unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

Behold, America 2018-10-09

a smithsonian magazine best history book of 2018 the unknown history of two ideas crucial to the struggle over what america stands for in behold america sarah churchwell offers a surprising account of twentieth century americans fierce battle for the nation s soul it follows the stories of two phrases the american dream and america first that once embodied opposing visions for america starting as a republican motto before becoming a hugely influential isolationist slogan during world war i america first was always closely linked with authoritarianism and white supremacy the american dream meanwhile initially represented a broad vision of democratic and economic equality churchwell traces these notions through the 1920s boom the depression and the rise of fascism at home and abroad laying bare the persistent appeal of demagoguery in america and showing us how it was resisted at a time when many ask what america s future holds behold america is a revelatory unvarnished portrait of where we have been

America and the Americans 1951

d souza explains what is so great about america and why that greatness inspires critics and terrorism alike what s so great about america defends not only the idea of america but also america as it is with all its follies ugliness and flaws

Energy, Agreements Between the United States of America and Japan, Amending and Extending the Agreement of May 2, 1979, as Extended, Effected by Exchange of Notes, Signed at Washington February 1, 1990 with Related Exchange of Letters and Extending Protocol, and Signed at Tokyo January 13, 1995 1999

the continuing relationship between america and the holy land has implications for american and jewish history which extend beyond the historical narrative and interpretation the devotion of americans of all faiths to the holy land extends into the spiritual realm and the holy land in turn penetrates american homes patterns of faith and education in this book davis illuminates the interconnection of americans and the holy land in historical perspective and delineates unique elements inherent in this relationship the role of zion in american spiritual history in the christian faith in jewish tradition and communal life and the impress of biblical place names on the map of america as well as american settlements and institutions in the state of israel the book concludes with an annotated select bibliography of primary sources on america and the holy land

What's So Great about America 2002

social spending is a powerful tool to reduce poverty achieve higher equality and better life conditions for the inhabitants of a country in social expenditure in central america panama and the dominican republic 2007 2013 a characterization of the different variables that have taken social expenditure to its current position is performed during the economic crisis period many governments of the region confront this situation with an increase in social expenditures however part of the increase was centered on inflexible items particularly wages which facilitated the increase in fiscal deficits and consequently on public debt thus after the financial crisis the fiscal situation has reduced governments buffers to respond to economic shocks which imply that we need to examine the fiscal policy given its rigidity the scarcity of public resources and the institutional contract the study of wage bill increases provides more information related to the causes of this dynamic and allow us to offer recommendations to improve spending management without threatening public finances a better use of resources could contribute to define a more efficient and equitable agenda for the countries in the region finally something that was not deeply explored as of today is the institutional complexity and how this could facilitate or hinder the government s ability to express its fiscal policy including the effectiveness in the use of public resources

America and the Holy Land 1995-01-24

although the twenty first century may well be the age of globalization this book demonstrates that america has actually been at the cutting edge of globalization since columbus landed here five centuries ago lawrence a peskin and edmund f wehrle explore america s evolving connections with europe africa and asia in the three areas that historically have been indicators of global interaction trade and industry diplomacy and war and the soft power of ideas and culture framed in four chronological eras that mark phases in the long history of globalization this book considers the impact of international events and trends on the american story as well as the influence america has exerted on world developments peskin and wehrle discuss how the nature of this influence whether economic cultural or military fluctuated in each period they demonstrate how technology and disease enabled europeans to subjugate the new world how colonial american products transformed europe and africa and how post revolutionary american ideas helped foment revolutions in europe and elsewhere next the authors explore the american rise to global economic and military superpower and how the accumulated might of the united states alienated many people around the world and bred dissent at home during the civil rights movement america borrowed much from the world as it sought to address the crippling social questions of the day at the same time that americans especially african americans offered a global model for change as the country strove to address social racial and gender inequality lively and accessible america and the world draws on the most recent scholarship to provide a historical introduction to one of today s vital and misunderstood issues

