presents important principles of community development and empowers students to understand the ways in which community development practitioners can work in different contexts author from flinders university south australia

Community Development

1979

community development has been increasingly influenced and co opted by a modernist soulless rational philosophy which has reduced it to a shallow technique for solving community problems and threatens the very legitimacy of community development as an instrument of society s renewal and fulfilment dialogical community development is a courageous ground breaking attempt to re draw the parameters and re map the ground of community development practice by re imagining community as dialogue and hospitality the authors create an alternative vision of community development practice a deep soulful exercise that demands a re examination of personal values and a respect for and solidarity with the groups within the community in a series of conversations on transformative community processes challenges for practitioners and practical care for the multiple dimensions of community life the authors set out the details of this vision highly recommended for students scholars policy makers activists
