effective teaching of modern languages is moving towards the centre of the educational agenda and more and more schools are considering starting pupils on a first foreign language other than french a development encouraged by the national curriculum orders in modern languages diversification in modern language teaching gives language teachers and heads of department the evidence upon which to decide if diversification is right for them it looks at the factors which effect children s learning in this area and at the managerial issues both within and outside the school throughout it argues that the decision must be a purely educational one based on pupil motivation and accessibility as well as on particular local strengths among staff and parents

The Implications of Cost-effectiveness Analysis of Medical Technology : Background Paper #2 1977 first published in 1993 routledge is an imprint of taylor francis an informa company

IAS Mains Paper 2 Governance Constitution, Polity Social Justice & International Relations 2020 2019-10-21 research for the developing world can generate evidence on the effectiveness of foreign aid invent new technologies that serve poor people and strengthen research capabilities in poor countries how do countries determine which of these policy goals to pursue examining the united kingdom canada and australia reveals how each country established a unique approach to research funding programs and grantmaking evolved in response to various expectations across government tempered by the need to remain credible in the scientific community this book explores the histories of the uk department for international development dfid canada s international development

research centre idrc and the australian centre for international agricultural research aciar looking back changes in research governance encouraged a shift towards whole of government priorities shorter timeframes for realizing results and performance predicated on academic productivity and research impact whereas funders used to encourage small is beautiful with local experiments in development today the emphasis is on getting to scale delivering innovation through self financing models looking forward research for the developing world is fading as part of development assistance yet rising as collaboration on common global challenges funders are adopting new definitions of performance and actively shaping policy to connect science and international development leaders are brokering partnerships that connect research governance at home and abroad bridging the incentives towards academic productivity and research impact in short the future of research for the developing world is moving from foreign aid to science diplomacy