Social Expenditure in Central America, Panama and the Dominican Republic at a Glance 2016-03-01

central america panama and the dominican republic coped well with the global financial crisis of 2008 09 the impact was generally less severe and shorter lived than in previous episodes the balance of payments adjustment was orderly and the stability of the financial system was not compromised this resilience can be attributed to a large extent to the strengthening of the fiscal frameworks monetary management and financial reforms conducted in the years preceding the global crisis nevertheless the region faces considerable challenges for the period ahead including the need to raise medium term growth above historical levels and protect macroeconomic and financial stability this book argues that meeting these challenges will have to come from within in light of the anticipated modest demand growth from trade partners raising growth in the region will depend on the adoption of structural reforms that generate substantial productivity gains rebuilding fiscal space and securing debt sustainability will hinge on efforts to increase tax revenue and reorienting spending to social and investment priorities in the non officially dollarized economies it will also be essential to strengthen the monetary policy frameworks to keep inflation low and increase exchange rate flexibility and improve financial regulation and supervision

America and the World 2011-12-01

baptists in america began the eighteenth century a small scattered often harassed sect in a vast sea of religious options by the early nineteenth century they were a unified powerful and rapidly growing denomination poised to send missionaries to the other side of the world one of the most influential yet neglected leaders in that transformation was oliver hart longtime pastor of the charleston baptist church oliver hart and the rise of baptist america is the first modern biography of hart arguably the most important evangelical leader in the pre revolutionary south during his thirty years in charleston hart emerged as the region s most important baptist denominational architect his outspoken patriotism forced him to flee charleston when the british army invaded charleston in 1780 but he left behind a southern baptist people forever changed by his energetic ministry hart s accommodating stance toward slavery enabled him and the white baptists who followed him to reach the center of southern society but also eventually doomed the national baptist denomination of hart s dreams more than a biography oliver hart and the rise of baptist america seamlessly intertwines hart s story with that of eighteenth century american baptists providing one of the most thorough accounts to date of this important and understudied religious group s development this book makes a significant contribution to the study of baptist life and evangelicalism in the pre revolutionary south and beyond

The Treaty Between the United States of America and China 1849

draws on mid seventeenth to nineteenth century slave narratives to describe oppression in the lives of enslaved african women investigates pre colonial west and west central african women s lives prior to european arrival to recover the cultural traditions and religious practices that helped enslaved women combat violence and oppression

first published in 1974 england and the discovery of america places the early explorations of the english in north america in the broad context of 15th and 16th century history marshalling evidence that cannot be pushed aside and sifting a mass of fascinating detail including problems of cartography and the vinland map controversy professor quinn presents circumstantial indications pointing to 1481 as the date of the discovery of america by bristol voyagers fishermen seeking new sources of cod and merchant sailors with maps carrying promise of unexploited atlantic islands whereas england did little to follow up her early lead quinn demonstrates that english initiatives from the 1580s onward though slow were of great importance he brings to life the men involved in a variety of rash and heroic experiments in colonization and casts new light on their fates he makes it clear that it was this very profusion of trial and error and trail again as well as the conviction that settlement in temperate latitudes in north america could be effective if tenaciously enough sought that enabled the english to strike and maintain routes in their new american world this book will be of interest to students of english history american history colonial history and naval history

Memoir, Historical and Political, on the Northwest Coast of North America, and the Adjacent Territories 1840

preface what am i to say to precede this cubist impression picture of a great country odd notes at odd moments often made at lightning speed and under all sorts of circumstances and conditions lie herein if you write about america and dont lay eulogy on with a spoon you will never be able to set foot in the united states of america again they will hate you so said a friend i dont believe it americans are older and wiser and kinder nowadays and will accept the good and the bad and the honesty of both i feel sure my first visit to the united states was in 1900 1901 on my way to mexico to write mexico as i saw it which has run into many editions since then it appeared at five dollars with three hundred illustrations and is now brought up to date and published in abridged form at twenty five cents cheap sales of goods generally mean deterioration but cheap editions of books luckily denote the popularity of the originals my second visit to america was in the winter of 1904 when a telegram received in chicago from ex president general diaz invited me to return to mexico for his seventh election it was then i commenced porfirio diaz the maker of modern mexico after much persuasion for he is a strangely reserved man he supplied diaries maps and private letters and the book has been translated into other tongues in the autumn of 1912 i crossed the atlantic again this time on pleasure bent and to have a holiday and a good time generally after completing my thirteenth book entitled thirteen years of a busy womans life which in a few months was in its fourth edition the new york times then asked me for a series of articles on america i refused for america has been hypersensitive and antagonistic even to friendly criticisms but on consideration i accepted the compliment and when the publishers wished these articles enlarged for a book finally arranged with the macmillan company of new york to write america as i saw it one day four months later a woman came into my cabin off brazil at easter 1913 and asked to see a book in the making the manuscript was unearthed from under the pillows which acted as paper weights on the sofa and as the leaves were turned over she exclaimed why all the paper is different shapes and sizes and all the pages different types she was right it was a mighty untidy production the first pages in black letters i explained were dictated straight to a machine beside my bed before breakfast in chicago this official business paper was done from shorthand notes by a secretary in ottawa the small type on smaller paper was dictated at odd moments to a stenographer in new york who took her shorthand notes away and duplicated them these larger pages on thin paper were typed at the british legation in buenos ayres from manuscript written at sea between new york and the argentine lastly these purple pages were typed on board the yandyck between buenos ayres and southampton from pencil scratchings made at an argentine ranch in tropical heat in february these untidy scribblings have been put together from rough notes during forty nine days voyaging often on stormy seas hence this curious jumble and now you know how a book should no be written people who find it difficult to concentrate their thoughts at sea sufficiently to read a book may realise a tiny bit what it means to write one twenty six thousand miles alone without a maid or a secretary made writing a hard task is it finished she asked no not yet

