jennifer egan described her pulitzer prize winning novel a visit from the goon squad as a combination of proust and the sopranos in rereading the book ivan kreilkamp takes egan up on her comparison showing how it blends a concern with the status of the novel in the twenty first century with an elegiac meditation on how we experience the passage of time kreilkamp a former music critic examines how egan s characters turn to rock and especially punk in search of community and meaning he considers

what the novel's portrayal of music says about the role of art in contemporary culture as digitization makes older technologies obsolete combining personal and critical reflection he reveals how a visit from the goon squad articulates and responds to the sense of loss many feel as cherished physical objects are replaced with immaterial data for kreilkamp egan's novel compellingly combines the psychological realism of the nineteenth century novel with more recent and transient forms such as the celebrity magazine profile or a powerpoint presentation to provide a self reflective diagnosis of the decay and endurance of literature arranged like egan's novel into a and b sides this book highlights not only how a visit from the goon squad speaks to our mass media and digital present but also its page turning pleasure

colonialism and the modernist moment in the early novels of jean rhys explores the postcolonial significance of rhys's modernist period work which depicts an urban scene more varied than that found in other canonical representations of the period arguing against the view that rhys comes into her own as a colonial thinker only in the post wwii period of her career this study examines the austere insights gained by rhys's active cultivation of her fringe status vis à vis british social life and artistic circles where her sharp study of the aporias of marginal lives and the violence of imperial ideology is distilled into an artistic statement positing the outcome of the imperial venture as a state of homelessness across the board for colonized and metropolitans alike bringing to view heretofore overlooked émigré populations or their children alongside locals rhys's urbanites struggle to construct secure lives not simply as a consequence of commodification alienation or voluntary expatriation but also as a consequence of marginalization and migration this view of rhys's early work asserts its vital importance to postcolonial studies an importance that has been overlooked owing to an over hasty critical consensus that only one of her early novels contains significant colonial content yet as this study demonstrates proper consideration of colonial elements long considered only incidental illuminates a colonial continuum in rhys's work from her earliest publications
