Latin occupational regulation in the U.S. labor market is a growing phenomenon as of 2008 nearly 40 percent of individuals in jobs had either a license or certification from some form of local state or federal government following up on the success of his previous volume licensing occupations ensuring quality or restricting competition we upjohn institute 2006 Morris M. Kleiner brings us a book that expands our knowledge of occupational regulation by showing how varying stages of regulation impact those in the occupations closely related occupational practitioners and ultimately consumers through the quality and cost of services provided in stages of occupational regulation analysis of case studies Kleiner examines seven occupations at various stages of government regulation from the least regulated to the most regulated they are interior designers mortgage brokers preschool teachers construction tradesmen specifically plumbers and electricians dental hygienists and dentists Kleiner shows that occupations that have been regulated for the shortest periods of time and that have minimal entry requirements such as interior designers are usually unable to achieve their economic goals of better compensation and less competition for more heavily regulated occupations that have a longer history of regulation and have

more rigorous entry requirements such as dentists higher earnings and greater control over job related tasks are more likely the book also presents new analysis on a long standing debate in law and economics i e whether litigation or regulation is better for society kleiner shows that the growth of occupational licensing suggests that some form of regulation may be gaining as the dominant type of public policy furthermore kleiner examines how regulations may influence the number of workplace injuries and deaths incurred by plumbers and electricians in the construction industry the most hazardous industry as determined by the total number of workplace accidents in the united states overall the analysis and evidence presented here demonstrate how labor markets work in the face of varying levels of government regulation therefore this is a must read for anyone with an interest in the workings of the u s labor market or of labor markets in other more developed economies

Real Estate Due Diligence ***2015-12-22***

real estate due diligence is the first textbook on due diligence the cornerstone of every successful real estate deal due

diligence is designed to uncover potential risks posed by a real estate acquisition financing or development project and failure to carry it out successfully can result in costly oversights and diminished investment returns this book demonstrates how to assess and manage legal risks on properties such as office buildings shopping centres industrial buildings apartments and hotels before the transaction closes real estate students and practitioners are taken through all of the essential due diligence areas including titles and ownership issues zoning and land use liens and mortgages condition assessments environmental and operational concerns and lease analysis throughout the book major laws and court cases are used to illustrate due diligence issues and provide rich opportunities for classroom study and discussion practice points and comprehensive due diligence checklists help readers to go on to put their learning in practice this book fills a gap in the real estate literature and is perfect for use as a college textbook a practitioner s guide or for industry training

The Making of Donald Trump

2016-08-02

the new york times bestseller that first

revealed the russia connection the culmination of nearly 30 years of reporting on donald trump this in depth report by pulitzer prize winning investigative reporter david cay johnston takes a revealingly close look at the mogul s rise to prominence and now ultimate power covering the long arc of trump s career johnston tells the full story of how a boy from a quiet section of queens ny would become an entirely new and complex breed of public figure trump is a man of great media savvy entrepreneurial spirit and political clout yet his career has been plagued by legal troubles and mounting controversy from the origins of his family s fortune to his own too big to fail business empire from his education and early career to his whirlwind and ultimately successful presidential bid the making of donald trump provides the fullest picture yet of trump s extraordinary ascendancy love him or hate him trump s massive influence is undeniable and figures as diverse as woody guthrie who wrote a scathing song about trump s father and red scare prosecutor roy cohn mob bosses and high rollers as well as the average american voter have all been pulled into his orbit drawing on decades of interviews financial records court documents and public statements david cay johnston who has covered trump longer and more closely than any other journalist working today gives us the most in

depth look yet at the man who has shocked the world provides useful vigorously reported overviews of mr trump s life and career mr johnston who has followed the real estate impresario for nearly three decades offers a searing indictment of his business practices and creative accounting michiko kakutani the new york times david cay johnston has given us this year s must read trump book lawrence o donnell msnbc s the last word johnston devastatingly covers ground he broke open as a reporter on the trump beat in philadelphia and at the new york times the best of investigative reporting is brought to bear on a man who could potentially lead the free world usa today carefully fleshes out the details of trump s known biography with solid documentation tampa bay times

A Brief Guide to Ghost Hunting **2013-08-15**

there has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world not since the founding of the ghost club in 1862 and the society for psychical research in 1882 has ghost hunting been so popular television and the internet in particular have fueled this new level of interest creating a modern

media phenomenon that spans the globe but while the demand for information is high good information remains scarce a brief guide to ghost hunting leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter however it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the society for psychical research and even older history to find the earliest ghost stories a ghost hunting survey makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences new and original research makes use of statistics to map the nebulous world of apparitions while a preliminary survey of hauntings offers an analysis of 923 reported phenomena from 263 locations across the uk this is as far as possible an objective presentation of ghosts and ghost hunting it is no wonder that mainstream science largely refuses to deal with the subject it is too complicated without trying to convince you of any viewpoint this book is intended to help you understand more