Latin America and the Caribbean 1992

this report provides an overview of foreign direct investments fdi flows to and from latin america and the caribbean in 2007 it also examines the recent activities of transnationals in the region and of trans latins outside their home countries it further explores three topics investment in hardware for information and communications technologies ict investment in telecommunications services and canadian investment in latin america and the caribbean

Central America, Panama, and the Dominican Republic 2012-07-16

in the transatlantic world of the late eighteenth century easterly winds blew radical thought to america thomas paine had already arrived on these shores in 1774 and made his mark as a radical pamphleteer during the revolution in his wake followed more than 200 other radical exiles english dissenters whigs and painites scottish lads o parts and irish patriots who became

influential newspaper writers and editors and helped change the nature of political discourse in a young nation michael durey has written the first full scale analysis of these radicals evaluating the long term influence their ideas have had on american political thought transatlantic radicals uncovers the roots of their radicalism in the old world and tells the story of how these men came to be exiled how they emigrated and how they participated in the politics of their adopted country nearly all of these radicals looked to paine as their spiritual leader and to thomas jefferson as their political champion they held egalitarian anti federalist values and promoted an extreme form of participatory democracy that found a niche in the radical wing of jefferson s republican party their divided views on slavery however reveal that democratic republicanism was unable to cope with the realities of that institution as political activists during the 1790s they proved crucial to jefferson s 1800 presidential victory then after his views moderated and their influence waned many repatriated others drifted into anonymity and a few managed to find success in the new world although many of these men are known to us through other histories their influence as a group has never before been so closely examined durey persuasively demonstrates that the intellectual ferment in britain did indeed have tremendous influence on american politics his account of that influence sheds considerable light on transatlantic political history and differences in religious political and economic freedoms skillfully balancing a large cast of characters transatlantic radicals depicts the diversity of their experiences and shows how crucial these reluctant émigrés were to shaping our republic in its formative years

Oliver Hart and the Rise of Baptist America 2020-08-01

this volume analyses south american regional and international cooperation during the covid19 crisis started in 2020 across thirteen chapters a collection of leading experts address how regional collaboration has developed evolved and recoiled the chapters explore the state of regionalism at the pandemic surge and the challenges and opportunities this situation has opened for regional and international cooperation authors analyze the role of extra regional powers and traditional regional leaders during the pandemic identifying the extent to which regional cooperation has been possible across several policy agendas they argue that fragmented visions of regionalism ideological polarization and weak leadership has prevailed from before the pandemic which accompanied by adverse interactions among major powers has ensured that cooperation has remained bilateral rather than regional ultimately all these factors have created a complex scenario in which disintegration dynamics have emerged darkening even more the south american regional panorama regional and international cooperation in south america after covid will be an invaluable resource for students scholars and policy specialists of regionalism and regional integration latin american studies international relations and international political economy

