machine guns safe blowers sadomasochists pythons and flesh eating viruses all in a day s work for scenes of crime officer soco larry henderson who in 999 csi provides an unforgettable insight into a life dedicated to forensics larry whose career with london s metropolitan police started in 1971 a time when police officers were more than a little sceptical of science soon proved his worth and attended every kind of crime scene from terrorism to rape and from blackmail to murder before he became the head of the flying squad s forensic team during the busiest and most dangerous period of the legendary outfit s existence soon larry was caught up in shoot outs pavement ambushes record breaking drug deals and tiger kidnappings confronting some of the uk s most terrifying villains along the way larry s groundbreaking work features some of the uk s most notorious crimes a key piece of forensic evidence from one of larry s murder cases is displayed at scotland yard s infamous crime museum at turns breathtaking fascinating hilarious and tragic 999 csi opens up a truly astonishing world that most people never get to see a world filled with cruelty matched only by the courage of those who work tirelessly for justice this book introduces students to the collection uses and interpretation of statistical data in the social sciences it would suit all social science introductory statistics and research methods courses separate chapters are devoted to data in the fields of demography housing health education crime the economy wealth income poverty labor business statistics and public opinion polling with a concluding chapter devoted to the common problem of ambiguity each chapter includes multiple case studies illustrating the controversies overview of data sources including web sites chapter summary and a set of case study questions designed to stimulate further thought the classic reference work that provides annually updated information on the countries of the world this book examines the concept of individual criminal responsibility for serious violations of international law i e aggression genocide crimes against humanity and war crimes such crimes are rarely committed by single individuals rather international crimes generally connote a plurality of offenders particularly in the execution of the crimes which are often orchestrated and masterminded by individuals behind the scene of the crimes who can be termed intellectual perpetrators for a determination of individual guilt and responsibility a fair assessment of the mutual relationships between those persons is indispensable by setting out how to understand and apply concepts such as joint criminal enterprise superior responsibility duress and the defence of superior orders this work provides a framework for that assessment it does so by bringing to light the roots of these concepts which lie not merely in earlier phases of development of international criminal law but also

in domestic law and legal doctrine the book also critically reflects on how criminal responsibility has been developed in the case law of international criminal tribunals and courts it thus illuminates and analyses the rules on individual responsibility in international law on death row the poorest and most numerous with no family and no decent lawyer are sometimes executed before all their appeals have been exhausted their fate consigned to modest prison cemeteries in texas the number engraved on the cement stone begins with 999 out of 50 american states 34 still have the death penalty why and how the author s investigation took him to california utah oklahoma texas louisiana tennessee mississippi and pennsylvania a human immersion into the heart of american society and its judicial system through encounters with death row inmates lawyers and victims families this fascinating book finely deconstructs the american myth of fair and infallible justice from the deplorable conditions of confinement to daily abuse from random legal recourse to political and judicial manipulation more than just a sentence the death penalty appears to be torture with many faces and in an america on the move there are signs that abolition is on the way 999 is the fruit of a fact finding mission carried out by the french association ensemble contre la peine de mort ecpm with financial support from the european union a jurist and sociologist arnaud gaillard is vice president of the réseau d alerte et d intervention pour les droits de l homme raidh who coordinated the 4th world congress against the death penalty in 2010 he is the author of sexualité et prison max milo 2009 and co director of the documentary honk violence among youth in public schools is one of america s most pressing concerns once thought to be something only inner city schools faced it has spread to suburban and rural schools there are no easy solutions to the problem but this book explores what administrators and other school officials can do to structure school safety programs to curb student violence an introduction provides information and statistics about the causes of school violence chapter one considers government legislation and resulting initiatives to reduce youth violence and improve classroom discipline chapter two covers strategies for building a school safety program and offers recommended and tested approaches for creating safety initiatives chapter three provides additional information about school wide strategies and presents model programs that can be implemented at the elementary middle and high school levels chapter four examines character building educational programs and discusses training for teachers and parents chapter five is a directory of is the untold story of a soho robbery and shooting carried out by a 17 year old and his two young accomplices much of the worldwide press reaction at the time focussed on the breakdown of law and order rising youth crime the spread of illegal firearms and the deterrent value of capital punishment concerns that are frequently echoed today a teen girl searches for closure after her brother dies by suicide in this breathtaking novel from the author of learning to breathe and facing the sun karmen is about to start her last year of high school but it s only been six weeks since her brother julian died by suicide how is she supposed to focus on school when huge questions loom why is julian gone how could she have missed seeing his pain could she have helped him when a blowup at school gets karmen sent home for a few weeks life gets more complicated things between her parents are tenser than ever her best friend s acting like a stranger and her search to understand why julian died keeps coming up empty new friend pru both baffles and comforts karmen and there might finally be something happening with her crush isaiah but does she have time for either or are they just more distractions will she ever understand julian s struggle and tragedy if not can she love and live again includes sections on inuit and aboriginal women contains information on criminal justice publications and other materials available from nij s information clearinghouse the national criminal justice reference service ncjrs and other sources this book analyses the issues surrounding the protection of the environment in times of armed conflict and to pose questions as to its adequacy and efficacy but the focus is not simply upon the interpretation of the legal provisions in isolation instead the analysis establishes a benchmark standard of environmental harm against which the adequacy and efficacy of the legal provisions can be measured in a secluded new york city park a double homicide draws two detectives named mckenna one is a legend the other is a brilliant young investigator together they are entering a case that will grow more bizarre and more horrifying with each new piece of shocking evidence one of the victims was tied to a tree and slowly tortured to death veteran detective tommy mckenna realizes that he has seen this killer s work before eighteen years earlier tommy will get a second crack at his killer brian mckenna gets to work with a legend and both men are setting in motion an investigation that will take them to california arizona a costa rican mountaintop and all the way to the far east the two mckennas are on the trail of two human monsters who have been killing for two decades and murder isn t even the worst of their crimes containing a wealth of archival material and statistical data on crime and criminal justice criminal justice in hong kong presents a detailed evaluation of hong kong s criminal justice system both past and present exploring the justice system and the perceptions of popular culture this book demonstrates how the current criminal justice system has been influenced and shaped over time by hong kong s historical position between east and west jones and vagg s examination of the justice system not only takes into account geographical changes like the erection of the border with communist china in 1950 but also insists that any deep understanding of the current system requires a dialogue with the rich and complex narratives of hong kong s history it explores a range of questions including how were hong kong s criminal justice institutions and practices formed what has been its experience of law and order how has hong kong s status as between east and west affected its social political and legal institutions careful and detailed this analysis of one of the most economically successful politically stable and safe yet frequently misrepresented cities is a valuable addition to the bookshelves of all undergraduate and postgraduate students studying asian law this is the first volume of an authoritative three volume treatise on international criminal law the text provides comprehensive treatment of issues relevant to the foundations general part of international criminal law and general principles of international criminal justice the papers in this volume are the applications papers presented at es 2001 the twenty first sges international conference on knowledge based systems and applied artificial intelligence held in cambridge in december 2001 the scope of the application papers has expanded over recent years to cover not just innovative applications using traditional knowledge based systems but also to include applications demonstrating the whole range of ai technologies these papers continue to illustrate the maturity of ai as a commercially viable technology to solve real world problems this is the eighth volume in the applications and innovations in intelligent systems series the series serves as a key reference as to how ai technology has enabled organisations to solve complex problems and gain significant business benefits the technical stream papers from es 2001 are published as a companion volume under the title research and development in intelligent systems xviii includes special sessions