Building Commissioning : Strategies and Technologies for Energy Efficiency 2013

this fully updated and expanded second edition of policing scotland takes account of recent developments in scottish policing and criminal justice against the backdrop of a dynamic political landscape and looming fiscal constraints in public services the book offers contributions from both academics and practitioners and not only shows police at work in contemporary scotland but also gives some insight into those areas where policing

is carried out by non police people and organisations it seeks to identify what it is about scottish policing that is distinctly scottish the main characteristics of modern policing in scotland how these have developed over the recent past and what they have become today in answering these questions the book analyses policing in scotland in the context of the new and emerging ideas about the nature purposes and methods of policing that are developing elsewhere in the world and seeks to determine how far scottish policing is maintaining its own traditions or simply becoming a localised example of wider global trends the second edition of this popular text introduces new chapters on crime investigation police unionism ethnic minorities policing violence and forensic science as well as incorporating a major new theme which seeks to explain how those responsible for policing scotland set about dealing with current issues such as terrorism and organised crime this book makes a significant contribution to the current debate on policing in scotland and as such is an essential text for academics and those interested in policing issues

the festival cities of edinburgh and adelaide examines how these cities world famous arts

events have shaped and been shaped by their long term interaction with their urban environments while the edinburgh international festival and adelaide festival are long established prestigious events that champion artistic excellence they are also accompanied by the two largest open access fringe festivals in the world it is this simultaneous staging of multiple events within edinburgh s summer festivals and adelaide s mad march that generates the visibility and festive atmosphere popularly associated with both places drawing on perspectives from theatre studies and cultural geography this book interrogates how the festival city as a place myth has developed in the very different local contexts of edinburgh and adelaide and how it is challenged by groups competing for the right to use and define public space each chapter examines a recent performative event in which festival debates and controversies spilled out beyond the festival space to activate the public sphere by intersecting with broader concerns and audiences this book forges an interdisciplinary comparative framework for festival studies to interrogate how festivals are embedded in the social and political fabric of cities and to assess the cultural impact of the festivalisation phenomenon

□□□□□68□ **2014-08-15**

the structure of policing is undergoing change in scotland at present and the profile of the police officer differs from that of the past this book takes an informative approach and offers a unique account and insight into the scottish police organisation describing the scottish police officer from the point of recruitment through to training development and specialist policing written by an ex senior police officer this book examines how the qualified police officer goes about his her daily work policing and how this has changed over time as a result of organised crime terrorism and the changing priorities of the public and politicians the contribution of non police officers such as police civilian staff auxiliaries and the private sector plays a key role in the policing of scotland in the 21st century and is considered at length as police supervision and management is crucial to the organisation s success the subjects of personnel development promotion and management in the police is examined with comment on the suitability of the system in the 21st century the book concludes with commentary on the future profile of the scottish police officer and makes some general comparison with their colleagues in the rest of the uk and european union this will be an essential text for

police officers in scotland and elsewhere and students and academics in the areas of law politics management police studies criminology and criminal justice

The Festival Cities of Edinburgh and Adelaide 2022-08-20

on 18 september 2014 scots will decide their future should the country quit the united kingdom and take control of its own destiny or should it remain part of what advocates call the most successful political and economic union of modern times everyone in the country has a stake in this decision now in this fascinating and insightful new book david torrance charts the countdown to the big day weaving his way through a minefield of claim and counterclaim and knocking down fictions and fallacies from both nationalists and unionists he plunges into the key questions that have shaped an often fraught argument from the future of the pound to the shape of an independent scottish army with access to the strategists and opinion makers on both sides of the political divide this book goes straight to the heart of the great debate providing an incisive authoritative occasionally trenchant guide to the most

dramatic constitutional question of our times
the battle for britain

The Scottish Police Officer **2014-05-16**

Bond Guide 2007

this study explores modern scotland and examines how scottish politics culture and identities have interacted within the national

and international contexts in the last thirty years it considers which voices and opinions have proven influential and defining and charts the boundaries of public conversation to and beyond the independence referendum

The Battle for Britain 2013-11-12

the european public debt problem was in the making long before the 2007 2009 recession as budget deficits had become endemic a similar crisis is now developing in america where the same fundamental causes have been at work the public debt problem analyzes the situation of public debts in america and reviews official forecasts for the federal government the author carefully explains the main concepts budget deficit public debt etc and analytical tools discounting government accounting treasury securities bonds yields etc necessary to understand the issues

Standard & Poor's Earnings and Ratings Bond Guide 2007

the experience of being a muslim in scotland today is shaped by the global and national post 9 11 shift in public attitudes towards muslims and is infused by the particular

social cultural and political scottish ways of dealing with minorities diversity and integration this book explores the settlement and development of muslim communities in scotland highlighting the ongoing changes in their structure and the move towards a scottish experience of being muslim this experience combines a sense of civic and social belonging to scotland with a strong religious and ideological commitment to islam

Politics in Scotland

2016-06-23

david greig has been described as one of the most interesting and adventurous british dramatists of his generation daily telegraph and one of the most intellectually stimulating dramatists around guardian since he began writing for theatre in the early nineties his work has been both copious and remarkably varied defying neat generalisations or attempts to pigeon hole his work besides his original plays he has adapted classics is co founder of the suspect culture theatre group and is currently dramaturge for the national theatre of scotland this critical companion provides an analytical survey of his work from his early plays such as europe and the architect through to more recent works

damascus dunsinane and ramallah it also considers the plays produced with suspect culture and his work for young audiences as such it is the first book to provide a critical account of the full variety of his work and will appeal to students and fans of contemporary british theatre clare wallace provides a detailed analysis of a broad selection of plays and their productions reviews current discourses about his work and offers a framework for enquiry the companion features an interview with david greig and a further three essays by leading academics offering a variety of critical perspectives

Independence of the Scottish Mind 2014-12-03

this cultural history of the saltire society literary awards demonstrates the significance the awards have had within scottish literary and cultural life it is one piece of the wider cultural award puzzle and illustrates how far from being parochial or niche lesser known awards whose histories may be yet untold play their own role in the circulation of cultural value through the consecration of literary value the study of the society s book of the year and first book of the year awards not only highlights how important connections

between literary awards and national culture and identity are within prize culture and how literary awards and their founding institutions can be products of the socio political and cultural milieu in which they form but this study also illustrates how existing literary award scholarship has only begun to scratch the surface of the complexities of the phenomenon this book promotes a new approach to considering literary prizes proposing that the concept of the literary awards hierarchy can contribute to emerging and developing discourses pertaining to literary and indeed cultural prizes more broadly
