle of agincourt change england s role in europe what was the impact of american independence on britain was 1916 more important than 1939 thought provoking and inspiring accounts

A Brief History of Great Britain 2010 providing practical research methods a comprehensive survey of the chapter 6 money in review short

current state of historical research on 20th century british history this book complements other works on historiography it is suitable for undergraduates and teachers

A New History of Great Britain: From the accession of James I to the Congress of Vienna 1922 between the death of queen victoria and the turn of the millennium britain has been utterly transformed by an extraordinary century of war and peace a history of 20th century britain collects together for the first time andrew marr s two bestselling volumes a history of modern britain and the making of modern britain together they tell the story of how the country recovered from the grand wreckage of the british empire only to stumble into a series of monumental upheavals from world wars to cold wars and everything in between in each decade political leaders thought they knew what they were doing but found themselves confounded every time the british people turned out to be stroprier and harder to herd than predicted this wonderfully entertaining history follows all the political and economic stories but deals too with the riotous colour of an extraordinary century a century of trenches flappers and spitfires of comedy punks margaret thatcher s wonderful good luck and the triumph of shopping over idealism

A History of Britain 2006 the wittiest and wackiest chronicle of british history you ll find packed with fascinating facts on everything you can think of cavemen kings disease and war

Britain and Europe 2019 divif you could choose the 50 things that define british history events of significance not only in themselves but in their importance to wider themes running through the country s past what would they be author hugh williams has made the selection and the result is a fascinating overview of britain s past with great clarity simplicity and a zest for the marvelous stories that underpin many of these events he explains the linkage between each one and its importance in the progress of british history as a whole from the roman invasion to the falklands war to the founding of the nhs this history is a highly enjoyable read as well as a perceptive insight into a nation s past divdivhugh williams produces history and current affairs programming for the bbc

A New History of Great Britain: From the treaty of Vienna to the outbreak of the great war 1922 unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

A History of the British Isles 2017-01-26 concise elegant and lucid a very useful primer on the delusions of an english mentality guardian what do we get wrong about britain s history and its place in the world Four Nations Approaches to Modern 'British' History 2017-10-26 from the great exhibition s showcasing of british national achievement in 1851 to the opening ceremonies of the olympics in stratford in 2012 and on to brexit an insightful exploration of the transformation of modern britain this revised and updated fourth and final volume in the concise brief history of britain series begins in the specially constructed crystal palace three times the length of st paul s cathedral in hyde park at the beginning of the second half of the nineteenth century the great exhibition it housed marked a high point of british national achievement at the forefront of the industrial revolution at the heart of a great empire with queen victoria still to reign for fifty years it was a time of confidence in the future and exuberant patriotism for britain s role in it the beginning of the second world war in 1939 marks a turning point because of the great change it heralded in britain s global standing at its peak protected by the world s greatest navy the british empire

stretched from australasia to canada from hong kong and india to south africa and from jamaica to the falklands now the empire is no more a fundamental change not only for the world but also for britain the second world war had been won but it had exhausted britain and marked the beginning of its national decline black links cultural and political developments closely transport health migration and economic and demographic factors in order to make clear how porous and changeable the manifestations of national civilisation can be and to make sense of themes such as the triumph of town over country britain s international clout and the shift from the dominance of the market at the turn of the nineteenth century to the growing significance of the state importantly he also looks at how public history has presented the nation s past and how the changing and different ways we look at that past are central aspects of our shared history

The Cambridge History of the British Empire 1929 a portrait of 18th century england from its princes to its paupers from its metropolis to its smallest hamlet the topics covered include diet housing prisons rural festivals bordellos plays paintings and work and wages

English and British History in 100 Bite-size Chunks 2020-08-25 an authoritative and sweeping history of britain from the romans to the present day in a newly revised edition for the next generation of readers the story of britain is an accessible one volume history that clearly depict britain s origins and explain how the past shaped the nation s current identity he begins the story of britain from the very earliest recorded celtic times and with this new edition has now brought it up to date via the blair years and into the present day of brexit britain a magnificently eloquent volume the narrative chronicles two thousand years of britain s history the triumph of its people the glory of its culture and its dramatic influence on other nations of the world especially the united states it is a remarkable achievement and with his passion enthusiasm and wide ranging knowledge strong is the ideal narrator the book is ideally suited for everyone who cares about britain s past
