

about two hours it is not my purpose to give a summary of his discourse it is enough to say of his voice that its power and volume are sufficient to reach every one in that vast assembly of his language that it is neither high flown nor homely of his style that it is at times familiar at times declamatory but always happy and often eloquent of his doctrine that neither the calvinist nor the baptist appears in the forefront of the battle which is waged by mr spurgeon with relentless animosity and with gospel weapons against irreligion cant hypocrisy pride and those secret bosom sins which so easily beset a man in daily life and to sum up all in a word it is enough to say of the man himself that he impresses you with a perfect conviction of his sincerity more than a hundred years after his death charles spurgeon s legacy continues to effectively inspire the church around the world for this reason delmarva publications has chosen to publish the complete works of charles spurgeon

5. Let  $P(x)$  be the statement "x is a prime number". Then  $P(2)$  is true,  $P(3)$  is true,  $P(4)$  is false,  $P(5)$  is true,  $P(6)$  is false,  $P(7)$  is true,  $P(8)$  is false,  $P(9)$  is false,  $P(10)$  is false. So  $P(x)$  is true for  $x=2, 3, 5, 7$  and false for  $x=4, 6, 8, 9, 10$ . Therefore,  $P(x)$  is not a tautology.  $\square$
