excerpt from english drama in the following pages an endeavour is made to tell in scale and with a due regard to proportion the story of english drama from its beginnings in the miracle play and morality to the performance of sheridan s critic in the year 1779 a concluding chapter presents a sketch of the course of the drama since that time in outline and by way of suggestion and no more to have completed the book on the same scale would have demanded another volume but a better reason for the course here pursued is to be found in the circumstance that by the time of sheridan almost the last vestige of the original dramatic impulse had been lost the impulse that begot marlowe and shakespeare and carried the great traditions of their art over the