Enslaved Women and the Art of Resistance in Antebellum America 2009-09-28

unlike dry history books what makes america great is written in a breezy personal style it makes history come alive with humanizing stories about the men and women who made america great chapter 1 provides objective proof of america s greatness using a lot of statistics chapters 2 and 3 cover the early history of america and explain why we revolted chapter 4 explains our victory over england in the american revolution a tremendous upset few americans know how the colonists achieved this astounding feat some modern debunkers like to say that our founding fathers acted out of selfishness rather than principle chapter 5 shows the idealism of our founders and details the sacrifices made by the signers of the declaration of independence our founding fathers were faced with the exciting but daunting task of creating an entirely new kind of country well educated men they based the united states on principles developed by the world s greatest philosophers chapter 6 starts with moses and goes through locke and voltaire each philosopher s ideas are related to american ideals the declaration and the constitution are the two greatest publications mankind has ever known but they weren t created out of thin air chapter 7 discusses the precedents our forefathers studied before drafting these two great documents in chapter 8 each american war is discussed in the light of whether it was just or unjust chapter 9 covers the role of immigrants in shaping america it shows the challenges obstacles and contribution of each immigrant group no country is perfect not even america chapter 10 discusses the five areas in which america has done wrong indians slaves women prejudice and education chapter 11 is a glimpse into the future of america

England and the Discovery of America, 1481-1620 2023-08-18

excerpt from democracy and the eastern question the problem of the far east as demonstrated by the great war and its relation to the united states of america this work is not presented as a non partizan or an impartial discussion of the subject it could not be that for it embodies the deep convictions formed and accumulated in the course of years of close contact with the matters at issue and the opinions which i hope shine through the presentation of the material were born in the process of living with the problem few foreigners that is few westerners could live in the far east during the last twenty years and still be impartial on the questions included in the position of china and her contacts with japan some of the facts and much of the criticism presented in

the following pages were suppressed or repressed during the great war for reasons at times connected with the war politics of nations and at times because of legal restraints upon their publication that time of restricted publicity has passed with the need or the fancied need for it and foreign residents of china and japan now feel that the truth and nothing less than the whole truth about these matters should be known to western peoples the design of this work therefore is to present the case as it appears to an overwhelming majority of foreign residents of the east i have not encumbered the book by giving much of the contrary side of events and of the contrary arguments as in the case of germany and the responsibility of the german military party for the great war the evidence is decisively preponderating although in this case japan like germany can put in a more or less plausible defense i leave that defense to the extensive japanese propaganda in america and elsewhere about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

America as I Saw It; Or, America Revisited 2008-10-07

essays analyze the policies of the united states government toward el salvador nicaragua honduras and the other countries of central america

Foreign Investment in Latin America and the Caribbean 2007 2008-10

in this fascinating travelogue the author presents a vivid portrait of america and its people as seen through the eyes of a frenchman from the bustling streets of new york to the vast landscapes of the midwest collier provides a fresh and compelling perspective on the country and its culture this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Women in Latin America and the Caribbean 1991

a new york times book review editors choice selection one of president bill clinton s best things i ve read this year from the acclaimed historian and new yorker writer comes this urgent manifesto on the dilemma of nationalism and the erosion of liberalism in the twenty first century at a time of much despair over the future of liberal democracy jill lepore makes a stirring case for the nation in this america a follow up to her much celebrated history of the united states these truths with dangerous forms of nationalism on the rise lepore a harvard historian and new yorker staff writer repudiates nationalism here by explaining its long history and the history of the idea of the nation itself while calling for a new americanism a generous patriotism that requires an honest reckoning with america s past lepore begins her argument with a primer on the origins of nations explaining how liberalism the nation state and liberal nationalism developed together illiberal nationalism however emerged in the united states after the civil war resulting in the failure of reconstruction the rise of jim crow and the restriction of immigration much of american history lepore argues has been a battle between these two forms of nationalism liberal and illiberal all the way down to the nation s latest bitter struggles over immigration defending liberalism as this america demonstrates requires making the case for the nation but american historians largely abandoned that defense in the 1960s when they stopped writing national history by the 1980s they d stopped studying the nation state altogether and embraced globalism instead when serious historians abandon the study of the nation lepore tellingly writes nationalism doesn t die instead it eats liberalism but liberalism is still in there lepore affirms and this america is an attempt to pull it out in a world made up of nations there is no more powerful way to fight the forces of prejudice intolerance and injustice than by a dedication to equality citizenship and equal rights as guaranteed by a nation of laws a manifesto for a better nation and a call for a new americanism this america reclaims the nation s future by reclaiming its past

