 young refugees and forced displacement is about young syrian and iraqi refugees navigating the  
 complex realities of forced displacement in beirut it is based on a british academy funded two year project with 51 displaced  
 youths aged 8 to 17 and under the care of three local humanitarian organisations focus groups interviews and innovative arts  
 based methods were used to learn about their everyday lives at the end of the project we coproduced with them a public mural  
 allowing unexpected epistemological and methodological reflections on researching refugees and the right to opacity families and  
 friendships humanitarian caregiving racism discrimination and everyday decencies and civilities make up the stuff of their ordinary  
 everyday encounters within refugeedom defining both its sharper edges and its more inadvertent and quietly political ones thus  
 refugeedom as we conceive it includes the humanitarian condition but goes a little beyond it to become also a human condition of  
 political alterity in navigating refugeedom the young syrians and iraqis become sophisticated political and moral actors using  
 emotional reflexivity as they engage layered subjectivities to define the terms of their own forced displacement this book will be of  
 interest to policymakers humanitarian organisations social science scholars and students working on refugees displacement  
 humanitarianism intimacies and emotions racism and discrimination it may also be of interest to displaced youth