Transatlantic Radicals and the Early American Republic 1997

instant interpretive history is a difficult and demanding task and certainly more of an art than some would suggest usa and the world describes not only what happened but puts events in the context of the past and criticizes policy actions as appropriate the result goes deeper than most of what appears in current publications updated annually and part of the renowned world today series usa and the world presents an unusually penetrating look into america and its relationship to the rest of the world

the combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students now in its tenth edition the content is thorough yet perfect for a one semester introductory course or general library reference available in both print and e book formats and priced low to fit student budgets

AMERICA AND THE NEXT WAR 2018

this book seeks offers accounts of the ways in which chinese engagement with latin america will shape the regional and global order with impacts for development peace and equity it also pays close attention to the traditional role played by the usa in the region how china differs and the increasingly triangular relationship between the usa china and latin american countries the contributors analyze various economic dimensions including trade infrastructure and finance and the historical sectoral regional and national stories seek to change the narrative on china latin american relations in particular the book argues that there are opportunities for international cooperation to secure gains in the region but only if the us and china alter their behavior and latin american countries work collectively and in more coordinated fashion together the chapters offer coherent social science analysis policy frameworks and empirical detail to understand and navigate increased chinese engagement with latin america

Regional and International Cooperation in South America After COVID **2022-07-22**

from the new york times bestselling author of the pentagon s new map a bold trenchant analysis of the post bush world in great powers new york times bestselling author and prominent political consultant thomas barnett provides a tour de force analysis of the grand realignments in the post bush world in the spheres of economics diplomacy defense technology security the environment and more the great powers are no longer just the world s nation states but the most powerful and dynamic influences on the global stage requiring not simply a course correction but a complete recalibration globalization as it exists today was built by america and now barnett says it s time for america to shape and redefine what comes next

What Makes America Great? 2003-06

excerpt from thoughts on the present state of affairs with america and the means of conciliation connexions are fituated on the other have all along balanced my mind in fuch a manner as to prevent itml t my running into the extremes of either party and as i feel myself incapable of being influenced by any bafe motive 10 my care to avoid political connexions of all kinds has i hope preferved my underf tanding in fome de gree at leaf to from being warped upon this occa fwn if therefore my talents were equal to the talk of canvaing properly this great quel tion there is nothing to obfruet my doing it in a fair candid and impartial manner about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Latin America and the United States 1922

a new york times notable book of the year a hugely ambitious delightfully readable genuinely informative portrait the new york times of the two centuries long entwined histories of iran and america two powers who were once allies and now adversaries by an admired historian and former journalist in this rich fascinating history john ghazvinian traces the complex story of the relations between these two nations back to the persian empire of the eighteenth century the subject of great admiration by thomas jefferson and john quincy adams and an america seen by iranians as an ideal to emulate for their own government drawing on years of archival research both in the united states and iran including access to iranian government archives rarely available to western scholars the iranian born oxford educated historian leads us through the four seasons of u s iran relations the spring of mutual fascination the summer of early interactions the autumn of close strategic ties and the long dark winter of mutual hatred ghazvinian makes clear where how and when it all went wrong america and iran shows why two countries that once had such heartfelt admiration for each other became such committed enemies and why it didn t have to turn out this way

Democracy and the Eastern Question 2019-02-05

letters to america was written to energize americans at a time of economic stress and self doubt by reading of the sacrifices the previous american generations that often endured everyday hardships beyond the comprehension of those of us with running

water challenges confronting individual modern americans pale in comparison starvation and hardship was a given for the early settlers and yet somehow they persevered and through the fruits of their labors and the tenacity of subsequent immigrants and their descendants the united states of america grew and flourished do we have the work ethic and perseverance today of our forefathers do modern americans even know what true suffering is tom blair believes that americans can come together to solve this country s problems but they will need to be able to sacrifice and work like those who have come before us a blending of forrest gump roots and a profiles in courage populated by characters from the country s past letters to america is a compilation of twelve letters each a chapter told in first person by fictional americans about their everyday lives the voices are entirely distinct men women and children white black native american jewish spanning four centuries from early american settlers in jamestown in the 1620s to modern day corporate lunches in mid town manhattan yet the stories are loosely linked by subtle resonances and the letters have a cumulative effect that is both humbling and deeply affecting filled with hope for a future that can be as inspirational as our past
